

“Houses—Apartments—Mobile Homes” and OS–2001, covering “Trailer Spaces.”

This collection of information provides data that helps DOI and the other Federal agencies to manage GFH in accordance with the requirements of OMB Circular A–45 (Revised). If this information were not collected from the public, DOI and the other Federal agencies required to provide GFH would be required to use professional appraisals of open market rental costs for GFH, again, in accordance with OMB Circular A–45, but at an increased cost to the taxpayer.

II. Data

(1) *Title*: Private Rental Survey.

OMB Control Number: 1084–0033.

Current Expiration Date: September 30, 2013.

Type of Review: Information Collection Renewal.

Affected Entities: Individuals or households, businesses and other for profit institutions.

Estimated annual number of respondents: OS–2000: 3,841; OS–2001: 200; Total: 4,041.

Frequency of responses: Once per respondent every fourth year. **Note**: Three or four of 15 total survey regions are surveyed every year. Therefore a respondent may be potentially be surveyed every fourth year, if an individual respondent lives in the same unit and the exact same unit happens to be surveyed again four years later. In addition, if an individual business is a significant rental property owner or rental property manager in the community they may provide multiple responses in the same survey.

(2) *Annual reporting and recordkeeping burden*: Estimated burden per response: OS–2000: 8 minutes; OS–2001: 6 minutes.

Average number of estimated annual responses: OS–2000: 3,804 (average); OS–2001: 200 (average).

Total estimated average annual reporting: OS–2000: 507 hours; OS–2001: 20 hours, Total: 527 hours.

(3) *Description of the need and use of the information*: This information collection provides the data that enables DOI to determine open market rental costs for GFH. These rates, in turn, enable DOI and other Federal agencies to set GFH rental rates in accordance with the requirements of OMB Circular A–45 (Revised).

III. Request for Comments

The Departments invite comments on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the

agencies, including whether the information will have practical utility;

(b) The accuracy of the agencies' estimate of the burden of the collection of information and the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information technology.

“Burden” means the total time, effort, and financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and use technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, and to complete and review the collection of information; and to transmit or otherwise disclose the information.

All written comments, with names and addresses, will be available for public inspection. If you wish us to withhold your personal information, you must prominently state at the beginning of your comment what personal information you want us to withhold. We will honor your request to the extent allowable by law. If you wish to view any comments received, you may do so by scheduling an appointment with the point of contact given in the **ADDRESSES** section. A valid picture identification is required for entry into the Department of the Interior.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

It reports to the Secretary of the Interior through the Federal Geographic Data Committee (FGDC) and functions solely as an advisory body. The Committee provides recommendations and advice to the Department and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The NGAC includes up to 30 members, selected to generally achieve a balanced representation of the viewpoints of the various partners involved in national geospatial activities. NGAC members are appointed for staggered terms, and approximately one-half of the positions on the committee will be appointed during this round of appointments. Nominations will be reviewed by the FGDC and additional information may be requested from nominees. Final selection and appointment of committee members will be made by the Secretary of the Interior. Individuals who are currently federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils.

The Committee meets approximately 3-4 times per year. Committee members will serve without compensation, but travel and per diem costs will be provided by USGS. The USGS will also provide necessary support services to the Committee. Committee meetings are open to the public.
