Health Resources and Services Administration

Notice of Availability of Policy Document

AGENCY: Health Resources and Services Administration (HRSA), HHS.

ACTION: Final Agency Guidance and Opportunity for Public Comments on Draft Section.

SUMMARY: HRSA is publishing Agency Guidance (“Policy Information Notice” (PIN) 2013-01) to provide clarification on the budgeting and accounting requirements for federally-funded health centers and Look-Alikes. The PIN, “Health Center Budgeting and Accounting Requirements” is available on the Internet at <http://bphc.hrsa.gov/policiesregulations/policies/pin201301.html>.

Background: HHS’ Health Resources and Services Administration (HRSA) provides grants to eligible health centers under section 330 of the Public Health Service Act to support the delivery of preventive and primary care services to medically underserved communities and vulnerable populations. In 2012, grants helped fund more than 1,200 health center grantees that provided services at nearly 9,000 health care delivery sites and served more than 21 million people. There are also over 100 Look-Alikes. Look-Alikes, as described in section 1861(aa)(4) and section 1905(l)(2)(B) of the Social Security Act, do not receive federal funding under section 330 of the PHS Act; however, to receive the Look-Alike designation and benefits, Look-Alikes must meet the statutory, regulatory, and policy requirements for health centers programs under section 330.

Under 45 CFR Part 74, a key requirement of the Health Center Program is for a health center to establish a budget that reflects the cost of operations, expenses, and revenues necessary to accomplish the service delivery plan. All section 330-funded health centers and Look-Alikes must prepare a budget that meets these requirements. The purpose of this PIN is to provide clarification regarding budgeting and accounting requirements

for health centers to ensure transparency and accountability.

In addition to making the final PIN available on HRSA’s Web site, HRSA is also making available a section of this PIN for public comment. HRSA will review and analyze all comments on this section and issue final PIN. When finalized, this section of the PIN will supersede all other previous Health Center Program guidance and policy issued on this program requirement.

DATES: The agency must receive nominations on or before August 9, 2013.

ADDRESSES: All nominations are to be submitted to the Director, Division of Vaccine Injury Compensation, Healthcare Systems Bureau (HSB), HRSA, Parklawn Building, Room 11C-26, 5600 Fishers Lane, Rockville, Maryland 20857.

The ACCV advises the Secretary on the implementation of the VICP. The activities of the ACCV include: Recommending changes in the Vaccine Injury Table at its own initiative or as the result of the filing of a petition; advising the Secretary in implementing section 2127 regarding the need for childhood vaccination products that result in fewer or no significant adverse reactions; surveying federal, state, and local programs and activities related to gathering information on injuries associated with the administration of childhood vaccines, including the adverse reaction reporting requirements of section 2125(b); advising the Secretary on the methods of obtaining, compiling, publishing, and using credible data related to the frequency and severity of adverse reactions associated with childhood vaccines; consulting on the development or revision of the Vaccine Information Statements; and recommending to the Director of the National Vaccine Program that vaccine safety research be conducted on various vaccine injuries.

The ACCV consists of nine voting members appointed by the Secretary as follows:

(1) Three health professionals, who are not employees of the United States Government, and who have expertise in the health care of children, and the epidemiology, etiology, and prevention of childhood diseases, and the adverse reactions associated with vaccines, of whom at least two shall be pediatricians; (2) three members from the general public, of whom at least two shall be legal representatives (parents or guardians) of children who have suffered a vaccine related injury or death; and (3) three attorneys, of whom at least one shall be an attorney whose specialty includes representation of persons who have suffered a vaccine-related injury or death, and of whom one shall be an attorney whose specialty includes representation of vaccine manufacturers. Potential candidates will be asked to provide detailed information concerning consultancies, research grants, or contracts to permit evaluation of possible sources of conflicts of interest. A curriculum vitae or resume should be submitted with the nomination.

The Department of Health and Human Services (HHS) strives to ensure that the membership of the HHS Federal Advisory Committee is fairly balanced in terms of points of view presented and the committee's function. Every effort is made to ensure that the views of women, all ethnic and racial groups, and people with disabilities are represented on HHS Federal Advisory Committees and, therefore, the Department encourages nominations of qualified candidates from these groups.
