

Information Collection Request Title: Scholarships for Disadvantaged Students Program OMB No. 0915-0149—Renewal

The purpose of the Scholarships for Disadvantaged Students (SDS) Program is to provide funds to eligible schools to provide scholarships to full-time, financially needy students from disadvantaged backgrounds enrolled in health professions and nursing programs.

To qualify for participation in the SDS program, a school must be carrying out a program for recruiting and retaining students from disadvantaged backgrounds, including students who are members of racial and ethnic

minority groups (section 737(d)(1)(B) of the PHS Act). A school must meet the eligibility criteria to demonstrate that the program has achieved success based on the number and/or percentage of disadvantaged students who graduate from the school. In awarding SDS funds to eligible schools, funding points must be given to schools based on the proportion of graduating students going into primary care, the proportion of underrepresented minority students, and the proportion of graduates working in medically underserved communities (section 737(c) of the PHS Act).

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain,

disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form	Number of respondents	Number of responses per respondent	Total responses	Hours per response	Total hour burden
Application	400	1	400	13	5,200
Total	400	1	400	13	5,200

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Information Collection Request Title: Health Center Program Application Forms

OMB No. 0915-0285—Revision
Abstract: Health centers (section 330 grant funded and Federally Qualified Health Center Look-Alikes) deliver comprehensive, high quality, cost-effective primary health care to patients regardless of their ability to pay. Health centers have become an essential primary care provider for America's most vulnerable populations. Health centers advance the preventive and primary medical/health care home

model of coordinated, comprehensive, and patient-centered care, coordinating a wide range of medical, dental, behavioral, and social services. More than 1,200 health centers operate nearly 9,000 service delivery sites that provide care in every state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and the Pacific Basin.

The Health Centers Program is administered by HRSA's Bureau of Primary Health Care (BPHC). HRSA/BPHC uses the following application forms to oversee the Health Center Program. These application forms are used by new and existing health centers to apply for various grant and non-grant opportunities, renew their grant or non-grant designation, and change their scope of project.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested.
