| 1604(f) .....                           | Check traveling-block safety device for proper operation weekly and after each drill-line slipping; enter results in log.                                                                                                                 | 15 minutes.                     |
| 1605(c) .....                           | Report oceanographic, meteorological, and drilling unit performance data upon request.                                                                                                                                                    | 1.                              |
| 1609(a) .....                           | Pressure test casing; record time, conditions of testing, and test results in log .....                                                                                                                                                   | 2.                              |
| 1611(d)(3); 1625(d)(3) .....            | Record in driller's report the date, time, and reason for postponing pressure testing                                                                                                                                                     | 10 minutes.                     |
| 1611(f), (g); 1625(f), (g) .....        | Conduct tests, actuations, inspections, maintenance, and crew drills of BOP systems at least weekly; record results in driller's report; certify by representative; retain records for 2 years following completion of drilling activity. | 6.                              |
| 1613(d) .....                           | Pressure test diverter sealing element/valves weekly; actuate diverter sealing element/valves/control system every 24 hours; test diverter line for flow every 24 hours; record test times and results in driller's report.               | 2.                              |
| 1616(c) .....                           | Retain training records for lessee and drilling contractor personnel .....                                                                                                                                                                | Burden covered under 1014–0008. |
| 1619(a); 1623(c) .....                  | Retain records for each well and all well operations for 2 years; calculate well-control fluid volume and post near operators' station.                                                                                                   | 12.                             |
| 1621 .....                              | Conduct safety meetings prior to well-completion or well-workover operations; record date and time.                                                                                                                                       | 1.                              |
| 1628(b), (d) .....                      | Maintain information on approved design and installation features for the life of the facility.                                                                                                                                           | 1.                              |
| 1629(b)(1)(ii) .....                    | Retain pressure-recording charts used to determine operating pressure ranges for 2 years.                                                                                                                                                 | 12.                             |
| 1630(b) .....                           | Maintain records for each safety device installed for 2 years; make available for review.                                                                                                                                                 | 1.                              |
| 1631 .....                              | Conduct safety device training prior to production operations and periodically thereafter; record date and time.                                                                                                                          | 1.                              |
| 1634(b) .....                           | Report evidence of mishandling of produced sulphur or tampering or falsifying any measurement of production.                                                                                                                              | 1.                              |

**Estimated Reporting and Recordkeeping Non-Hour Cost Burden:** There are no non-hour cost burdens associated with this collection.

**Public Disclosure Statement:** The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

**Comments:** Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “. . . to provide notice . . . and otherwise consult with members of the public and affected agencies concerning each proposed collection of information . . .”. Agencies must specifically solicit comments to: (a) Evaluate whether the collection is necessary or useful; (b) evaluate the accuracy of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of technology.

Agencies must also estimate the non-hour paperwork cost burdens to respondents or recordkeepers resulting from the collection of information.

Therefore, if you have other than hour burden costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. For further information on this burden, refer to 5 CFR 1320.3(b)(1) and (2), or contact the Bureau representative listed previously in this notice.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

**Public Comment Procedures:** Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**BSEE Information Collection Clearance Officer:** Cheryl Blundon, (703) 787–1607.

Dated: June 27, 2013.

**Endangered and Threatened Species; Permits**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of issuance of permits.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, have issued the following permits to conduct certain activities with endangered species under the authority of the Endangered Species Act, as amended (Act).

**FOR FURTHER INFORMATION CONTACT:** Kathy Konishi, Permit Coordinator Ecological Services, (303) 236–4212 (phone); *permitsR6ES@fws.gov* (email).

**SUPPLEMENTARY INFORMATION:** We have issued the following permits in response to recovery permit applications we

received under the authority of section 10 of the Act (16 U.S.C. 1531 *et seq.*). Each permit listed below was issued only after we determined that it was

applied for in good faith, that granting the permit would not be to the disadvantage of the listed species, and that the terms and conditions of the

permit were consistent with purposes and policy set forth in the Act.

| Applicant name                                               | Permit No. | Date issued | Date expired |
