

Consolidation of the operations into one facility increases efficiency of DLA operations and reduces operational costs. The consolidation would not substantially alter other non-DLA operations at the Sharpe site and the federal government will continue ongoing environmental restoration efforts at the Sharpe Site following the permit relinquishment.

Proposed Action and Alternatives: Under the proposed action, DLA would relinquish occupancy and use of the property and return the Sharpe Site to the Army who owns the land and the improvements thereon. DLA wants to consolidate activities currently performed at the Sharpe Site to its existing facilities at the Tracy Site and potentially other DLA facilities. Land and improvements associated with the property would be conveyed back to the Army. The Army would assume all management responsibilities associated with the property. No new construction or ground disturbing activities at the Tracy Site would result from the proposed action. As an alternative to the proposed action, DLA considered taking no action. The no action alternative would have maintained existing conditions through continued occupancy and use of the facility by DLA. Under this alternative, the Army would not resume occupancy and use of the property and DLA would continue to operate the facility until the conclusion of its current permit on April 11, 2020. The no action alternative would not satisfy the project's purpose and need; however, the alternative was included in the environmental analysis to provide a baseline for comparison with the proposed action and was analyzed in accordance with Council on Environmental Quality regulations for implementing NEPA.

An additional alternative was considered, but eliminated from further consideration. This alternative included relocating Sharpe operations to a nearby commercially available site. This alternative was dismissed from further consideration because there would be additional security risks associated with operations conducted at non-secured facilities, as well as additional operational costs.

Potential Environmental Impacts: Potential environmental impacts of the proposed action have been assessed and compared to the impacts of the no action alternative. The proposed action is expected to have the following impacts:

- Minor short-term adverse impacts to air quality, noise, and traffic during the transportation of supplies and

materials from the Sharpe Site to other DLA facilities.

- A reduction in traffic at the Sharpe Site, which would lessen potential traffic-related affects to burrowing owls with a long-term negligible beneficial impact on the biological resources at the Sharpe Site.

- A reduction in the work force at the Sharpe Site and an increased work force at the Tracy Site. As such, there would be a long-term negligible adverse impact on the socioeconomic resources on the local Lathrop area and a long-term negligible beneficial impact on the socioeconomic resources on the local Tracy area.

- A temporary increase in economic activities resulting in a short-term and negligible economic beneficial impact for the local economies.

Determination: DLA has determined that implementation of the proposed action will not have a significant effect on the human environment. Human environment was interpreted comprehensively to include the natural and physical environment and the relationship of people with that environment. Specifically, no highly uncertain or controversial impacts, unique or unknown risks, or cumulatively significant effects were identified. Implementation of the proposed action will not result in the loss or destruction of significant scientific, cultural, or historic resources and implementation of the proposed action will not violate any federal, state, or local laws. Based on the results of the analyses performed during the preparation of the environmental assessment, David Rodriguez, Director, DLA Installation Support, concludes the proposed action to relinquish the permit to use and occupy the Sharpe site does not constitute a major federal action significantly affecting the quality of the human environment within the context of the NEPA. Therefore, an environmental impact statement for the proposed action is not required.

Dated: July 16, 2013.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Defense Business Board; Notice of Federal Advisory Committee Meeting

AGENCY: DoD.

ACTION: Meeting notice; cancellation.

SUMMARY: On Tuesday, July 9, 2013 (78 FR 41042), the Department of Defense published a notice announcing a July 25, 2013 meeting of the Defense Business Board. This notice announces that the Defense Business Board meeting scheduled for Thursday, July 25, 2013 is hereby cancelled. The Board will not have any completed studies to outbrief and deliberate on. Therefore, to conserve financial resources, the meeting is cancelled. The next Quarterly Board Meeting will be held on October 17, 2013.

FOR FURTHER INFORMATION CONTACT: Ms. Phyllis Ferguson, *Phyllis.Ferguson@osd.mil*, 703-695-7563 or Ms. Debora Duffy, *Debora.Duffy@osd.mil*, (703) 697-2168.

Dated: July 16, 2013.

Meeting of the National Commission on the Structure of the Air Force

AGENCY: Director of Administration and Management, DoD.

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: Under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, the Department of Defense (DoD) announces that the following Federal advisory committee meeting of the National Commission on the Structure of the Air Force ("the Commission") will take place.

DATES: *Date of Closed Meeting, including Hearing and Commission Discussion:* Monday, July 22, 2013.

ADDRESSES: 2521 South Clark Street, Suite 525, Crystal City, VA 22202, from 8:30 a.m. to 4:00 p.m.

FOR FURTHER INFORMATION CONTACT: Mrs. Marcia Moore, Designated Federal Officer, National Commission on the Structure of the Air Force, 1950 Defense Pentagon Room 3A874, Washington, DC 20301-1950. Email: *dfoafstrucomm@osd.mil*. Desk (703) 545-9113. Facsimile (703) 692-5625.
