SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 100.72 acres of airport property at Sioux Gateway Airport/Col. Bud Day Field (SUX) under the provisions of 49 U.S.C. 47107(h)(2). On April 13, 2013, the Airport Manager at Sioux Gateway Airport/Col. Bud Day Field, requested from the FAA that approximately 100.72 acres of property be released for sale to Sabre Industries for use as light industrial/manufacturing. On July 1, 2013, the FAA determined that the request to release property at Sioux Gateway Airport/Col. Bud Day Field (SUX) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

Sioux Gateway Airport/Col. Bud Day Field (SUX) is proposing the release of airport property totaling 100.72 acres, more or less. This land is to be used for light industrial/manufacturing. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the

land at Sioux Gateway Airport/Col. Bud Day Field (SUX) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation facilities at Sioux Gateway Airport/Col. Bud Day Field.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at Sioux Gateway Airport/Col. Bud Day Field.

Issued in Kansas City, MO on July 17, 2013.

Jim A. Johnson,
Manager, Airports Division.

§ 3.2: Revised for clarification with no technical changes.

§ 3.5.2: Added a requirement to soap all fittings to check for leakage during the system leakage test.

§ 3.6.4: Added more detail to check for slack during hand brake release.

§ 3.7: Added new section to condition slack adjuster at the beginning of the test with blocks (two applications and two releases).

§§ 3.8.1, 3.8.2: Changed from 30 to 40 psi to improve efficiency.

§§ 3.9.4, 3.10.2.2: Added criteria for brake cylinder pressure.

OEA will issue an environmental assessment (EA) by July 26, 2013. Interested persons may obtain a copy of the EA by writing to OEA (Room 1100, Surface Transportation Board, Washington, DC 20423-0001) or by calling OEA, at (202) 245-0305. Pursuant to the provisions of 49 CFR 1152.29(e)(2), UP shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by UP's filing of a notice of consummation by July 23, 2014, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.
