

at the expiration of the contract term. Electronic data files returned to HUD by contractors are maintained in accordance with HUD's Records Disposition Schedule, Handbook 2225.6, 7.1-10; Retain, archive, destroy as designated by schedule. Records can be destroyed when the destruction date is reached. As such, manual records will be destroyed by shredding or burning; electronic records will be disposed in accordance with IT Security Handbook 2400.25, 4.7.6.

SYSTEM MANAGER(S) AND ADDRESS:

Director, Asset Sales Office,
Department of Housing and Urban
Development, 451 Seventh Street SW.,
insert room number, Washington, DC
20410.

NOTIFICATION AND ACCESS PROCEDURES:

For information, assistance, or inquiry about the existence of records, contact the Chief Privacy Officer, Department of Housing and Urban Development, 451 Seventh Street SW., Room 4156, Washington, DC 20410. (Attention: Capitol View Building, 4th Floor). Provide verification of your identity by providing two proofs of official identification. Your verification of identity must include your original signature and must be notarized. The Department's rules for providing access to records to the individual concerned appear in 24 CFR Part 16.

CONTESTING RECORDS PROCEDURES:

The Department's rules for contesting the contents of records and appealing initial denials, by the individual concerned, appear in 24 CFR Part 16. If additional information or assistance is needed, it may be obtained by contacting:

(i) In relation to contesting contents of records, the Privacy Act Officer at the appropriate location.

(ii) In relation to appeals of initial denials, the HUD Departmental Privacy Appeals Officer, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410.

RECORD SOURCE CATEGORIES:

The source of records are subject individual; other individuals; current or previous employers; credit bureaus; financial institutions; other corporations or firms; Federal Government agencies; non-federal government (including foreign, state and local) agencies; law enforcement agencies.

SYSTEM EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

Endangered and Threatened Wildlife and Plants; Recovery Permit Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following application for a recovery permit to conduct activities with the purpose of enhancing the survival of an endangered species. The Endangered Species Act of 1973, as amended (Act), prohibits certain activities with endangered species unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing such permits.

DATES: To ensure consideration, please send your written comments by August 23, 2013.

ADDRESSES: Endangered Species Program Manager, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232-4181. Please refer to the permit number for the application when submitting comments.

FOR FURTHER INFORMATION CONTACT: Colleen Henson, Fish and Wildlife Biologist, at the above address or by telephone (503-231-6131) or fax (503-231-6243).

SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 *et seq.*) prohibits certain activities with respect to endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR 17, the Act provides for certain permits, and requires that we invite public comment before issuing these permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittee to conduct activities (including take or interstate commerce)

with respect to U.S. endangered or threatened species for scientific purposes or enhancement of propagation or survival. Our regulations implementing section 10(a)(1)(A) of the Act for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Application Available for Review and Comment

We invite local, State, and Federal agencies, and the public to comment on the following application. Please refer to the appropriate permit number for the application when submitting comments.

Documents and other information submitted with this application are available for review by request from the Endangered Species Program Manager at the address listed in the **ADDRESSES** section of this notice, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552).

Permit Number: TE-09155B

Applicant: Renee Ha, University of Washington, Seattle, Washington

The applicant requests a permit to take (harass by survey; locate and monitor nests of; capture, band, weigh, and measure; collect blood samples for; attach radio transmitters to; and track) the Mariana crow (*Corvus kubaryi*) in conjunction with survey and population monitoring activities on the island of Rota, Commonwealth of the Northern Mariana Islands, for the purpose of enhancing the species' survival.

Public Availability of Comments

All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the address listed in the **ADDRESSES** section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*).

Dated: July 17, 2013.

Richard R. Hannan,

Acting Regional Director, Pacific Region, U.S. Fish and Wildlife Service.

Draft Environmental Assessment and Proposed Cross Valley Transmission Line Habitat Conservation Plan, Tulare County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; receipt of permit application, draft environmental assessment, proposed habitat conservation plan; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have prepared a draft environmental assessment (EA) under the National Environmental Policy Act of 1969, as amended (NEPA), in response to an application from Southern California Edison (the Applicant) for an incidental take permit (ITP) pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The application addresses the proposed incidental take (take) of 13 proposed Covered Species within a 3,385-acre Permit Area during a proposed permit term of 30 years. The Applicant has prepared the draft Cross Valley Transmission Line Habitat Conservation Plan (Cross Valley Line HCP) (HCP) to describe and implement a conservation plan that will minimize and mitigate environmental effects associated with the construction, operation, and maintenance of the Cross Valley Loop Transmission Line, an electrical transmission project in central Tulare County, California. We also announce a 45-day public comment period on the permit application, including the draft EA and the proposed HCP. We request data, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, Tribes, industry, or any other interested party.

DATES: To ensure consideration, please send your written comments by September 9, 2013.

ADDRESSES: Please address written comments to Nina Bicknese, Senior Fish and Wildlife Biologist, Sacramento Fish and Wildlife Office, 2800 Cottage Way,

W-2605, Sacramento, CA 95825.

Alternatively, you may send comments by facsimile to (916) 414-6713.

FOR FURTHER INFORMATION CONTACT:

Mike Thomas, Chief, Conservation Planning Division, or Eric Tattersall, Deputy Assistant Field Supervisor, at the address shown above or at (916) 414-6600 (telephone). If you use a telecommunications device for the deaf, please call the Federal Information Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: We publish this notice under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321-4347 *et seq.*; NEPA), and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1500-1508, as well as in compliance with section 10(c) of the Endangered Species Act (16 U.S.C. 1531-1544 *et seq.*; Act).

Availability of Documents

You may obtain copies of the draft EA, the draft HCP, and the permit application from the individuals in **FOR FURTHER INFORMATION CONTACT**, or from the Sacramento Fish and Wildlife Office Web site at <http://www.fws.gov/sacramento>. Copies of these documents are also available for public inspection, by appointment, during regular business hours, at the Sacramento Fish and Wildlife Office (see **ADDRESSES**).

Background Information

Section 9 of the Act (16 U.S.C. 1531-1544 *et seq.*) and Federal regulations prohibit the taking of fish and wildlife species listed as endangered or threatened under section 4 of the Act. Take of federally listed fish or wildlife is defined under the Act as to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed species, or attempt to engage in such conduct. The term "harass" is defined in the regulations as to carry out actions that create the likelihood of injury to listed species to such an extent as to significantly disrupt normal behavioral patterns, which include, but are not limited to, breeding, feeding, or sheltering (50 CFR 17.3). The term "harm" is defined in the regulations as significant habitat modification or degradation that results in death or injury of listed species by significantly impairing essential behavioral patterns, including breeding, feeding, or sheltering (50 CFR 17.3). However, under specified circumstances, the Service may issue permits that allow the take of federally listed species, provided that the take that occurs is incidental to, but not the purpose of, an otherwise lawful activity. Regulations governing

permits for endangered and threatened species are at 50 CFR 17.22 and 17.32, respectively. Section 10(a)(1)(B) of the Act contains provisions for issuing such incidental take permits to non-Federal entities for the take of endangered and threatened species, provided the following criteria are met:

1. The taking will be incidental;
2. The applicants will, to the maximum extent practicable, minimize and mitigate the impact of such taking;
3. The applicants will develop a proposed HCP and ensure that adequate funding for the HCP will be provided;
4. The taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild; and
5. The applicants will carry out any other measures that the Service may require as being necessary or appropriate for the purposes of the HCP.

The draft HCP addresses, and the Applicant seeks incidental take authorization for, 13 species, including 10 animal species (4 federally endangered, 3 federally threatened, and 3 unlisted) and 3 plant species (2 federally threatened, 1 unlisted). The proposed permit would provide take authorization for all species identified in the draft HCP as a Covered Species. Take authorized for listed Covered Species would be effective upon permit issuance. Take authorization for currently unlisted Covered Species would become effective concurrent with listing, should the species be listed under the Act during the proposed 30-year Permit Term.

The proposed ITP would include the following nine federally listed species: the threatened vernal pool fairy shrimp (*Branchinecta lynchi*), the endangered vernal pool tadpole shrimp (*Lepidurus packardii*), the threatened valley elderberry longhorn beetle (*Desmocerus californicus dimorphus*), the threatened California tiger salamander (*Ambystoma californiense*), the endangered southwestern willow flycatcher (*Empidonax traillii extimus*), the endangered least Bell's vireo (*Vireo bellii pusillus*), the endangered San Joaquin kit fox (*Vulpes macrotis mutica*), the threatened Hoover's spurge (*Chamaesyce hooveri*), and the threatened San Joaquin Valley Orcutt grass (*Orcuttia inaequalis*). The unlisted species proposed for coverage under the draft HCP are the western spadefoot toad (*Spea hammondi*), the burrowing owl (*Athene cunicularia*), the little willow flycatcher (*Empidonax traillii brewsteri*), and the spiny-sepaled button-celery (*Eryngium spinosepalum*).

Implementation of Covered Activities described in the proposed HCP would
