BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

State Energy Advisory Board (STEAB)

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of Open Teleconference.

SUMMARY: This notice announces a teleconference call of the State Energy Advisory Board (STEAB). The Federal Advisory Committee Act (Pub. L. 92-463; 86 Stat.770) requires that public notice of these meetings be announced in the **Federal Register**.

DATES: Thursday, August 15, 2013, from 3:30 p.m. to 4:00 p.m. (EDT). To receive the call-in number and passcode, please contact the Board's Designated Federal Officer (DFO) at the address or phone number listed below.

FOR FURTHER INFORMATION CONTACT: Gil Sperling, STEAB Designated Federal Officer, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, 1000 Independence Ave. SW., Washington, DC, 20585. Phone number is (202) 287-1644.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: To make recommendations to the Assistant Secretary for the Office of Energy Efficiency and Renewable Energy regarding goals and objectives, programmatic and administrative policies, and to otherwise carry out the Board's responsibilities as designated in the State Energy Efficiency Programs Improvement Act of 1990 (Pub. L. 101-440).

Tentative Agenda: Receive an update on the activities of the STEAB's Taskforces and discuss the formation of new Taskforces to assist EERE with the Clean Energy Manufacturing Initiative and other proposed programs, provide an update to the Board on routine business matters and EERE areas of interest, follow-up on outstanding items from the recent STEAB live meeting, and work on agenda items and details for the October 2013 meeting.

Public Participation: The meeting is open to the public. Written statements may be filed with the Board either before or after the meeting. Members of the public who wish to make oral statements pertaining to agenda items

should contact Gil Sperling at the address or telephone number listed above. Requests to make oral comments must be received five days prior to the meeting; reasonable provision will be made to include requested topic(s) on the agenda. The Chair of the Board is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business.

Minutes: The minutes of the meeting will be available for public review and copying within 60 days on the STEAB Web site at: www.steab.org.

Issued at Washington, DC, on July 18, 2013.

LaTanya R. Butler,

Deputy Committee Management Officer.

[Docket No. CP13-516-000]

EcoEléctrica, L.P.; Notice of Application

Take notice that on July 3, 2013, EcoEléctrica, L.P. (EcoEléctrica), Road 337, Km. 3.7, Bo. Tallaboa Poniente, Peñuelas, PR 00624, filed an application in Docket No. CP13-516-000 under section 3 of the Natural Gas Act (NGA), and Part 153 and 380 of the Commission's regulations for an amendment to the authorization granted by the Commission on May 15, 1996 in Docket No. CP95-35-000, as amended on April 16, 2009 in Docket No. CP95-35-001. EcoEléctrica requests authorization to site, construct, and operate the LNG Supply Pipeline Project (Project) at its existing liquefied natural gas (LNG) terminal and cogeneration facility site in Peñuelas, Puerto Rico in order to enable EcoEléctrica to supply LNG to a proposed non-jurisdictional LNG truck loading facility (LNG Truck Loading Facility) that is being developed and permitted by Gas Natural Puerto Rico, Inc. (GNPR), all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll

free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding this application should be directed to Jaime L. Sanabria, EcoEléctrica, L.P., Road 337, Km. 3.7, Bo. Tallaboa Poniente, Peñuelas, PR 00624, (787) 759-0202, or by email at jaime.sanabria@ecoelectrica.com.

EcoEléctrica proposes to construct and operate the LNG Supply Pipeline Project, which consists of: (1) Approximately 0.4 mile 4-inch diameter LNG transfer pipeline; (2) approximately 0.4 mile 6-inch diameter boil off gas return pipeline; (3) approximately 0.4 mile 1.5-inch diameter LNG recirculation pipeline; and (4) associated equipment. The project is being developed to supply LNG to GNPR proposed non-jurisdictional LNG Truck Loading Facility, which will be utilized to distribute LNG by truck to various industrial end-users in Puerto Rico.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and

by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email

FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: August 8, 2013.

Dated: July 18, 2013.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP13-520-000]

EQT Gathering LLC; Notice of Application for Limited Jurisdiction Certificate

Take notice that on July 15, 2013, EQT Gathering LLC (EQT), 625 Liberty Avenue, Suite 1700, Pittsburgh, Pennsylvania 15222-3111, filed an application under Section 7 of the Natural Gas Act and Part 157 the Commission's Rules and Regulations for authorization to enable EQT to provide limited, ancillary jurisdictional service on its planned Derry Compressor Station (Derry Facilities) in Westmoreland, Pennsylvania. EQT plans to construct, own, and operate Derry for the primary purpose of providing non-jurisdictional compression services to increase the capacity and operational reliability of EQT's gathering facilities in southwestern Pennsylvania, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The Derry Facilities, will consist of a compressor station with three compressor engines totaling 14,205 horsepower, with design suction and discharge pressures of 250 psig and 1,050 psig, respectively. The Derry Facilities will receive locally produced pipeline-quality unprocessed gas from EQT's Three Rivers gathering system; dehydrate the gas; then discharge the gas via an approximately 200-foot discharge line into the Texas Eastern Transmission, LP system. The Derry Facilities will initially receive gas from the Three Rivers gathering system, and EQT anticipates that the Derry Facilities will also receive locally produced gas from other EQT Gathering facilities in the future. The Derry Facilities will gather gas to be compressed and redelivered into the interstate pipeline grid.

EQT seeks a certificate of limited jurisdiction to enable it to also provide limited, ancillary jurisdictional services

on the Derry Facilities and waiver of filing and reporting requirements and annual charges that might otherwise apply. The Derry Facilities' primary function is gathering as part of EQT's gathering system, but EQT proposes to also receive a limited quantity of up to 50 megadecatherms per day of natural gas at the Derry Facilities from a new interconnect with the Peoples Natural Gas Company's (Peoples) TP-371 pipeline (TP-371) in Westmoreland County, Pennsylvania. TP-371 is primarily a 12-inch diameter pipeline for which Peoples has limited authority from the Commission to provide interstate service. The operator of the TP-371 Line will deliver gas into the Texas Eastern system through EQT's 200 foot discharge line after the gas is compressed by the planned Derry Facilities.

The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any questions regarding this Application should be directed to Paul W. Diehl, EQT Corporation, 625 Liberty Avenue, Suite 1700, Pittsburgh, Pennsylvania 15222-3111, telephone no. (412) 395-5540, facsimile no. (412) 553-7781 and email PDiehl@eqt.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project
