BILLING CODE 3720-58-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Emergency Provision Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of permit emergency provision for hazardous waste stored in Antarctica at South Pole Station for more than 15 months due to an emergency, as specified by § 671.17.

SUMMARY: The Program of Environment Safety and Health (PESH) in the Division of Polar Programs (GEO/PLR), in accordance with § 671.17, is giving notice that an emergency relating to considerations of the safety of human life or of ships, aircraft or other equipment and facilities of high value, or the protection of the environment caused hazardous waste to be stored in at South Pole Station for more than 15 months.

Hazardous waste in the form of batteries, regulated medical waste, non-controlled medicines, laboratory chemical waste, contaminated laboratory glassware, gas cylinders, light bulbs and paint cans, with an aggregate of approximately 2000 lbs. net weight, was segregated and packaged for removal from the station.

The waste was to be removed in February 2013, at the end of 2012–2013 austral summer season. The unusual warming and melting of the ice runway at McMurdo Station resulted in reduced flight availability to the South Pole in late January and early February. Compatibility issues related to flying hazardous cargo and passengers further reduced the available flights to removing the hazardous waste material. During the final week of the season, the temperature conditions resulted in the formation of ground level contrails. The resulting hazy conditions and extremely low visibility prevented safe airplane loading operations. Potential damage to the airplane and/or harm to human life were the considerations which prevented the hazardous waste from leaving the station.

During the early part of the 2013–2104 austral summer season, the priority will be to remove the South Pole hazardous waste to McMurdo Station, where it will be removed from the continent.

FOR FURTHER INFORMATION CONTACT: Dr. Polly A. Penhale at (703) 292–7420.

Nadene G. Kennedy,
Division of Polar Programs.

BILLING CODE 7555–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–70014; File No. SR–CBOE–2013–072]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fees Schedule

July 22, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 11, 2013, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Fees Schedule. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule. First, the Exchange

proposes to eliminate the \$200-per-month Hybrid Quoting Infrastructure User Fee, which is assessed to Trading Permit Holders (“TPHs”) to help cover the costs associated with hardware and maintenance services to third-party vendors that provide quoting software used by TPHs to trade on the Exchange’s Hybrid Trading System (“Hybrid”). This elimination will allow TPHs to avoid paying this fee, and may encourage more market participants to trade on CBOE.

The Exchange also proposes to make an amendment to the Fees Schedule regarding Clearing Trading Permit Holder Proprietary Facilitation fees. On April 10, 2013, the Exchange amended its Fees Schedule to, in part, make more clear the fact that the Exchange will assess no Clearing Trading Permit Holder Proprietary transaction fees for certain types of facilitation orders (as defined in Footnote 11 of the Fees Schedule), including those executed via the Exchange’s Automated Execution Mechanism (“AIM”), in certain classes.³ However, regular (non-AIM) electronic Clearing Trading Permit Holder Proprietary facilitation orders remained subject to transaction fees. The Exchange hereby proposes to cease assessing transaction fees on such orders.⁴ This will mean that electronic Clearing Trading Permit Holder Proprietary Facilitation orders will be assessed no fees regardless of whether they are executed via AIM or the Exchange’s regular electronic mechanism (placing such executions on the same footing with regard to fees).

Next, the Exchange proposes to amend its Fees Schedule with regard to fees for SPXPM. On February 19, 2013, the Exchange adopted a set of fees for the trading of SPXPM.⁵ The Customer SPXPM fees were set at the same rates as the Customer SPX fees. However, SPXPM trades on the Exchange’s Hybrid System, while SPX trades on the Exchange’s Hybrid 3.0 trading platform. As such, SPXPM is eligible to trade on AIM, while SPX currently does not trade on AIM. Therefore, the Exchange proposes to create separate lines for

³ See Securities Exchange Act Release No. 69422 (April 22, 2013), 78 FR 25112 (April 29, 2013) (SR–CBOE–2013–042).

⁴ As such, along with amending the Equity Options Rate Table, the ETF and ETN Options Rate Table, and the Index Options Rate Table—All Index Products Excluding SPX, SPXW, SPXpm, SRO, OEX, XEO, VIX and VOLATILITY INDEXES, to reflect this change, the Exchange also proposes to amend Footnote 11 to state that no Clearing Trading Permit Holder Proprietary transaction fees will be assessed for facilitation orders electronically (including via AIM).

⁵ See Securities Exchange Act Release No. 69025 (March 4, 2013), 78 FR 15076 (March 8, 2013) (SR–CBOE–2013–025).
