Approval and Promulgation of State Implementation Plans; State of North Dakota; Interstate Transport of Pollution for the 2006 PM_{2.5} NAAQS

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving portions of a State Implementation Plan (SIP) submission from the State of North Dakota which demonstrates that its SIP meets certain interstate transport requirements of the Clean Air Act (“Act” or “CAA”) for the 2006 fine particulate matter (“PM_{2.5}”) National Ambient Air Quality Standards (“NAAQS”). Specifically, EPA is approving the portion of the North Dakota SIP submission that addresses the CAA requirement prohibiting emissions from North Dakota sources from significantly contributing to nonattainment of the 2006 PM_{2.5} NAAQS in any other state or interfering with maintenance of the 2006 PM_{2.5} NAAQS by any other state.

DATES: *Effective Date:* This final rule is effective August 28, 2013.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R08–OAR–2012–0348. All documents in the docket are listed on the www.regulations.gov Web site. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Program, Environmental Protection Agency (EPA), Region 8, 1595 Wynkoop Street, Denver, Colorado 80202–1129. EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the hard copy of the docket. I. Background

On October 17, 2006 EPA promulgated a new NAAQS for PM_{2.5}, revising the level of the 24-hour PM_{2.5} standard to 35 µg/m³ and retaining the level of the annual PM_{2.5} standard at 15 µg/m³. (71 FR 61144). By statute, SIPs meeting the “infrastructure” requirements of CAA sections 110(a)(1) and (2) are to be submitted by states within three years after promulgation of a new or revised standard. Among the infrastructure requirements of section 110(a)(2) are the “interstate transport” requirements of section 110(a)(2)(D).

CAA section 110(a)(2)(D)(i) identifies four distinct elements related to the evaluation of impacts of interstate transport of air pollutants. In this action for the state of North Dakota, EPA is addressing the first two elements of section 110(a)(2)(D)(i) with respect to the 2006 PM_{2.5} NAAQS.¹ The first element of section 110(a)(2)(D)(i) requires that each SIP for a new or revised NAAQS contain adequate provisions to prohibit any source or other type of emissions activity within the state from emitting air pollutants that will “contribute significantly to nonattainment” of the NAAQS in

¹ This action does not address the two elements of the transport SIP provision (in CAA section 110(a)(2)(D)(i)(II)) regarding interference with measures required to prevent significant deterioration of air quality or to protect visibility in another state. We will act on these elements in a separate rulemaking.

another state. The second element of CAA section 110(a)(2)(D)(i) requires that each SIP for a new or revised NAAQS contain adequate provisions to prohibit any source or other type of emissions activity in the state from emitting pollutants that will “interfere with maintenance” of the applicable NAAQS in any other state.

On August 12, 2010, the North Dakota Department of Health (NDDH) provided a submission to EPA certifying that North Dakota’s SIP is adequate to implement the 2006 PM_{2.5} NAAQS for all the “infrastructure” requirements of CAA section 110(a)(2). This submission included a transport analysis to support the conclusion that North Dakota’s SIP meets the requirements of CAA section 110(a)(2)(D)(i)(I) for this NAAQS.²

On May 13, 2013 (78 FR 27888), EPA proposed to approve the 110(a)(2)(D)(i)(I) portion of NDDH’s August 12, 2010 submission. As described in detail in that notice, we based our proposed approval on modeling performed for the Cross State Air Pollution Rule (August 8, 2011, 76 FR 48208). Using the results of that modeling, we determined that emissions from North Dakota do not significantly contribute to nonattainment or interfere with maintenance of the 2006 PM_{2.5} NAAQS in any other state. As a result, we proposed to conclude that North Dakota’s existing SIP is adequate to address the requirements of CAA section 110(a)(2)(D)(i)(I) for the 2006 PM_{2.5} NAAQS, and that additional control measures in North Dakota are not necessary for this purpose.

II. Response to Comments

EPA did not receive any comments on the May 13, 2013 proposal.

III. Final Action

EPA is approving the 110(a)(2)(D)(i)(I) portion of North Dakota’s August 12, 2010 SIP submission. For reasons described in the proposal for this action, we conclude that the existing SIP is adequate to address the requirements of CAA section 110(a)(2)(D)(i)(I) for the 2006 PM_{2.5} NAAQS.

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet

the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General

of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 27, 2013. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Extension of Sunset Date for Attorney Advisor Program

AGENCY: Social Security Administration.

ACTION: Final rule.

SUMMARY: We are extending for 2 years our rule authorizing attorney advisors to conduct certain prehearing procedures and to issue fully favorable decisions. The current rule will expire on August 9, 2013. In this final rule, we are extending the sunset date to August 7, 2015. We are making no other substantive changes.

DATES: This final rule is effective July 29, 2013.

FOR FURTHER INFORMATION CONTACT: Susan Swansiger, Social Security Administration, 5107 Leesburg Pike, Falls Church, VA 22041-3260, 703-605-8500 for information about this final rule. For information on eligibility or filing for benefits, call our national toll-free number, 1-800-772-1213 or TTY 1-800-325-0778, or visit our Internet site, Social Security Online, at <http://www.socialsecurity.gov>.

SUPPLEMENTARY INFORMATION:

Background of the Attorney Advisor Program

On August 9, 2007, we issued an interim final rule permitting some attorney advisors to conduct certain prehearing procedures and issue decisions that are fully favorable when the documentary record warrants. 72 FR 44763. We instituted this practice to provide more timely service to the increasing number of applicants for Social Security disability benefits and Supplemental Security Income payments based on disability. We considered the public comments we received on the interim final rule and, on March 3, 2008, we issued the rule without change as a final rule. 73 FR 11349. Under this rule, some attorney advisors may develop claims and, in appropriate cases, issue fully favorable decisions before a hearing.

We originally intended the attorney advisor program to be only a temporary modification to our procedures. Therefore, we included in sections

404.942(g) and 416.1442(g) of the interim final rule a provision that the program would end on August 10, 2009, unless we decided to either terminate the rule earlier or extend it beyond that date by publication of a final rule in the **Federal Register**. On July 13, 2009, we published a final rule that extended the sunset date of the program until August 10, 2011. 74 FR 33327. We then published another extension on April 4, 2011, which extended the sunset date of the program until August 9, 2013. 76 FR 18383.

Explanation of Extension

When we published the final rules reinstating the attorney advisor program in 2008, we discussed a variety of concerns about the program and we stated our intent to closely monitor it and to make changes to the program if it did not meet our expectations. 73 FR 11349, 11350, 11351, and 11352.

As we explained in the final rule in 2008, the number of requests for hearings has increased significantly in recent years, and based on this trend, we anticipate that higher levels of request for hearings will continue. The attorney advisor program has proven to be an invaluable tool in our efforts to reduce the backlog of pending hearing requests.

Accordingly, we have decided to extend the attorney advisor rule for another 2 years, until August 7, 2015. As before, we are reserving the authority to end the program earlier or to extend it by publishing a final rule in the **Federal Register**.

Regulatory Procedures

Justification for Issuing Final Rule Without Notice and Comment

We follow the Administrative Procedure Act (APA) rulemaking procedures specified in 5 U.S.C. 553 when developing regulations. Section 702(a)(5) of the Social Security Act, 42 U.S.C. 902(a)(5). The APA provides exceptions to its notice and public comment procedures when an agency finds there is good cause for dispensing with such procedures because they are impracticable, unnecessary, or contrary to the public interest. We have determined that good cause exists for dispensing with the notice and public comment procedures for this rule. 5 U.S.C. 553(b)(B). Good cause exists because this final rule only extends the sunset date of an existing rule. It makes no substantive changes to the rule. The current regulations expressly provide that we may extend or terminate this rule. Therefore, we have determined that opportunity for prior comment is

unnecessary, and we are issuing this rule as a final rule.

Executive Order 12866 as Supplemented by Executive Order 13563

We consulted with the Office of Management and Budget (OMB) and determined that this final rule does not meet the criteria for a significant regulatory action under Executive Order 12866, as supplemented by Executive Order 13563.

Regulatory Flexibility Act

We certify that this final rule will not have a significant economic impact on a substantial number of small entities because it affects individuals only. Therefore, the Regulatory Flexibility Act, as amended, does not require us to prepare a regulatory flexibility analysis.

Paperwork Reduction Act

This final rule does not create any new or affect any existing collections and, therefore, does not require OMB approval under the Paperwork Reduction Act.
