

Upper Colorado Region: Bureau of Reclamation, 125 South State Street, Room 6107, Salt Lake City, Utah 84138–1102, telephone 801–524–3864.

Modified contract actions:

3. Various Contactors, San Juan-Chama Project, New Mexico: The United States proposes to continue leasing water from various project contractors to stabilize flows in a critical reach of the Rio Grande in order to meet the needs of irrigators and preserve habitat for the silvery minnow.

Reclamation expects to lease approximately 20,000 acre-feet of water from willing lessors in 2013.

4. Individual Irrigators, Carlsbad Project, New Mexico: The United States proposes to continue entering into forbearance contracts and lease agreements with individuals who have privately held water rights to divert nonproject water either directly from the Pecos River or from shallow/artesian wells in the Pecos River Watershed. Reclamation is in negotiations with Fort Sumner ID for partial and full-season fallowing. This action will result in additional water in the Pecos River to make up for the water depletions caused by changes in operations at Sumner Dam which were made to improve conditions for a threatened species, the Pecos Bluntnose Shiner.

17. Contracts with various water user entities responsible for payment of O&M costs for Reclamation projects in Arizona, Colorado, New Mexico, Texas, Utah, and Wyoming: Contracts for extraordinary maintenance and replacement funded pursuant to Subtitle G of Pub. 28. Blue Cut Mitigation Project and Emery County Project, Utah: Reclamation has proposed an exchange under which it would provide an augmentation to flows in the San Rafael River to the Fish and Wildlife Service in exchange for the Fish and Wildlife Service transferring water right No. 93–2241 to Reclamation, Emery County Project. Reclamation will enter into a water service contract with the Cottonwood Creek Consolidated Irrigation Company for approximately 2,300 acre-feet of water.

2. San Juan-Chama Project, New Mexico: The United States and the Town of Taos, with passage of The Taos Indian Water Rights Settlement

legislation by the Congress, entered into a new contract, No. 12–WC–40–462, for an additional 366 acre-feet annually of project water. The settlement legislation provided for a third repayment contract for 40 acre-feet of project water to be delivered to the El Prado Water and Sanitation District, contract No. 12–WC–40–463.
