#### Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The Mid-Atlantic Fishery Management Council's Spiny Dogfish Advisory Panel (AP) will meet to develop a Fishery Performance Report for the Spiny Dogfish fishery in preparation for the Council and the Council's Scientific and Statistical Committee (SSC) review of specifications that have been set for the 2014 fishing year.

**DATES:** The meeting will be held on Wednesday, August 28, 2013 from 9 a.m. until 12 noon.

**ADDRESSES:** The meeting will be held via webinar with a listening station also available at the Council Address below. Webinar link: <http://mafmc.adobeconnect.com/dogfish/>

**Council address:** Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331.

**FOR FURTHER INFORMATION CONTACT:** Christopher M. Moore Ph.D., Executive

Director, Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 526-5255.

**SUPPLEMENTARY INFORMATION:** The Advisory Panel will develop a Fishery Performance Report for consideration by the Council and the Council's SSC as they review spiny dogfish management measures established for the 2014 fishing year.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

#### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to M. Jan Saunders at the Mid-Atlantic Council Office, (302) 526-5251, at least 5 days prior to the meeting date.

Dated: August 2, 2013.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Publication of North American Datum of 1983 (2011) Epoch 2010.00, North American Datum of 1983 (PA2011) Epoch 2010.00 and North American Datum of 1983 (MA2011) Epoch 2010.00

**AGENCY:** National Geodetic Survey (NGS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

**ACTION:** Informational Notice

**SUMMARY:** The National Geodetic Survey (NGS) has finalized the publication of new realizations of three geodetic reference frames that have all carried the name of "the North American Datum of 1983" (or "NAD 83"). The new realizations are NAD 83 (2011) epoch 2010.00 [for the North America

and Caribbean tectonic plates], NAD 83 (MA11) epoch 2010.00 [for the Mariana tectonic plate] and NAD 83 (PA11) epoch 2010.00 [for the Pacific tectonic plate]. These three realizations supersede all previous NAD 83 realizations, including CORS96, NSRS2007, PACP00 and MARP00, for all epochs prior to 2010.00 (January 1, 2010).

This notice complements, but does not replace, the affirmation of NAD 83 as the official civilian horizontal datum for the United States surveying and mapping activities performed or financed by the Federal Government (**Federal Register** Notice, 54 FR 25318, June 14, 1989).

**DATES:** Individuals or organizations wishing to submit comments on the Publication of the North American Datum of 1983 (2011, MA11, PA11), epoch 2010.00, should do so by August 30, 2013.

**ADDRESSES:** Written comments should be sent to the attention of Neil D. Weston, Chief—Spatial Reference System Division, Office of the National Geodetic Survey, National Ocean Service, 1315 East West Highway, Silver Spring, Maryland 20910, fax 301-713-4324 or via email [neil.d.weston@noaa.gov](mailto:neil.d.weston@noaa.gov).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information should be directed to Neil D. Weston, Chief—Spatial Reference System Division, Office of the National Geodetic Survey, National Ocean Service, 1315 East West Highway, Silver Spring, Maryland 20910, Phone: (301) 713-3191.

#### SUPPLEMENTARY INFORMATION:

##### Abstract

The National Geodetic Survey (NGS), the federal agency responsible for defining, maintaining and providing access to the National Spatial Reference System (NSRS), has adopted a new realization for each of the three geodetic reference frames which carry the name "NAD 83". The new NAD 83 realizations (2011, MA11, and PA11, all at epoch 2010.00) were derived from a simultaneous reprocessing of Global Navigation Satellite System (GNSS) data from the NGS-managed Continuously Operating Reference Station (CORS) network and a selected number of International GNSS Service (IGS) global tracking stations in August 2011. To ensure spatial consistency of the NSRS, coordinates for all current GNSS-derived control stations (passive marks) were optimally aligned with the CORS coordinates in a nationwide adjustment completed in June 2012.
