SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a current information collection.

The National Oceanic and Atmospheric Administration (NOAA) Office of Education (OEd) collects, evaluates and assesses student data and information for the purpose of selecting successful candidates, generating internal NOAA reports and articles to demonstrate the success of its program. The OEd requires applicants to its student scholarship programs to complete an application for NOAA undergraduate scholarship programs. Part of the application package requires completion of a NOAA student scholar reference form in support of the scholarship application by academic professors/advisors. NOAA OEd student scholar alumni are also requested to provide information to NOAA for internal tracking purposes. NOAA OEd grantees are required to update the student tracker database with the required student information. In addition, the collected student data supports NOAA OEd's program performance measures.

Revision: New to the alumni student data collection are the Dr. Nancy Foster Scholarship Program and the Recruiting, Training, and Research Program. Both programs have a need to collect information on their program alumni.

II. Method of Collection

Electronic applications and electronic forms are required from participants, and the primary methods of submittal are email and Internet transmission of electronic forms. Approximately 1% of

the application and reference forms may be mailed.

III. Data

OMB Control Number: 0648-0568.

Form Number: None.

Type of Review: Regular submission (revision and extension of a current information collection).

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit institutions; State, Local or Tribal Government.

Estimated Number of Respondents: 3,604.

Estimated Number of Annual Responses: 3,612.

Estimated Time per Response: Student and Performance Measures Tracking System database form, 17 hours; undergraduate application form, 8 hours; reference forms, 1 hour; alumni update form, 1 hour.

Estimated Total Annual Burden Hours: 9,404.

Estimated Total Annual Cost to Public: \$300 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a revision and extension of a currently approved information collection.

National Oceanic and Atmospheric Administration (NOAA) Office of Coast Survey is the nation's nautical chartmaker, maintaining and updating over a thousand charts covering the 3.5 million square nautical miles of coastal waters in the U.S. Exclusive Economic Zone and the Great Lakes. Coast Survey also writes and publishes the *United States Coast Pilot*[®], a series of nine nautical books that supplement nautical charts with essential marine information that cannot be shown graphically on the charts and are not readily available elsewhere.

Revision: Until recently, Coast Survey asked readers of the *Coast Pilot* to submit corrections or reports of inaccuracies by mailing or faxing a printed form found in the book. That form was discontinued. Now Coast Survey solicits information through the online Nautical Discrepancy Reporting

System (<http://ocsdata.ncd.noaa.gov/idrs/discrepancy.aspx>).

The data obtained through this system is used to update U.S. nautical charts and the *United States Coast Pilot*.

II. Method of Collection

Respondents can submit discrepancy reports electronically or by telephone (888-990-6622).
