9 CFR Part 317

[Docket No. FSIS-2008-0017]

Descriptive Designation for Needle- or Blade-Tenderized (Mechanically Tenderized) Beef Products

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Proposed rule; extension of comment period.

SUMMARY: The Food Safety and Inspection Service (FSIS) is extending the comment period for the **Federal Register** proposed rule, "Descriptive Designation for Needle- or blade-tenderized (Mechanically Tenderized) Beef Products" until October 8, 2013. The Agency is taking this action in response to two requests made by trade associations.

DATES: Comments are due by October 8, 2013.

ADDRESSES: FSIS invites interested persons to submit comments on this notice. Comments may be submitted by either of the following methods:

SUPPLEMENTARY INFORMATION: On June 10, 2013, FSIS published a proposed rule in the **Federal Register** (78 FR 34589), "Descriptive Designation for Needle- or blade-tenderized (Mechanically Tenderized) Beef Products."

In the rule, FSIS is proposing to require the use of the descriptive designation "mechanically tenderized" on the labels of raw or partially cooked needle- or blade-tenderized beef products, including beef products injected with marinade or solution, unless such products are destined to be fully cooked at an official establishment. FSIS is proposing that the product name for such beef products include the descriptive designation "mechanically tenderized" and an accurate description of the beef component. FSIS is also proposing to require that the print for all words in the product name appear in the same style, color, and size and on a single-color contrasting background. In addition, FSIS is proposing to require that labels of raw and partially cooked needle- or blade-tenderized beef products destined for household consumers, hotels, restaurants, or similar institutions include validated cooking instructions that inform consumers that these products need to be cooked to a specified minimum internal temperature, and whether they need to be held at that minimum temperature for a specified time before consumption, i.e., dwell time or rest time, to ensure that they are fully cooked.

FSIS is also announcing that it has posted on its Web site guidance for developing validated cooking instructions for mechanically tenderized product.

Two trade associations addressed letters to FSIS requesting an additional 120 days to comment on the proposed rule and the guidance for validated cooking instructions. Both letters stated that additional time was needed to submit comprehensive comments because the Agency had asked for comment on not only the proposed rule and the guidance but also on numerous related issues.

For the reason given in these requests, FSIS agrees to extend the comment period. The Agency believes that an additional 60-day extension is sufficient. The comment period for the proposed rule will now end on October 8, 2013.

BILLING CODE 3410-DM-P

FARM CREDIT ADMINISTRATION

12 CFR Parts 602, 618 and 621

RIN 3052-AC76

Releasing Information; General Provisions; Accounting and Reporting Requirements; Reports of Accounts and Exposures

AGENCY: Farm Credit Administration.

ACTION: Proposed rule.

SUMMARY: The Farm Credit Administration (FCA, we, or our) is proposing to establish a regulatory framework for the reliable, timely, accurate, and complete reporting of Farm Credit System (System) accounts and exposures for examination activities and risk evaluation. The proposed regulation specifies the reporting requirement(s) and performance responsibilities, including, but not limited to, establishing uniform and standard data fields to be collected from all System institutions and a disciplined and secure delivery of information. The proposed regulation would authorize a Reporting Entity (defined as the Federal Farm Credit Banks Funding Corporation (Funding Corporation) or an entity approved by FCA), to collect data from all banks and associations and serve as the central data repository manager. Additionally, the proposed regulation would require all banks and associations to provide data to the Reporting Entity to facilitate the collection, enhancement, and reporting of data to FCA.

DATES: Comments on this proposed rule must be submitted on or before September 9, 2013.

ADDRESSES: We offer a variety of methods for you to submit your comments. For accuracy and efficiency reasons, commenters are encouraged to submit comments by email or through the FCA's Web site. As facsimiles (fax) are difficult for us to process and achieve compliance with section 508 of the Rehabilitation Act, we do not accept comments submitted by fax. Regardless of the method you use, please do not submit your comment multiple times via different methods. You may submit comments by any of the following methods:

- *Email:* Send us an email at reg-comm@fca.gov.

- *FCA Web site:* <http://www.fca.gov>. Select "Public Commenters," then "Public Comments," and follow the directions for "Submitting a Comment."
- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Barry F. Mardock, Deputy Director, Office of Regulatory Policy, Farm Credit Administration, 1501 Farm Credit Drive, McLean, VA 22102-5090.

You may review copies of all comments we receive at our office in McLean, Virginia, or from our Web site at <http://www.fca.gov>. Once you are in the Web site, select "Public Commenters," then "Public Comments," and follow the directions for "Reading Submitted Public Comments." We will show your comments as submitted, but for technical reasons we may omit items such as logos and special characters. Identifying information you provide, such as phone numbers and addresses, will be publicly available. However, we will attempt to remove email addresses to help reduce Internet spam.

FOR FURTHER INFORMATION CONTACT:

Susan Coleman, Senior Policy Analyst, Office of Regulatory Policy, Farm Credit Administration, McLean, VA 22102-5090, (703) 883-4491, TTY (703) 883-4056, or Jane Virga, Senior Counsel, Office of General Counsel, Farm Credit Administration, McLean, VA 22102-5090, (703) 883-4020, TTY (703) 883-4056.

SUPPLEMENTARY INFORMATION:

I. Objectives

The objectives of this proposed rule are to:

- Reaffirm the authority for the FCA to collect data on System institution accounts and exposures for examination activities and risk evaluation;
- Require all banks and associations to provide data on accounts and exposures to the Reporting Entity, for the purposes of reporting to the FCA; and
- Establish the authority for and responsibilities of the Reporting Entity to collect, store, manage, and extrapolate data on accounts and exposures for reporting to the FCA.

II. Background

The Farm Credit Act of 1971, as amended (Act),¹ authorizes the FCA to issue regulations implementing the Act's provisions.² Our regulations are intended to ensure the safe and sound operations of System institutions. In

order to meet FCA's responsibility to ensure the safety and soundness of System institutions, we must have reliable, timely, accurate, and complete information about each banks' and associations' assets and liabilities.

Section 5.22A of the Act and § 621.12(a) of FCA regulations require each System institution to prepare and file such reports of condition and performance as may be required by FCA. Further clarification is provided in § 621.12(b), which states that these reports of condition and performance must be filed four times a year and may include such additional reports as may be necessary to ensure timely, complete, and accurate monitoring and evaluation of the affairs, condition, and performance of System institutions as determined by the Chief Examiner. In addition, § 621.12(c) requires all reports of condition and performance to be submitted electronically in accordance with the instructions prescribed by FCA. Also, section 5.9(4) of the Act provides FCA the power to require such reports as it deems necessary from System institutions.³

For over a decade, the FCA has collected detailed asset reports through loan data extracts from System institutions to facilitate examination activities and risk evaluation, and shared the data with the Farm Credit System Insurance Corporation (FCSIC) on a confidential basis. The need for consistent, comprehensive, and comparable data across all System institutions has evolved, as the complexity and volume of assets has increased. The availability of quality and timely data on accounts and exposures, including any loan, lease, letter of credit, derivative, or, any other asset, liability, other balance sheet account, or off-balance sheet exposure, has become critical to efficient and effective examination activities and risk evaluation. Accordingly, we continue to work with the System to collect more comprehensive data submissions and enhance the reporting to facilitate the evaluation of changing lending risks and conditions.

An integral component of the FCA's and FCSIC's ability to quickly and accurately identify and respond to risk is the collection of data on, and identification of, shared assets. Shared assets are any account or exposure where two or more System institutions have assumed a portion of the asset's benefits or risks. On October 3, 2012,

¹ Public Law 92-181, 85 Stat. 583 (1971), 12 U.S.C. 2001 *et seq.*

² 12 U.S.C. 2252(a)(8), (9), and (10).

³ Further, under section 5.17(a)(11) of the Act, the FCA may "[e]xercise such incidental powers as may be necessary or appropriate to fulfill its duties and carry out the purposes of {the} Act."
