

equity tier 1 capital and additional tier 1 capital, and less (item 38) other deductions from (additions to) assets for leverage ratio purposes, as described under sections 22(a), (c), and (d) of the revised regulatory capital rules.

F. Proposed Schedules HC–R, Part I.B and SC–R Items 40 Through 45: Total Risk-Weighted Assets and Capital Ratios

Proposed Schedules HC–R, Part I.B and SC–R line item 40 would collect data on an institution's risk-weighted assets. Proposed Schedules HC–R, Part I.B and SC–R line items 41 through 45 would collect data on the following regulatory capital ratios: (Item 41) common equity tier 1 ratio; (item 42) tier 1 capital ratio; (item 43) total capital ratio; (item 44) tier 1 leverage ratio; and, for advanced approaches HCs, (item 45), supplementary leverage ratio, all calculated as described in section 10 of the revised regulatory capital rules. Item 45 would not apply to Schedule SC–R.¹⁰

Advanced approaches HCs would report line items 40 through 43 on the proposed Schedule HC–R, Part I.B as follows.

- During the reporting periods in 2014, these institutions would continue applying Appendix A of the general risk-based capital rules¹¹ to report their total risk-weighted assets in line item 40(a), which would serve as the denominator of the ratios reported in line items 41 through 43 (Column A).

- Starting on March 31, 2015, these institutions would apply the standardized approach, described in subpart D of the revised regulatory capital rules, to report their risk-weighted assets in line item 40(a) and the regulatory capital ratios in line items 41 through 43. As discussed, these institutions would report their total risk-weighted assets (item 40(b)) and regulatory capital ratios (items 41 through 43, Column B) using the advanced approaches rule after they conduct a satisfactory parallel run.

- In addition, starting on March 31, 2015, these institutions would report a

supplementary leverage ratio in item 45, as described in section 10 of the revised regulatory capital rules.

G. Proposed Schedules HC–R, Part I.B and SC–R Items 46 Through 48: Capital Buffer

Under section 11 of the revised regulatory capital rules, institutions must hold sufficient common equity tier 1 capital to avoid limitations on distributions and discretionary bonus payments. An institution's (item 46(a)) capital conservation buffer is the lowest of the following measures: (1) The institution's common equity tier 1 capital ratio minus the applicable minimum (4 percent in 2014, 4.5 percent in 2015 and thereafter); (2) the institution's tier 1 capital ratio minus the applicable minimum (5.5 percent in 2014 6 percent in 2015 and thereafter); and (3) the institution's total capital ratio minus 8 percent. Advanced approaches HCs must make additional calculations (item 46(b)) to account for all the applicable buffers, as described in section 11 of the revised regulatory capital rules. Item 46(b) would not apply to Schedule SC–R. If an institution's capital buffer is less than or equal to applicable minimum capital conservation buffer (or in the case of an advanced approaches HC, the applicable minimum capital conservation buffer plus any other applicable capital buffers), then it must report (item 47) eligible retained income and (item 48) distributions and discretionary bonus payments to executive officers, as described in section 11 of the revised regulatory capital rules.

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Interstate Administrative Subpoena.
OMB No.: 0970-0152.
Description: Section 452(a)(11) of the Social Security Act requires the

Secretary of the Department of Health and Human Services to promulgate a form for administrative subpoenas to be used in State child support enforcement programs to collect information for use in the establishment, modification and enforcement of child support orders in interstate cases. Section 454(9)(E) of the Social Security Act requires each State to cooperate with any other State in using the federal form for issuance of administrative subpoenas in interstate child support cases. Tribal IV-D agencies are not required to use this form but may choose to do so. OMB approval of this form is expiring in February 2014 and the Administration for Children and Families is requesting an extension of this form.

Respondents: State, local or Tribal agencies administering a child support enforcement program under title IV-D of the Social Security Act.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Administrative Subpoena	53,488	1	0.50	26,744

Estimated Total Annual Burden Hours: 26,744

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. Email address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the

agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.
