

railroads on any of their mainlines carrying poisonous inhalation hazard (PIH) materials and by all passenger and commuter railroads on their main lines not later than December 31, 2015.

As part of the RSIA, Congress originally provided \$50 million to FRA to award, in one or more grants, to eligible projects by passenger and freight rail carriers, railroad suppliers, and State and local Governments. Presently, there is \$550,000 remaining of the original funds that FRA plans to fund two projects with. Funds will be awarded to projects that have a public benefit of improved railroad safety and efficiency, with priority given to projects that make PTC technologies interoperable between railroad systems; projects that accelerate the deployment of PTC technology on high-risk corridors, such as those that have high volumes of hazardous material shipments; and for projects over which commuter or passenger trains operate, or that benefit both passenger and freight safety and efficiency.

Funds provided under this grant program may constitute a maximum of 80 percent of the total cost of a selected project, with a minimum of 20 percent of costs funded from other sources. The funding provided under these grants will be made available to grantees on a reimbursement basis. FRA anticipates awarding grants to two eligible participants. Funding made available through grants provided under this program, together with funding from other sources that is committed by a grantee as part of a grant agreement, must be sufficient to complete the funded project and achieve the anticipated technology development.

Form Number(s): FRA F 6180.146; SF-269; SF-270.

Annual Estimated Burden Hours: 5,337 hours.

OMB Control Number: 2130-0589.

Abstract: Section 202 of the Rail Safety Improvement Act (RSIA) of 2008 required the Secretary of Transportation (delegated to the Federal Railroad Administrator by 49 CFR 1.49) to identify the 10 States that have had the most-highway-rail grade crossing collisions, on average, over the past three years, and to require those States to develop State highway-rail grade crossing action plans, within a reasonable period of time, as determined by the Secretary. Section 202 of the law further provided that these plans must identify specific solutions for improving safety at crossings, including highway-rail grade crossing closures or grade separations, and must focus on crossings that have

experienced multiple accidents or are at high risk for such accidents.

Section 202 also provided the following: The Secretary will provide assistance to the States in developing and carrying out such plans, as appropriate; the plans may be coordinated with other State or Federal planning requirements; the plans will cover a period of time determined to be appropriate by the Secretary; and the Secretary may condition the awarding of any grants under 49 U.S.C. 20158, 20167, or 22501, to a State identified under this section, on the development of such State's plan.

Lastly, Section 202 provided a review and approval process under which, not later than 60 days after the Secretary receives such a State action plan, the Secretary must review and either approve or disapprove it. In the event that the proposed plan is disapproved, Section 202 indicates that the Secretary must notify the affected State as to the specific areas in which the proposed plan is deficient, and the State must correct all deficiencies within 30 days following receipt of written notice from the Secretary.

FRA uses the collection of information to ensure that States meet the Congressional mandate and devise and implement suitable plans to reduce/eliminate troublingly high numbers of highway-rail grade collisions in their States. FRA reviews grade these crossing action plans and grade crossing action plan revisions to ensure that these plans include the following: (1) Identify specific solutions for improving safety at highway-rail grade crossings, including highway-rail grade crossing closures or grade separations, (2) Focus on crossings that have experienced multiple accidents or are at high risk for such accidents, and (3) Cover a five-year period of time.

Form Number(s): N/A.

Annual Estimated Burden Hours: 40 hours.

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street NW., Washington, DC 20503, Attention: FRA Desk Officer. Comments may also be sent via email to OMB at the following address: oir_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection;

ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501-3520.

Issued in Washington, DC, on August 7, 2013.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA 2013-0002-N-15]

Proposed Agency Information Collection Activities; Comment Request

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Request (ICR) abstracted below will be forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and their expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on May 17, 2013.

DATES: Comments must be submitted on or before September 12, 2013.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292), or Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to issue two notices seeking public comment on

information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On May 17, 2013, FRA published a 60-day notice in the **Federal Register** soliciting comment on the ICR for which the agency was seeking OMB approval. 78 FR 29203. FRA received no comments in response to this notice.

Before OMB decides whether to approve a proposed collection of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summary below describes the nature of the information collection request (ICR) and the expected burden, and will be submitted for clearance by OMB as required by the PRA.

Title: Electronic Device Distraction: Test of Peer to Peer Intervention Combined with Social Marketing.

OMB Control Number: 2130—NEW.

Type of Request: Regular approval of a new collection of information.

Affected Public: Railroad Employees.

Abstract: Operating railroad equipment while being distracted by the use of electronic devices (e.g., phones, game consoles, personal computers, etc.) is known to be a factor in some accidents and suspected of being the cause of many others in the railroad industry. It is also known that such use is dangerous, as evidenced by several high profile accidents in the railroad industry, and by research on distraction in other transportation modes.

Consequently, the Department of Transportation (DOT) and the Federal Railroad Administration (FRA) have a keen interest in devising counter measures to reduce the incidence of electronic device distraction (EDD) in the railroad industry. One promising approach is to combine peer-to-peer conversations with an effort to change the culture with respect to the acceptability of EDD. FRA is initiating a small scale test of this approach at the Harrisburg Yard of the Norfolk Southern

Railroad. As part of its efforts, an evaluation is taking place to determine if the approach works and what will be needed to scale it up to other sites in the railroad industry. As part of the test, it will be necessary to conduct face-to-face interviews with three respondent groups. They are: (1) Members of participating crafts and supervisors at the pilot site; (2) Norfolk Southern personnel involved in implementing and managing the pilot; (3) Project team members in the organizations contracted to assist with the pilot. The majority of interviews will be face-to-face.

Form Number(s): FRA F 6180.160.

Annual Estimated Burden Hours: 41 hours.

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street NW., Washington, DC, 20503, Attention: FRA Desk Officer. Comments may also be sent electronically via email to the Office of Information and Regulatory Affairs (OIRA) at the following address: oira_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA–2013–0090]

Reports, Forms, and Record Keeping Requirements

AGENCY: National Highway Traffic Safety Administration, DOT

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on the proposed collection of information.

This document describes a proposed collection of information under regulations in 49 CFR parts 591, 592, and 593 that pertain to the importation of motor vehicles and items of motor vehicle equipment that are subject to the Federal motor vehicle safety, bumper, and theft prevention standards.

DATES: Comments must be received on or before October 15, 2013.

ADDRESSES: You may submit comments [identified by DOT Docket No. NHTSA–2013–] by any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- **Mail:** Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.

- **Hand Delivery or Courier:** West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1–800–647–5527.

- **Fax:** 202–493–2251.

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if
