

SUMMARY: The Bureau of Indian Affairs (BIA) is confirming the interim final rule published and effective on March 3, 2013, addressing the addition of two Indian tribes to the list of tribes with Courts of Indian Offenses (also known as CFR Courts), and deletion of five tribes from those under the jurisdiction of CFR Courts. The March 3, 2013, publication stated that the BIA would review comments on the interim final rule and either confirm the rule or initiate a proposed rulemaking. BIA did not receive any comments, and therefore confirms the rule without change.

DATES: Effective August 13, 2013.

FOR FURTHER INFORMATION CONTACT: Elizabeth Appel, Acting Director, Office of Regulatory Affairs & Collaborative Action, (202) 273-4680; elizabeth.appel@bia.gov.

SUPPLEMENTARY INFORMATION: This rule revises a section of 25 CFR part 11 to add the following Indian tribes to the list of tribes with established Courts of Indian Offenses (also known as CFR Courts): The Seneca-Cayuga Tribe and the Skull Valley Band of Goshute Indians. Adding these tribes will allow for the administration of justice until the added tribes put into effect a law-and-order code that establishes a court system that meets regulatory requirements or until the tribe adopts a legal code and establishes a judicial system in accordance with its constitution and bylaws or other governing documents.

The rule also revises a section of 25 CFR 11.100(c) to remove five tribes from the list of those with established CFR Courts. The tribes removed from the list are the Seminole Nation, the Miami Tribe, the Wyandotte Tribe, the Choctaw Nation of Oklahoma, and the Quapaw Tribe of Indians.

On March 3, 2013, we published an interim final rule with a request for comment at 78 FR 14017. We stated in the interim final rule that we would review any comments received and, by a future publication, address any comments received and either confirm the interim final rule with or without change or initiate a proposed rulemaking. We received no comments on the interim final rule.

Therefore, the interim rule published March 3, 2013, at 78 FR 14017, is confirmed as final without change.

Dated: August 1, 2013.

Kevin K. Washburn,
Assistant Secretary—Indian Affairs.

BILLING CODE 4310-W7-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2013-0103]

Safety Zone; Luna Pier Fireworks, Luna Pier, MI

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the safety zone for the Luna Pier Fireworks Show, Luna Pier, MI, from 9:25 p.m. until 10:25 p.m. on August 24, 2013. Enforcement of this zone is necessary to ensure the safety of life on the navigable waters of the United States immediately prior to, during, and immediately after the associated marine event. During the aforementioned period, the Coast Guard will enforce restrictions upon, and control movement of, vessels on those waters of Lake Erie within a 300-yard radius of the fireworks launch site at the Clyde E. Evens Municipal Pier, located at position 41°48'32" N, 83°26'23" W (NAD 83) immediately prior to, during, and immediately after the fireworks event.

DATES: The regulation in 33 CFR 165.941(a)(16) will be enforced from 9:25 p.m. until 10:25 p.m. on August 24, 2013.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or email MST1 Ian Fallon, Response Department, Marine Safety Unit Toledo, 420 Madison Ave., Suite 700, Toledo, OH 43604; telephone (419) 418-6036, email Ian.M.Fallon@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone listed in 33 CFR 165.941(a)(16) Luna Pier Fireworks Show, Luna Pier, MI from 9:25 p.m. to 10:35 p.m. on August 24, 2013.

Under the provisions of 33 CFR 165.23, entry into, transiting, or anchoring within this safety zone during the enforcement period is prohibited unless authorized by the Captain of the Port Detroit or his designated representative. Vessels that wish to transit through the safety zone may request permission from the Captain of the Port Detroit or his designated representative. Requests must be made in advance and approved by the Captain of Port before transits will be authorized. Approvals will be granted on a case by case basis. The Captain of the Port may be contacted via U.S. Coast Guard Sector Detroit on channel 16,

VHF-FM. The Coast Guard will give notice to the public via Local Notice to Mariners and VHF radio broadcasts that the regulation is being enforced.

This notice is issued under authority of 33 CFR 165.941(a)(16) and 5 U.S.C. 552(a). If the Captain of the Port determines that the safety zone need not be enforced for the full duration stated in this notice, he or she may suspend such enforcement and notify the public of the suspension via a Broadcast Notice to Mariners.

Dated: July 29, 2013.

J. E. Ogden,

Captain, U.S. Coast Guard, Captain of the Port Detroit.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket ID FEMA-2013-0002]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Modified Base (1% annual-chance) Flood Elevations (BFEs) are finalized for the communities listed below. These modified BFEs will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective dates for these modified BFEs are indicated on the following table and revise the Flood Insurance Rate Maps (FIRMs) in effect for the listed communities prior to this date.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations

listed below of the modified BFEs for each community listed. These modified BFEs have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

The modified BFEs are not listed for each community in this notice. However, this final rule includes the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection.

The modified BFEs are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These modified BFEs are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings. The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action

under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

- 1. The authority citation for part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 65.4 [Amended]

- 2. The tables published under the authority of § 65.4 are amended as follows:

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 0, 1, and 43

[WC Docket No. 11-10; FCC 13-87]

Modernizing the FCC Form 477 Data Program

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Report and Order revises the Federal Communications Commission's Form 477 collection to include data on deployment of fixed and mobile broadband networks and mobile voice networks, as well as company identification and emergency contact information. The Report and Order also makes a number of targeted changes to the collection of subscription data to reduce reporting burdens and improve the quality and usefulness of data collected through the Form 477.

DATES: Effective September 12, 2013 except for the amendments to §§ 1.7001, 1.7002, 43.01 and 43.11 of the Commission's rules, which contain information collection requirements that have not been approved by the Office of Management and Budget and will become effective upon announcement in the **Federal Register** of Office of Management and Budget approval and an effective date of the rules.

FOR FURTHER INFORMATION CONTACT: Chelsea Fallon, Industry Analysis and Technology Division, Wireline Competition Bureau, at (202) 418-0940.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order in WC Docket No. 11-10, FCC 13-87, released on June 27, 2013. The complete text of this document is available for public inspection during regular business hours in the FCC Reference Information Center, Room CY-A257, 445 12th Street SW., Washington, DC 20554. It is also available on the Commission's Web site at <http://www.fcc.gov>.

Congressional Review Act

The Commission will send a copy of this Report and Order in a report to be

sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act.

Synopsis of Report and Order

I. Introduction

1. The Commission is committed to robust, data-driven decision making. Data about broadband and voice deployment and subscription are essential to the Commission's ability to fulfill its statutory obligations and play a vital public interest role for other state, local, and federal agencies, researchers, and consumers. To carry out our commitment, we need adequate and reliable data.

2. For the last three years, data on broadband deployment have been collected by the National Telecommunications and Information Administration (NTIA) to populate the National Broadband Map. But NTIA's collection program is nearing its completion. In today's Order, we assume the responsibility for collection of broadband deployment data, with some modifications to streamline and reduce the burdens on providers while making other modest improvements. We applaud NTIA for its collection in coordination with the states through the State Broadband Initiative (SBI). We are proud to carry the torch forward.

3. In addition, this Order makes a number of targeted changes to reduce reporting burdens and enhance the usefulness of data collected through the Form 477. Specifically, we modify our Form 477 program in the following ways. To ensure continuity with the National Broadband Map, we collect network deployment data for fixed and mobile broadband as well as mobile voice network deployment data. Fixed broadband data will be collected by census block, while mobile broadband and mobile voice providers will provide data showing their network coverage areas. To streamline and reduce burdens, we will not require providers to submit broadband deployment data in predetermined speed tiers, and instead will require providers of broadband services simply to provide advertised speeds—the maximum advertised speed in each census block for fixed broadband, and the minimum advertised speed in each coverage area for mobile broadband. Streamlining the collection in this manner will give the Commission greater flexibility to group and analyze broadband speed data in useful ways. We also allow providers to file all data in a single, uniform format, rather than potentially different formats across the states. To analyze competition for residential versus

business customers, fixed broadband providers must distinguish, where appropriate, between deployment of residential and nonresidential services.

4. With regard to our collection of subscription and other data, we also take measures to reduce burdens while improving the quality of our data: To reduce burdens we: eliminate the use of speed tiers for broadband subscription data, as we do with broadband deployment data, and require filers to provide the number of broadband connections by the advertised speeds associated with each product subscribed to in the relevant geographic area, census tracts for fixed and states for mobile. Fixed providers will report connections by the maximum advertised upload and download speeds, while mobile providers will report connections by minimum advertised upload and download speeds. We also eliminate various questions on the current Form 477 in order to streamline the Form, avoid duplication with the new deployment collection, and reduce the burden on filers. To improve the quality of the subscription data we collect, we require providers of fixed voice and interconnected VoIP services to file subscription data by census tract, as we currently do for fixed broadband subscription data, rather than the current process of requiring such providers to submit the list of ZIP codes in which they provide service to end-user customers. To enhance our ability to meet public safety needs and obligations, we collect emergency contact information from providers. Finally, we require filers to report certain company identification information, which will facilitate transaction reviews, as well as ongoing vigilance against waste, fraud, and abuse of universal service funding.

5. We are committed to improving the data that the Commission collects even as we continue to explore ways to make the Form 477 filing less burdensome. To that end, we direct the Wireline Competition Bureau, in consultation with the Wireless Telecommunications Bureau, to explore technical improvements to the Form 477 filing mechanism that may make the process easier for filers, and to examine ways to collect more granular data without increasing burdens.

II. Background

A. Development and Evolution of the Form 477 Data Program

6. The Commission's Form 477 was established in 2000 to provide the Commission with uniform and reliable data not comprehensively available
