SUPPLEMENTARY INFORMATION:

Overview

Federal Agency: Rural Housing Service.

Funding Opportunity Title: Rural Community Development Initiative.
Announcement Type: Initial Announcement.

Catalog of Federal Domestic Assistance (CFDA) Number: 10.446.

DATES: The deadline for receipt of an application is 4 p.m. local time, November 12, 2013. The application date and time are firm. The Agency will not consider any application received after the deadline. Applicants intending to mail applications must provide sufficient time to permit delivery on or before the closing deadline date and time. Acceptance by the United States Postal Service or private mailer does not constitute delivery. Facsimile (FAX) and postage due applications will not be accepted.

Part I—Funding Opportunity Description

Congress initially created the RCDI in Fiscal Year (FY) 2000 to develop the capacity and ability of nonprofit organizations, low-income rural communities, or federally recognized tribes to undertake projects related to

housing, community facilities, or community and economic development in rural areas.

Part II—Award Information

Congress appropriated, net rescissions and sequestration, \$5,676,077 in FY 2013 for the RCDI program. Qualified private, nonprofit and public (including tribal) intermediary organizations proposing to carry out financial and technical assistance programs will be eligible to receive the funding. The intermediary will be required to provide matching funds in an amount at least equal to the RCDI grant.

The respective minimum and maximum grant amount per intermediary is \$50,000 and \$300,000.

The intermediary must provide a program of financial and technical assistance to a private, nonprofit community-based housing and development organization, a low-income rural community or a federally recognized tribe.

Part III—Eligibility Information

A. Eligible Applicants

1. Qualified private, nonprofit, including faith-based and community organizations, and philanthropic foundations in accordance with 7 CFR Part 16, and public (including tribal) intermediary organizations. Definitions that describe eligible organizations and other key terms are listed below.

2. RCDI grantees that have an outstanding grant over 3 years old, as of the application due date in this Notice, will not be eligible to apply for this round of funding. Grant and matching funds must be utilized in a timely manner to ensure that the goals and objectives of the program are met.

B. Program Definitions

Agency—The Rural Housing Service (RHS) or its successor.

Beneficiary—Entities or individuals that receive benefits from assistance provided by the recipient.

Capacity—The ability of a recipient to implement housing, community facilities, or community and economic development projects.

Federally recognized tribes—Tribal entities recognized and eligible for funding and services from the Bureau of Indian Affairs, based on the current notice in the **Federal Register** published by the Bureau of Indian Affairs. Tribally Designated Housing Entities are eligible RCDI recipients.

Financial assistance—Funds, not to exceed \$10,000 per award, used by the intermediary to purchase supplies and equipment to build the recipient's capacity.

Funds—The RCDI grant and matching money.

Intermediary—A qualified private, nonprofit (including faith-based and community organizations and philanthropic foundations), or public (including tribal) organization that provides financial and technical assistance to multiple recipients.

Low-income rural community—An authority, district, economic development authority, regional council, or unit of government representing an incorporated city, town, village, county, township, parish, or borough whose income is at or below 80 percent of either the state or national Median Household Income as measured by the 2010 Census.

Matching funds—Cash or confirmed funding commitments. Matching funds must be at least equal to the grant amount and committed for a period of not less than the grant performance period.

Recipient—The entity that receives the financial and technical assistance from the Intermediary. The recipient must be a nonprofit community-based housing and development organization, a low-income rural community or a federally recognized Tribe.

Regional Collaboration—Multi-jurisdictional areas typically within a State, territory, or Federally-designated Tribal land but which can cross State, territory, or Tribal boundaries.

Regional Collaboration approach is intended to combine the resources of the Agency with those of State and local governments, educational institutions, and the private and nonprofit sectors to implement regional economic and community development strategies, including the enhancement of community-based philanthropic endowments.

Rural and rural area—Any area other than (i) a city or town that has a population of greater than 50,000 inhabitants; and (ii) the urbanized area contiguous and adjacent to such city or town.

Technical assistance—Skilled help in improving the recipient's abilities in the areas of housing, community facilities, or community and economic development.

C. Cost Sharing or Matching

Matching funds are cash or confirmed funding commitments and must be at least equal to the grant amount and committed for a period of not less than the grant performance period. These funds can only be used for eligible RCDI activities. Matching funds must be used to support the overall purpose of the RCDI program.

In-kind contributions such as salaries, donated time and effort, real and nonexpendable personal property and goods and services cannot be used as matching funds.

Grant funds and matching funds must be used in equal proportions. This does not mean funds have to be used equally by line item.

The request for advance or reimbursement and supporting documentation must show that RCDI fund usage does not exceed the cumulative amount of matching funds used.

Grant funds will be disbursed pursuant to relevant provisions of 7 CFR parts 3015, 3016, and 3019, as applicable. Verification of matching funds must be submitted with the application.

The intermediary is responsible for demonstrating that matching funds are available, and committed for a period of not less than the grant performance period to the RCDI proposal. Matching funds may be provided by the intermediary or a third party. Other Federal funds may be used as matching funds if authorized by statute and the purpose of the funds is an eligible RCDI purpose.

RCDI funds will be disbursed on an advance or reimbursement basis. Matching funds cannot be expended prior to execution of the RCDI Grant Agreement.

No reimbursement will be made for any funds expended prior to execution of the RCDI Grant Agreement unless the intermediary is a non-profit or educational entity and has requested and received written Agency approval of the costs prior to the actual expenditure.

This exception is applicable for up to 90 days prior to grant closing and only applies to grantees that have received written approval but have not executed the RCDI Grant Agreement.

The Agency cannot retroactively approve reimbursement for expenditures prior to execution of the RCDI Grant Agreement.

D. Other Program Requirements

1. The recipient and beneficiary, but not the intermediary, must be located in an eligible rural area.

The physical location of the recipient's office that will be receiving the financial and technical assistance must be in an eligible rural area. If the recipient is a low-income community, the median household income of the area where the office is located must be at or below 80 percent of the State or national median household income, whichever is higher.

The applicable Rural Development State Office can assist in determining the eligibility of an area.

A listing of Rural Development State Offices is included in this Notice. A map showing eligible rural areas can be found at the following link: <http://eligibility.test.sc.egov.usda.gov/eligibility/welcomeAction.do?pageAction=RBSmenu&NavKey=property@13>.

2. The recipient must be a nonprofit, which may include faith-based organization, community-based housing and development organization, low-income rural community, or federally recognized tribe based on the RCDI definitions of these groups.

3. Documentation must be submitted to verify recipient eligibility. Acceptable documentation varies depending on the type of recipient. Private nonprofit, faith or community-based organizations must provide a certificate of incorporation and good standing from the Secretary of the State of incorporation, or other similar and valid documentation of nonprofit status. For low-income rural community recipients, the Agency requires evidence that the entity is a public body and census data verifying that the median household income of the community where the office receiving the financial and technical assistance is located is at, or below, 80 percent of the State or national median household income, whichever is higher.

For Federally recognized tribes, the Agency needs the page listing their name from the current **Federal Register** list of tribal entities recognized and eligible for funding services (see the definition of federally recognized tribes in this Notice for details on this list).

4. Individuals cannot be recipients.

5. The intermediary must provide matching funds at least equal to the amount of the grant. Verification of matching funds must be submitted with the application. Matching funds must be committed for a period equal to the grant performance period.

6. The intermediary must provide a program of financial and technical assistance to the recipient.

7. The intermediary organization must have been legally organized for a minimum of 3 years and have at least 3 years prior experience working with private nonprofit community-based housing and development organizations, low-income rural communities, or tribal organizations in the areas of housing, community facilities, or community and economic development.

8. Proposals must be structured to utilize the grant funds within 3 years from the date of the award.

9. Each applicant, whether singularly or jointly, may only submit one application for RCDI funds under this Notice. This restriction does not preclude the applicant from providing matching funds for other applications.

10. Recipients can benefit from more than one RCDI application; however, after grant selections are made, the recipient can only benefit from multiple RCDI grants if the type of financial and technical assistance the recipient will receive is not duplicative. The services must have separate and identifiable accounts for compliance purposes.

11. The intermediary and the recipient cannot be the same entity. The recipient can be a related entity to the intermediary, if it meets the definition of a recipient, provided the relationship does not create a conflict of interest that cannot be resolved to Rural Development's satisfaction.

12. A nonprofit recipient must provide evidence that it is a valid nonprofit when the intermediary applies for the RCDI grant. Organizations with pending requests for nonprofit designations are not eligible.

13. If the recipient is a low-income rural community, identify the unit of government to which the financial and technical assistance will be provided, e.g., town council or village board.

The financial and technical assistance must be provided to the organized unit of government representing that community, not the community at large.

14. If a grantee has an outstanding RCDI grant over 3 years old, as of the application due date in this Notice, it is not eligible to apply for this round of funding.

15. The indirect cost category in the project budget should be used only when a grant applicant has a federally negotiated indirect cost rate. A copy of the current rate agreement must be provided with the application.

16. Grant applicants must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number and register in the System for Award Management (SAM) prior to submitting a pre-application pursuant to 2 CFR 25.200(b). In addition, an entity applicant must maintain registration in SAM at all times during which it has an active Federal award or an application or plan under construction by the Agency. Similarly, all recipients of Federal financial assistance are required to report information about first-tier subawards and executive compensation in accordance to 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to

comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

E. Eligible Fund Uses

Fund uses must be consistent with the RCDI purpose. A nonexclusive list of eligible grant uses includes the following:

1. Provide technical assistance to develop recipients' capacity and ability to undertake projects related to housing, community facilities, or community and economic development, e.g., the intermediary hires a staff person to provide technical assistance to the recipient or the recipient hires a staff person, under the supervision of the intermediary, to carry out the technical assistance provided by the intermediary.

2. Develop the capacity of recipients to conduct community development programs, e.g., homeownership education or training for business entrepreneurs.

3. Develop the capacity of recipients to conduct development initiatives, e.g., programs that support micro-enterprise and sustainable development.

4. Develop the capacity of recipients to increase their leveraging ability and access to alternative funding sources by providing training and staffing.

5. Develop the capacity of recipients to provide the technical assistance component for essential community facilities projects.

6. Assist recipients in completing pre-development requirements for housing, community facilities, or community and economic development projects by providing resources for professional services, e.g., architectural, engineering, or legal.

7. Improve recipient's organizational capacity by providing training and resource material on developing strategic plans, board operations, management, financial systems, and information technology.

8. Purchase of computers, software, and printers, limited to \$10,000 per award, at the recipient level when directly related to the technical assistance program being undertaken by the intermediary.

9. Provide funds to recipients for training-related travel costs and training expenses related to RCDI.

F. Ineligible Fund Uses

The following is a list of ineligible grant uses:

1. Pass-through grants, capacity grants, and any funds provided to the recipient in a lump sum that are not reimbursements.

2. Funding a revolving loan fund (RLF).

3. Construction (in any form).

4. Salaries for positions involved in construction, renovations, rehabilitation, and any oversight of these types of activities.

5. Intermediary preparation of strategic plans for recipients.

6. Funding prostitution, gambling, or any illegal activities.

7. Grants to individuals.

8. Funding a grant where there may be a conflict of interest, or an appearance of a conflict of interest, involving any action by the Agency.

9. Paying obligations incurred before the beginning date without prior Agency approval or after the ending date of the grant agreement.

10. Purchasing real estate.

11. Improvement or renovation of the grantee's, or recipient's office space or for the repair or maintenance of privately owned vehicles.

12. Any purpose prohibited in 7 CFR parts 3015, 3016, and 3019, as applicable.

13. Using funds for recipient's general operating costs.

14. Using grant or matching funds for Individual Development Accounts.

15. Purchasing vehicles.

G. Program Examples and Restrictions

The purpose of this initiative is to develop or increase the recipient's capacity through a program of financial and technical assistance to perform in the areas of housing, community facilities, or community and economic development. Strengthening the recipient's capacity in these areas will benefit the communities they serve. The RCDI structure requires the intermediary (grantee) to provide a program of financial and technical assistance to recipients.

The recipients will, in turn, provide programs to their communities (beneficiaries). The following are examples of eligible and ineligible purposes under the RCDI program. (These examples are illustrative and are not meant to limit the activities proposed in the application. Activities that meet the objectives of the RCDI program will be considered eligible.)

1. The intermediary must work directly with the recipient, not the ultimate beneficiaries. As an example:

The intermediary provides training to the recipient on how to conduct homeownership education classes. The recipient then provides ongoing homeownership education to the residents of the community—the ultimate beneficiaries. This “train the trainer” concept fully meets the intent of this initiative. The intermediary is providing technical assistance that will

build the recipient's capacity by enabling them to conduct homeownership education classes for the public.

This is an eligible purpose. However, if the intermediary directly provided homeownership education classes to individuals in the recipient's service area, this would not be an eligible purpose because the recipient would be bypassed.

2. If the intermediary is working with a low-income community as the recipient, the intermediary must provide the technical assistance to the entity that represents the low-income community and is identified in the application. Examples of entities representing a low-income community are a village board or a town council.

If the intermediary provides technical assistance to the Board of the low-income community on how to establish a cooperative, this would be an eligible purpose. However, if the intermediary works directly with individuals from the community to establish the cooperative, this is not an eligible purpose.

The recipient's capacity is built by learning skills that will enable them to support sustainable economic development in their communities on an ongoing basis.

3. The intermediary may provide technical assistance to the recipient on how to create and operate a revolving loan fund. The intermediary may not monitor or operate the revolving loan fund. RCDI funds, including matching funds, cannot be used to fund revolving loan funds.

4. The intermediary may work with recipients in building their capacity to provide planning and leadership development training. The recipients of this training would be expected to assume leadership roles in the development and execution of regional strategic plans. The intermediary would work with multiple recipients in helping communities recognize their connections to the greater regional and national economies.

5. The intermediary could provide training and technical assistance to the recipients on developing emergency shelter and feeding, short-term housing, search and rescue, and environmental accident, prevention, and cleanup program plans. For longer term disaster and economic crisis responses, the intermediary could work with the recipients to develop job placement and training programs, and develop coordinated transit systems for displaced workers.

If a system problem or technical difficulty occurs with an electronic application, please use the customer support resources available at the Grants.gov Web site.

Technical difficulties submitting an application through Grants.gov will not be a reason to extend the application deadline. If an application is unable to be submitted through Grants.gov, a paper application must be received in the appropriate Rural Development State Office by the deadline noted previously.

First time Grants.gov users should carefully read and follow the registration steps listed on the Web site. These steps need to be initiated early in the application process to avoid delays in submitting your application online.

In order to register with System for Award Management (SAM), your organization will need a DUNS number. Be sure to complete the Marketing Partner ID (MPID) and Electronic Business Primary Point of Contact fields during the SAM registration process.

D. Funding Restrictions

RCDI grant funds cannot be used for these meeting-related expenses. Matching funds may, however, be used to pay for these expenses.

RCDI funds may be used to pay for a speaker as part of a program, equipment to facilitate the program, and the actual room that will house the meeting.

RCDI funds can be used for travel, transportation, or subsistence expenses for program-related training and technical assistance purposes.

Any training not delineated in the application must be approved by the Agency to verify compliance with 31 U.S.C. 1345.

Part V—Application Review Information

A. Evaluation Criteria

Applications will be evaluated using the following criteria and weights:

1. Building Capacity—Maximum 60 Points

The applicant must demonstrate how they will improve the recipients' capacity, through a program of financial and technical assistance, as it relates to the RCDI purposes.

Capacity-building financial and technical assistance should provide new functions to the recipients or expand existing functions that will enable the recipients to undertake projects in the areas of housing, community facilities, or community and economic development that will benefit the community. Capacity-building financial and technical assistance may include, but is not limited to: Training to conduct community development programs, e.g., homeownership education, or the establishment of minority business entrepreneurs, cooperatives, or micro-enterprises; organizational development, e.g., assistance to develop or improve board operations, management, and financial systems; instruction on how to develop and implement a strategic plan; instruction on how to access alternative funding sources to increase leveraging opportunities; staffing, e.g., hiring a person at intermediary or recipient level to provide technical assistance to recipients.

The program of financial and technical assistance provided, its delivery, and the measurability of the program's effectiveness will determine the merit of the application.

All applications will be competitively ranked with the applications providing the most improvement in capacity

development and measurable activities being ranked the highest.

a. The narrative response must:

i. Describe the nature of financial and technical assistance to be provided to the recipients and the activities that will be conducted to deliver the technical assistance;

ii. Explain how financial and technical assistance will develop or increase the recipient's capacity. Indicate whether a new function is being developed or if existing functions are being expanded or performed more effectively;

iii. Identify which RCDI purpose areas will be addressed with this assistance: Housing, community facilities, or community and economic development; and

iv. Describe how the results of the technical assistance will be measured. What benchmarks will be used to measure effectiveness? Benchmarks should be specific and quantifiable.

b. The maximum 60 points for this criterion will be broken down as follows:

i. Type of financial and technical assistance and implementation activities. 35 points.

ii. An explanation of how financial and technical assistance will develop capacity. 10 points.

a. Nonprofit organizations in rural areas.

b. Low-income communities in rural areas, (also include the type of entity, e.g., city government, town council, or village board).

c. Federally recognized tribes or any other culturally diverse organizations.

3. Population—Maximum 30 Points

Population is based on the average population from the 2010 census data

for the communities in which the recipients are located. The physical address, not mailing address, for each recipient must be used for this criterion. Community is defined for scoring purposes as a city, town, village, county, parish, borough, or census-designated place where the recipient's office is physically located.

The applicant must submit the census data from the following Web site in the form of a printout of the applicable "Fact Sheet" to verify the population figures used for each recipient. The data can be accessed on the Internet at <http://www.census.gov>; click on "American FactFinder," fill in field and click "Go"; the name and population data for each recipient location must be listed in this section.

The average population of the recipient locations will be used and will be scored as follows:

Population	Scoring (points)
5,000 or less	30
5,001 to 10,000	20
10,001 to 20,000	10
20,001 to 50,000	5

4. Income—Maximum 30 Points

The average of the median household income for the communities where the recipients are physically located will determine the points awarded. The physical address, not mailing address, for each recipient must be used for this criterion. Applicants may compare the average recipient median household income to the State median household income or the national median household income, whichever yields the most points. The national median household income to be used is \$51,914.

The applicant must submit the income data in the form of a printout of the applicable information from the following Web site to verify the income for each recipient. The data being used is from the 2010 census. The data can be accessed on the Internet at <http://www.census.gov>; click on "American FactFinder," fill in field and click "Go"; the name and income data for each recipient location must be listed in this section. Points will be awarded as follows:

Average Recipient Median Income	Scoring (points)
Less than 60 percent of state or national median household income	30
From 60 to 70 percent of state or national median household income	20

Average Recipient Median Income	Scoring (points)
Greater than 70 to 80 percent of state or national median household income	10
In excess of 80 percent of state or national median household income	0

5. Soundness of Approach—Maximum 50 Points

The applicant can receive up to 50 points for soundness of approach. The overall proposal will be considered under this criterion. Applicants must list the page numbers in the application that address these factors.

The maximum 50 points for this criterion will be broken down as follows:

a. The ability to provide the proposed financial and technical assistance based on prior accomplishments has been demonstrated. 10 Points.

b. The proposed financial and technical assistance program is clearly stated and the applicant has defined how this proposal will be implemented. The plan for implementation is viable. 10 Points.

6. Technical assistance for the development of Renewable Energy Systems and Energy Efficiency Improvements—Maximum 20 Points

The applicant must demonstrate how they will improve the recipients' capacity to carry out activities related to the development of renewable energy systems and energy efficiency improvements for housing, community facilities, or community and economic development.

7. Regional Collaboration Applications—Maximum 20 Points

The Agency encourages applications that promote substantive economic growth, including job creation, as well as specifically addressing the circumstances of those sectors within the region that have fewer prospects and the greatest need for improved economic opportunity.

A Regional Collaboration project should implement goals, objectives or actions identified in a Regional Strategic Plan which addresses priorities specified at a regional scale. Applications should demonstrate:

a. Clear leadership at the Intermediary level in organizing and coordinating a regional initiative;

b. Evidence that the Recipient's region has a common economic basis that supports the likelihood of success in implementing its strategy; and

c. Evidence that technical assistance will be provided that will increase the Recipient's capacity to assess their circumstance, determine a long term sustainable vision for the region, and implement a comprehensive strategic plan, including identifying performance measures and establishing a system to collect the data to allow assessment of those performance measures.

8. Local Investment Points—Maximum 20 Points

Intermediaries must be physically located in an eligible rural community and must include evidence of investment in the community. The intent is to ensure that RCDI funds are expended in the rural community.

Applicant must demonstrate how it will support the redevelopment of manufacturing communities that have had major plant closings, in partnership with local leaders, workers and businesses. The maximum 25 points for this criterion will be awarded as follows:

Points may be awarded to more than one application per state or jurisdiction. The total points awarded under this criterion, to all applications, will not exceed 20. Assignment of points will include a written justification and be tied to and awarded based on how closely they align with the Rural Development State Office's strategic plan.

11. Proportional Distribution Points—20 Points

This criterion does not have to be addressed by the applicant. After applications have been evaluated and awarded points under the first 9 criteria, the Agency may award 20 points per application to promote an even distribution of grant awards between the ranges of \$50,000 to \$300,000.

B. Review and Selection Process

1. Rating and Ranking

Applications will be rated and ranked on a national basis by a review panel based on the "Evaluation Criteria" contained in this Notice. If there is a tied score after the applications have been rated and ranked, the tie will be resolved by reviewing the scores for "Building Capacity" and the applicant with the highest score in that category will receive a higher ranking. If the scores for "Building Capacity" are the same, the scores will be compared for the next criterion, in sequential order, until one highest score can be determined.

2. Initial Screening
