

dividing the number representing Bureau of Prisons facilities' monetary obligation (excluding activation costs) by the number of inmate-days incurred for the preceding fiscal year, and then by multiplying the quotient by 365. In 2012, however, there were 366 days, so we multiply the quotient by 366 for 2012.

Under § 505.2, the Director of the Bureau of Prisons determined that, based upon fiscal year 2012 data, the fee to cover the average cost of incarceration for Federal inmates in Fiscal Year 2012 was \$29,027.46 (\$79.31 per day). (Please note: There were 366 days in FY 2012.) The average annual cost to confine an inmate in a Community Corrections Center for Fiscal Year 2012 was \$27,003 (\$73.78 per day).

Description: Many provisions of the Patient Protection and Affordable Care Act (Affordable Care Act) that become effective beginning in 2014 are designed to expand access to affordable health coverage. These include provisions for coverage to be offered through a Health Insurance Marketplace (Marketplace), premium tax credits to assist individuals in purchasing such coverage, employer notice to employees of coverage options available through the Marketplace, and other related provisions. The Departments of Labor, Health and Human Services (HHS), and the Treasury are working together to develop coordinated regulations and

other administrative guidance to assist stakeholders with implementation of the Affordable Care Act.

Beginning January 1, 2014, individuals and employees of small businesses will have access to affordable coverage through a new competitive private health insurance market—the Health Insurance Marketplace. The Marketplace offers one-stop shopping to find and compare private health insurance options. Open enrollment for health insurance coverage through the Marketplace begins October 1, 2013.

Section 1512 of the Affordable Care Act creates a new Fair Labor Standards Act (FLSA) section 18B requiring a notice to employees of coverage options available through the Marketplace. On May 8, 2013, the Department issued Technical Release 2013-2, which provides temporary guidance regarding the notice requirement under FLSA section 18B and announces the availability of the Model Notice to Employees of Coverage Options.

On May 10, 2013, the Office of Management and Budget (OMB) approved the model notice under OMB Control Number 1210-0149 pursuant to the emergency procedures for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35) and 5 CFR 1320.13. OMB approval of the revision currently is scheduled to expire on November 30, 2013.

Title: Annual Funding Notice for Defined Benefit Plans.

Type of Review: Extension of a currently approved collection of information.

OMB Control Number: 1210-0126.

Affected Public: Individuals or households; Business or other for-profit; Not-for-profit institutions.

Respondents: 27,534.

Estimated Total Burden Hours: 977,000.

Estimated Total Burden Cost (Operating and Maintenance): \$26,845,755.

Description: On July 6, 2012, President Barack Obama signed the Moving Ahead for Progress in the 21st Century Act (MAP-21). The new law provides funding interest-rate stabilization for single employer defined benefit (DB) plans, effective for plan years beginning on and after January 1, 2012. To counter the current low interest rates that are triggering significantly larger pension contributions for many plan sponsors, the MAP-21 sets a floor (or ceiling) for the interest rates that single employer

DB plan administrators generally are required to use to calculate contributions. Under the new rules, the generally required interest rates are limited to rates that are within a specified range, or corridor, above or below a 25-year average for the rates.

Employee Retirement Income Security Act of 1974 (ERISA) section 101(f) sets forth the requirements for plan administrators of most single-employer DB plans to furnish annual funding notices to the PBGC, plan participants and beneficiaries, and each labor organization representing such participants or beneficiaries. MAP-21 section 40211(b)(2)(A) has amended ERISA section 101(f)(2), by adding a new subparagraph (D), to require single-employer DB plan administrators to disclose additional information in the annual funding notice for a plan year beginning after December 31, 2011, and before January 1, 2015, regarding the effect of the MAP-21 segment rate stabilization rules on plan liabilities and the plan sponsor's minimum required contributions to the plan. MAP-21 section 40211(b)(2)(B) requires the Department to modify the model annual funding notice required under Pension Protection Act of 2006 (PPA) section 501(c) to include, prominently, the supplemental information required under new ERISA section 101(f)(2)(D).

On March 8, 2013, the Department released EBSA Field Assistance Bulletin (FAB) 2013-01 concerning the new disclosure requirements mandated the MAP-21. The FAB addresses a need for interim guidance pending the adoption of regulations or other guidance under ERISA section 101(f), as amended by the MAP-21. The FAB sets forth technical questions and answers and provides a model supplement that plan administrators may use to discharge their MAP-21 disclosure obligations and provides that, pending further guidance and as a matter of enforcement policy, the Department will treat a single employer DB plan administrator as satisfying MAP-21 requirements if the plan administrator complies with the guidance in the memorandum and otherwise acts in accordance with a good faith and reasonable interpretation of those requirements.

On April 19, 2013, the Office of Management and Budget (OMB) approved the model supplement as a revision to OMB Control Number 1210-0126 under the emergency procedures for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35) and 5 CFR 1320.13. OMB approval of the revision currently is scheduled to expire on December 31, 2013.

Desired Focus of Comments

The Department is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Comments submitted in response to this notice will be summarized and/or included in the ICR for OMB approval of the extension of the information collection; they will also become a matter of public record.

Dated: August 8, 2013.

Departmental Clearance Officer.
