The Assistant Secretary for Policy, Management and Budget approved the BLM's petition/application. Therefore, the petition/application constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1-3(e)).

The purpose of the proposed withdrawal is to protect the cultural, recreational, and biological resources within the TRWSR.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses and would not provide adequate protection of the Federal investment in the improvements located on the lands.

There are no suitable alternative sites as the described lands contain the resource values to be protected.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

Records relating to the application may be examined by contacting the BLM at the above address and phone number.

For a period until November 19, 2013, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the Field Manager, BLM Redding Field Office, 355 Hemsted Drive, Redding, CA 96002. Information regarding the proposed withdrawal will be available for public review at the BLM's Redding Field Office, during regular business hours, 8 a.m. to 4:30 p.m. Monday through Friday, except Federal holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Individuals that submit written comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review, however, we cannot guarantee that we will be able to do so.

Notice is hereby given that the opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the Field Manager, BLM Redding Field Office, BLM at the address indicated above by November 19, 2013. If the BLM authorized officer determines that the BLM will hold a public meeting, the BLM will publish a notice of the time and place in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

For a period until August 21, 2015, the public lands described in this notice will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing laws or disposal under the Materials Act of

1947, unless the application is denied or canceled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreement, or discretionary land use authorizations of a temporary nature that will not significantly impact the values to be protected by the withdrawal may be allowed with the approval of the authorized officer of the BLM during the temporary segregation period.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Robert M. Wick,

Acting Deputy State Director, Natural Resources (CA930).

Abstract: Private businesses under contract to the National Park Service manage food, lodging, tours, whitewater rafting, boating, and many other recreational activities and amenities in more than 100 national parks. These services gross more than \$1 billion every year and provide jobs for more than 25,000 people during peak season.

The regulations at 36 CFR Part 51 primarily implement Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391), which provides legislative authority, policies, and requirements for the solicitation, award, and administration of NPS concession contracts. The information collection requirements associated with NPS concessions are currently approved under four OMB control numbers.

During our review for this renewal, we discovered some additional requirements that need OMB approval. In this revision of 1024-0029, we are including all of the information collection requirements associated with applying for and operating NPS concessions. If OMB approves this revision, we will discontinue OMB Control Numbers 1024-0125, 1024-0126, and 1024-0231.

Comments: On March 7, 2013, we published in the **Federal Register** (78 FR 14822) a notice of our intent to

request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on May 6, 2013. We did not receive any comments.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: August 16, 2013.

Leonard E. Stowe,

Acting Information Collection Clearance Officer, National Park Service.
