National Institutes of Health

Office of the Director, National Institutes of Health; Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of a meeting of the Scientific Management Review Board.

The NIH Reform Act of 2006 (Pub. L. 109–482) provides organizational authorities to HHS and NIH officials to: (1) Establish or abolish national research institutes; (2) reorganize the offices within the Office of the Director, NIH including adding, removing, or transferring the functions of such offices or establishing or terminating such offices; and (3) reorganize, divisions, centers, or other administrative units within an NIH national research institute or national center including adding, removing, or transferring the functions of such units, or establishing or terminating such units. The purpose of the Scientific Management Review Board (also referred to as SMRB or Board) is to advise appropriate HHS and NIH officials on the use of these organizational authorities and identify the reasons underlying the recommendations.

The meeting will be open to the public through teleconference at the number listed below.

Name of Committee: Scientific Management Review Board.

Date: September 18, 2013.

Time: 11:00 a.m. to 12:30 p.m.

Agenda: This meeting will focus on the deliberations and preliminary findings of the SMRB's Value of Biomedical Research Working Group. Further information regarding this meeting, including the agenda, will be available at <http://smrb.od.nih.gov>. Time will be allotted on the agenda for public comment. To sign up for public comment, please submit your name and affiliation to the Contact Person listed below by September 17, 2013. Sign up will be restricted to one sign up per email. In the event that time does not allow for all those interested to present oral comments, anyone may file written comments with the committee through the Contact Person listed below. The statement should include the name, address, telephone number, and when applicable, the business or professional affiliation of the interested person.

The toll-free number to participate in the teleconference is 800-369-1872. Indicate to the conference operator that your Participant pass code is "SMRB." The draft meeting agenda, meeting materials, and other information about the SMRB, will be available at <http://smrb.od.nih.gov>.

Place: National Institutes of Health, Office of the Director, NIH, Office of Science Policy, 6705 Rockledge Drive, Suite 750, Bethesda, MD 20892, (Telephone Conference Call).

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2013-0058]

Privacy Act of 1974; Department of Homeland Security/ALL-035 Common Entity Index Prototype System of Records

AGENCY: Privacy Office, Department of Homeland Security.

ACTION: Notice of Privacy Act System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to establish a new Department of Homeland Security system of records titled, "Department of Homeland Security/ALL-035 Common Entity Index Prototype System of Records." This system of records allows the Department of Homeland Security to correlate identity data from select component-level systems and organizes key identifiers that the Department of Homeland Security has collected about that individual. This correlation and consolidation of identity data will facilitate DHS's ability to carry out its missions with appropriate access

control. DHS is building a prototype with an initial set of data for testing and evaluation purposes. If the system passes the testing and evaluation stage and DHS moves to an operational system, either this system will be updated or a new system of records notice will be published.

DATES: Submit comments on or before September 23, 2013. This new prototype system will be effective September 23, 2013.

ADDRESSES: You may submit comments, identified by docket number DHS-2013-0058 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202-343-4010.

- *Mail:* Jonathan R. Cantor, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, please visit <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For questions, please contact: Jonathan R. Cantor, (202) 343-1717, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) proposes to establish a new DHS system of records titled, "DHS/ALL-035 Common Entity Index Prototype (CEI Prototype)."

The purpose of this prototype is to determine the feasibility of establishing a centralized index of select biographic information that will allow DHS to provide a consolidated and correlated record, thereby facilitating and improving DHS's ability to carry out its national security, homeland security, law enforcement, and benefits missions. The ability to perform this task across multiple data sets increases the speed and efficiency of this work and contributes to DHS's readiness and effectiveness in carrying out its national security, homeland security, law enforcement, and benefits missions.

Since 2007, DHS has operated under the "One DHS" policy that was

implemented to afford DHS personnel timely access to the relevant and necessary homeland-security information they need to successfully perform their duties. Since this information is subject to privacy, civil rights and civil liberties, and other legal protections, DHS personnel requesting such information must: (1) Have an authorized purpose, authorized mission, and need to know for accessing the information in the performance of his or her duties; (2) possess the requisite security clearance; and (3) assure adequate safeguarding and protection of the information. In the past, however, this access was limited, time intensive, and required personnel to log on and query separate databases in order to determine the extent of DHS holdings pertaining to a particular individual.

The CEI Prototype will expedite this time-consuming process by correlating identity information from select DHS source system data sets, resolving differences in the data, and consolidating the data as a more comprehensive identity record about an individual, including reference to the relevant source system records. The correlations to be made will be based on biographic linkages contained within the source system data. The CEI Prototype is being tested and evaluated by DHS to determine whether it can successfully result in a more authoritative and complete biographic picture of the individual about whom information is sought. The resulting correlation will be maintained in the CEI Prototype system of records.

The CEI Prototype will correlate biographic data, including full name, date of birth, country of birth, government issued document number(s), phone number, physical address, and email address when available in the source systems. This information will be organized into an updated, common record pertaining to a specific individual. The CEI Prototype thus provides a consolidated, correlated identity record derived from DHS holdings that can then be evaluated for a specific purpose or DHS mission activity. The CEI Prototype uses technical access controls to provide results to a user's query that are based on that user's need to know.

This approach ensures the appropriate privacy, policy, and safeguarding requirements are applied to the new record. The DHS Privacy Office, Office for Civil Rights and Civil Liberties, Office of the General Counsel, and Office of Policy, in coordination with DHS components, will provide policy recommendations and/or oversight of the correlation process, and
