

peer review. EPA will consider SCG's peer review panel report of the comments and recommendations from the three peer review meetings, as well as written comments and materials and electronic materials in the docket at <http://www.regulations.gov>, as it proceeds to finalize the DCM and NMP TSCA risk assessment.

If potential risks are indicated in the revised risk assessment following peer review and public comment, the Agency will take the necessary risk reduction efforts as warranted. If no risks are identified in the revised risk assessment following revision in response to peer review, then the Agency may conclude its work on the chemical being assessed.

III. How can I request to participate in these meetings?

A. Registration

To attend the peer review meetings, you must register for the meeting no later than 11:59 p.m., EDT, on September 23, 2013. To register for the meeting, go to <http://www.scgcorp.com/dcm-nmp2013/>, complete the online registration form, and submit the required information. You may also register through the U.S. Postal Service or by overnight/priority mail by sending the necessary registration information (see Unit III.B.) to the SCG Meeting Coordinator, Ms. Susie Warner. The U.S. Postal Service or overnight/priority mail address is: The Scientific Consulting Group, Inc., 656 Quince Orchard Rd., Suite 210, Gaithersburg, MD 20878-1409. For questions or additional information, contact Ms. Warner by: Telephone: (301) 670-4990, ext. 227; fax: (301) 670-3815; or email: SWARNER@scgcorp.com. B. Required Registration Information

Members of the public may register to attend any or all three meetings as observers, or register to speak if planning to offer oral comments during the scheduled public comment session of a meeting. To register for the meetings online or by mail, you must provide your full name, organization or affiliation, and contact information. You must also indicate which meetings you plan to attend and if you would like to

speak during the scheduled public comment session of a meeting. If you register to speak, you must also indicate if you have any special requirements related to your oral comments (e.g., translation).

If you indicate that you wish to speak, you will be asked to select one category most closely reflecting the content of your oral comments. These comment categories related to the charge questions are:

1. General comments on the risk assessment document;
 2. Comments on the exposure assessment;
 3. Comments on the hazard assessment;
 4. Comments on the risk characterization;
- or
5. Other issues.

Should more than 30 speakers register for a single meeting, these categories will be used to ensure that a balance of substantive science issues relevant to the assessment is heard. Additional information on the selection of speakers and speaking times will be sent out by SCG 3 days prior to each peer review meeting to all individuals registered to speak.

To accommodate as many registered speakers as possible, registered speakers may present oral comments only, without visual aids or written material. Peer review panel members will have access to any written comments and materials and electronic materials previously submitted to the docket. Registered observers and speakers will not be allowed to distribute any written comments and materials or electronic materials directly to the peer review panel members.

C. Web Meeting Access

Each peer review meeting will be held via web connect and teleconferencing. SCG will provide all registered participants with information on how to participate in advance of the first peer review meeting.
