

information collection is contained in sections 154(i) and 309(j)(5) of the Communications Act, as amended, 47 U.S.C. 4(i), 309(j)(5), and 1.2105, 1.2110, 1.2112 of the Commission's rules, 47 CFR 1.2105, 1.2110, 1.2112. Statutory authority for the revised information collection is contained in Section 6004 of Title VI of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112-96) (2012 Spectrum Act), 47 U.S.C. 1404.

Estimated Total Annual Burden: 750 hours.

Total Annual Costs: \$0

Nature and Extent of Confidentiality: Information collected on FCC Form 175 is made available for public inspection, and the Commission is not requesting that respondents submit confidential information on FCC Form 175.

Respondents seeking to have information collected on FCC Form 175 withheld from public inspection may request confidential treatment of such information pursuant to 0.459 of the Commission's rules, 47 CFR 0.459.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The Commission is submitting this revised information collection to OMB under its emergency processing procedures. The Commission proposes to revise the currently approved information collection to include an additional certification that will implement Section 6004 of the 2012 Spectrum Act, 47 U.S.C. 1404. The Commission's auction rules and requirements are designed to ensure that the competitive bidding process is limited to serious qualified applicants, deter possible abuse of the bidding and licensing process, and enhance the use of competitive bidding to assign Commission licenses in furtherance of the public interest. The information collected on FCC Form 175 is used by the Commission to determine if an applicant is legally, technically, and financially qualified to participate in a Commission auction. Additionally, if an applicant applies for status as a particular type of auction participant pursuant to Commission rules, the Commission uses information collected on Form 175 to determine whether the applicant is eligible for the status requested. Commission staff reviews the information collected on FCC Form 175 for a particular auction as part of the pre-auction process, prior to the auction being held. Staff determines whether each applicant satisfies the Commission's requirements to participate in the auction and, if applicable, is eligible for the status as a particular type of auction participant it requested. The revised collection will enable the Commission to confirm that

a potential auction participant meets the criteria set forth in Section 6004 of the 2012 Spectrum Act, 47 U.S.C. 1404, by requiring that applicant to certify on FCC Form 175, under penalty of perjury, that the applicant and all of the related individuals and entities required to be disclosed on its application are not person(s) who have been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction or receiving a grant. The Commission plans to continue to use the FCC Form 175 for all upcoming spectrum auctions, including those required or authorized to be conducted pursuant to the 2012 Spectrum Act, collecting only the information necessary for each particular auction. Thus, the additional certification that is the subject of this revised collection will not be required for all auctions.

Federal Communications Commission.
