# I. Abstract and Request for Comments

NCUA is reinstating a previously approved collection of information for 3133-0170. The regulation calls for an FCU that ceases to meet eligibility requirements for the higher deductible to obtain a policy with the required coverage and to notify the appropriate NCUA regional office of its changed status. The notice must also confirm that the FCU has obtained the required coverage. The information will be used by the regional office in its efforts to monitor credit unions for safe and sound operations and is critically important in helping to avert or minimize losses to the National Credit Union Share Insurance Fund (NCUSIF). The NCUSIF provides federally guaranteed account insurance for all federally insured credit unions. Adequate insurance coverage can avert a credit union from failing due to insolvency; alternatively, where insolvency and failure do occur, the NCUA, in its capacity as receiver for the failed FCU, can recoup some of its losses through a claim under an insurance policy.

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of

our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

**SUMMARY:** The NCUA intends to submit the following information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995. This information collection is published to obtain comments from the public. The NCUA's rules and regulations direct

each credit union to have a vital records preservation program that includes procedures for maintaining duplicate vital records at a location far enough from the credit union's offices to avoid the simultaneous loss of both sets of records in the event of a disaster. The NCUA's rules and regulations require a written vital records preservation program that includes a schedule for the storage and destruction of records and emergency contact information for employees, officials, regulatory offices, and vendors used to support vital records.

# SUPPLEMENTARY INFORMATION:

## I. Abstract and Request for Comments

NCUA is reinstating and amending the collection for 3133-0032. Credit union records preservation programs enable NCUA to ensure that federallyinsured credit unions (FICUs) can reconstruct their vital records in the event that records are destroyed by a catastrophe and facilitates restoration of vital member services. The program does not have to be submitted to the NCUA but must be available for review by examination staff. The frequency of collection will be unique to each credit union based on its operations, storage schedule, and storage methods, but occurs on a flow basis at least quarterly. NCUA has modified the cost basis for this data collection to focus on the recordkeeping labor cost of maintaining a records preservation program rather than the technology cost to store records offsite. NCUA believes that electronically backing up and storing credit union records offsite has become

a usual and customary business practice. Therefore, credit union labor costs are the appropriate recordkeeping burden associated with maintaining a records preservation program under part 749. This is the primary reason why the total annual burden has decreased, along with a decline in the number of FICUs from 8,420 to 6,753 and newly chartered FICUs from 15 to 5.

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

# SUPPLEMENTARY INFORMATION:

# I. Abstract and Request for Comments

NCUA is reinstating the collection of information for 3133–0139. NCUA has authorized federal credit unions to advance money to members to cover account deficits without having a credit application on file if the credit union has a written overdraft policy. 12 CFR 701.21(c)(3). NCUA believes a written policy is necessary to ensure safety and

soundness in the credit union industry and to protect the interests of credit union members where a federal credit union provides overdraft protection to a member without having his or her credit application on file. NCUA has also authorized federally insured credit unions to offer lending-related incentive pay to employees, provided they establish written policies regarding such plans. 12 CFR 701.21(c)(8). NCUA believes those written policies are necessary to ensure a plan is fully considered before being adopted and for the examination process. NCUA examiners use the information in these policies to review for safety and soundness. This submission represents an adjustment to the recordkeeping hour and cost burden since the last submission. Based on information in March 2013 call reports, we estimate approximately 1,725 federal credit unions are required to have written overdraft policies and approximately 575 federally insured credit unions are required to have written policies for lending-related employee incentive pay plans.

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.
