

requirements of this section in cases of undue economic hardship. The principal factor in determining hardship will be the amount, if any, by which the cost of filing the reports on magnetic media in accordance with this section exceeds the cost of filing the reports on paper or other media. A request for a waiver must be made in accordance with applicable published guidance, publications, forms, instructions, or other guidance on the IRS.gov Internet Web site. (See § 601.601(d)(2)(ii)(b) of this chapter.) The waiver will specify the type of filing (that is, an actuarial report required under section 6059) and the period to which it applies, and will be subject to such terms and conditions regarding the method of filing as may be prescribed by the Commissioner.

(c) *Failure to File.* If a filer required to file an actuarial report under section 6059 fails to file the report on magnetic media when required to do so by this section, the filer is deemed to have failed to file the report. See section 6692 for the penalty for the failure to file an actuarial report. In determining whether there is reasonable cause for failure to file the report, § 301.6692-1(c) and rules similar to the rules in § 301.6724-1(c)(3)(ii) (regarding undue economic hardship related to filing information returns on magnetic media) will apply.

(d) *Meaning of terms.* The following definitions apply for purposes of this section.

(1) *Magnetic media.* The term *magnetic media* means electronic filing, as well as other media specifically permitted under applicable regulations, revenue procedures, or publications, forms, instructions, or other guidance on the IRS.gov Internet Web site. (See § 601.601(d)(2)(ii)(b) of this chapter.)

(2) *Actuarial report required under section 6059—(i) Single employer plans.* For a single employer plan, the term *actuarial report required under section 6059* means the Schedule SB, “Single-Employer Defined Benefit Plan Actuarial Information,” of the Form 5500 series (or its successor).

(ii) *Multiemployer and certain money purchase plans.* For multiemployer and certain money purchase plans, the term *actuarial report required under section 6059* means the Schedule MB, “Multiemployer Defined Benefit Plan and Certain Money Purchase Plan Actuarial Information,” of the Form 5500 series (or its successor).

(3) *Determination of 250 returns—(i) In general.* For purposes of this section, a filer is required to file at least 250 returns if, during the calendar year that includes the first day of the plan year, the filer is required to file at least 250 returns of any type, including

information returns (for example, Forms W-2 and Forms 1099), income tax returns, employment tax returns, and excise tax returns.

(ii) *Definition of filer.* For purposes of this section, the term *filer* means the plan administrator within the meaning of section 414(g). If the plan administrator within the meaning of section 414(g) is the employer, the special rules in § 1.6058-2(d)(3)(iii) will apply.

(e) *Example.* The following example illustrates the provisions of paragraph (d)(3) of this section:

Example. In 2014, P, the plan administrator of Plan B (a single employer defined benefit plan), is required to file 266 returns (including Forms 1099-R “Distributions From Pensions, Annuities, Retirement, Profit-Sharing Plans, IRAs, Insurance Contracts, etc.” and one Form 5500 series). Plan B’s plan year is the calendar year. Because P is required to file at least 250 returns during the calendar year, P must file the 2014 Schedule SB of the Form 5500 series for Plan B electronically.

(f) *Effective/applicability date.* This section is applicable for actuarial reports required to be filed under section 6059 for plan years that begin on or after January 1, 2014, but only for filings with a filing deadline (not taking into account extensions) after December 31, 2014.

Beth Tucker,

Deputy Commissioner for Operations Support.

Approval and Promulgation of Air Quality Implementation Plans; Delaware; Infrastructure Requirements for the 2008 Ozone National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) submittal from the State of Delaware pursuant to the Clean Air Act (CAA). Whenever new or revised national ambient air quality standards (NAAQS) are promulgated, the CAA requires states to submit a plan for the implementation, maintenance, and enforcement of such NAAQS. The plan

is required to address basic program elements, including, but not limited to, regulatory structure, monitoring, modeling, legal authority, and adequate resources necessary to assure attainment and maintenance of the standards. These elements are referred to as infrastructure requirements. Delaware has made a submittal addressing the infrastructure requirements for the 2008 8-hour ozone NAAQS. This action proposes to approve portions of this submittal.

DATES: Written comments must be received on or before September 30, 2013.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA-R03-OAR-2013-0408 by one of the following methods:

A. *www.regulations.gov.* Follow the on-line instructions for submitting comments.

B. *Email:* fernandez.cristina@epa.gov.

SUPPLEMENTARY INFORMATION: On March 27, 2013, the Delaware Department of Natural Resources and Environmental Control (DNREC) submitted a revision to its SIP to satisfy the requirements of section 110(a)(2) of the CAA for the 2008 8-hour ozone NAAQS.

I. Background

On March 27, 2008 (73 FR 16436), EPA promulgated a revised NAAQS for ozone based on 8-hour average concentrations. EPA revised the level of the 8-hour ozone NAAQS from 0.08 parts per million (ppm) to 0.075 ppm. Pursuant to section 110(a)(1) of the CAA, states are required to submit SIPs meeting the applicable requirements of section 110(a)(2) within three years after promulgation of a new or revised NAAQS or within such shorter period as EPA may prescribe. Section 110(a)(2) requires states to address basic SIP elements such as requirements for monitoring, basic program requirements and legal authority that are designed to assure attainment and maintenance of the NAAQS. Section 110(a) imposes the obligation upon states to make a SIP submission to EPA for a new or revised NAAQS, but the contents of that submission may vary depending upon the facts and circumstances. In

particular, the data and analytical tools available at the time the state develops and submits the SIP for a new or revised NAAQS affects the content of the submission. The content of such SIP submission may also vary depending upon what provisions the state's existing SIP already contains.

In the case of the 2008 8-hour ozone NAAQS, states typically have met the basic program elements required in section 110(a)(2) through earlier SIP submissions in connection with the 1997 8-hour ozone NAAQS. More specifically, section 110(a)(1) provides the procedural and timing requirements for SIPs. Section 110(a)(2) lists specific elements that states must meet for "infrastructure" SIP requirements related to a newly established or revised NAAQS. As mentioned above, these requirements include basic SIP elements such as requirements for monitoring, basic program requirements and legal authority that are designed to assure attainment and maintenance of the NAAQS.

II. Summary of State Submittal

On March 27, 2013, Delaware provided a submittal to satisfy section 110(a)(2) of the CAA requirements, that is the subject of this proposed rulemaking, for the 2008 8-hour ozone NAAQS. This submittal addressed the following infrastructure elements: Section 110(a)(2)(A), (B), (C), (D), (E), (F), (G), (H), (J), (K), (L), and (M).

EPA has analyzed the above identified submission and is proposing to make a determination that such submittal meets the requirements of section 110(a)(2)(A), (B), (C), (D)(i)(II), (D)(ii), (E), (F), (G), (H), (J), (K), (L), and (M) of the CAA, with the exception of the Part D, Title I nonattainment planning requirements of section 110(a)(2)(I), and the portion of the submittal relating to section 110(a)(2)(D)(i)(I) on which EPA will take separate actions. A detailed summary of EPA's review and rationale for approving Delaware's submittal may be found in the Technical Support Document (TSD) for this action which is available on line at www.regulations.gov, Docket number EPA-R03-OAR-2013-0408.

This proposed rulemaking action does not include section 110(a)(2)(I) of the CAA which pertains to the nonattainment requirements of part D, Title I of the CAA, because this element is not required to be submitted by the 3-year submission deadline of section 110(a)(1) of the CAA, and will be addressed in a separate process. This proposed rulemaking action also does not address section 110(a)(2)(D)(i)(I) of the CAA. In accordance with the

decision of the U.S. Court of Appeals for the District of Columbia (D.C. Circuit Court), EPA at this time is not treating the 110(a)(2)(D)(i)(I) SIP submission from Delaware as a required SIP submission. *See EME Homer City Generation, L.P. v. EPA*, 696 F.3d 7 (D.C. Cir. 2012), cert. granted, 2013 U.S. Lexis 4801 (2013). On June 24, 2013, the Supreme Court granted the petitions of the United States and others and agreed to review this D.C. Circuit Court decision. However, at this time the D.C. Circuit Court decision remains in place and unless it is reversed or otherwise modified by the Supreme Court, states are not required to submit 110(a)(2)(D)(i)(I) SIPs until EPA has quantified their obligations under that section. EPA will address the portion of Delaware's March 27, 2013 SIP submittal addressing section 110(a)(2)(D)(i)(I) in a separate action.

III. Proposed Action

EPA is proposing to approve Delaware's submittal that provides the basic program elements specified in section 110(a)(2)(A), (B), (C), (D)(i)(II), (D)(ii), (E), (F), (G), (H), (J), (K), (L), and (M), necessary to implement, maintain, and enforce the 2008 8-hour ozone NAAQS, with the exception of the Part D, Title I nonattainment planning requirements of section 110(a)(2)(I), and the portion of the submittal relating to section 110(a)(2)(D)(i)(I) on which EPA will take separate actions. EPA is soliciting public comments on the issues discussed in this document. These comments will be considered before taking final action.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely proposes to approve state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rulemaking action pertaining to Delaware's section 110(a)(2) infrastructure requirements for the 2008 8-hour ozone NAAQS, does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

SUMMARY: EPA is proposing to approve revisions to the Placer County Air Pollution Control District (PCAPCD), Santa Barbara County Air Pollution Control District (SBCAPCD) and Ventura County Air Pollution Control District (VCAPCD) portions of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from adhesives and sealants. We are proposing to approve local rules to regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments on this proposal must arrive by September 30, 2013.

ADDRESSES: Submit comments, identified by docket number EPA–R09–OAR–2013–0453, by one of the following methods:

1. *Federal eRulemaking Portal:* www.regulations.gov. Follow the on-line instructions.

2. *Email:* steckel.andrew@epa.gov.

3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901.

Instructions: All comments will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through www.regulations.gov or email. www.regulations.gov is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send email directly to EPA, your email address will be automatically captured and included as part of the public comment. able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: Generally, documents in the docket for this action are available electronically at www.regulations.gov and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). FOR FURTHER INFORMATION CONTACT: Andy Steckel, EPA Region IX, (415) 947–4115, Steckel.andrew@epa.gov.

SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: PCAPCD Rule 235, Adhesives, SBCAPCD Rule 353, Adhesives and Sealants and VCAPCD Rule 74.20, Adhesives and Sealants. In the Rules and Regulations section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comments on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.
