

exhaustive, and firms need to carefully consider the disclosures that are applicable to their specific activity/program.

One commenter seeks clarification that “for those principal lenders utilizing lending agents the recipient of the required disclosures should be lending agents in their capacity as such, and not the underlying principals.”³³ FINRA believes that where the customer lender has legally authorized an agent to act on such customer’s behalf in making a determination about whether to lend fully paid or excess margin securities to the member, the disclosures required pursuant to the proposed rule may be made to the lending agent in the lending agent’s capacity as such, in lieu of being made to the underlying principal. FINRA also is proposing certain technical changes to the rule text as proposed in the *Notice* by adding headings to improve readability.

3. Proposed FINRA Rule 4340 (Callable Securities)

As detailed further above, proposed FINRA Rule 4340(a) would, among other things, require each member that has in its possession or under its control any security which, by its terms, may be called or redeemed prior to maturity, to establish and make available on the member’s Web site procedures by which it will allocate among its customers the securities to be redeemed or selected as called in the event of a partial redemption or call.

One commenter requests that FINRA clarify whether the requirement that a member post its allocation procedures on its Web site would require a firm “to provide detailed, granular procedures” or whether it would be sufficient to provide a general statement describing its allocation procedures.³⁴ The commenter is concerned that, if detailed procedures are required, firms that clear through third parties and self-clearing firms using service bureaus systems would be unable to comply with the requirement as such procedures would constitute the third-parties’ proprietary information that firms would not be able to disclose without permission from the third parties. In response, FINRA notes that the proposed rule requirement is intended to require a member to describe its allocation procedures in sufficient detail to allow customers to understand the process for partial redemptions and the outcome of such processes. FINRA does not believe that such description generally would

require a member to disclose a third-party’s proprietary information.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is filing revisions to the content outline and selection specifications for the Supervisory Analyst (Series 16) examination program.⁵ The proposed revisions update the material to reflect changes to the laws, rules and regulations covered by the examination and to incorporate the functions and associated tasks currently performed by a Supervisory Analyst. In addition, FINRA is proposing to make changes to the format of the content outline. FINRA is not proposing any textual changes to the By-Laws, Schedules to the By-Laws or Rules of FINRA.

The revised content outline is attached.⁶ The Series 16 selection specifications have been submitted to the Commission under separate cover with a request for confidential treatment pursuant to SEA Rule 24b-2.⁷

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Section 15A(g)(3) of the Act⁸ authorizes FINRA to prescribe standards

⁵ FINRA also is proposing corresponding revisions to the Series 16 question bank. Based on instructions from SEC staff, FINRA is submitting this filing for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank for review. See Letter to Alden S. Adkins, Senior Vice President and General Counsel, NASD Regulation, from Belinda Blaine, Associate Director, Division of Market Regulation, SEC, dated July 24, 2000. The question bank is available for SEC review.

⁶ The Commission notes that the revised content outline is attached to the filing as Exhibit 3a, not to this Notice

⁷ 17 CFR 240.24b-2.

⁸ 15 U.S.C. 78o-3(g)(3).

of training, experience, and competence for persons associated with FINRA members. In accordance with that provision, FINRA has developed examinations that are designed to establish that persons associated with FINRA members have attained specified levels of competence and knowledge, consistent with applicable registration requirements under FINRA rules. FINRA periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

Incorporated NYSE Rules 344, 344.11 and 472(a)(2)⁹ and NYSE Rule Interpretations 344/03 and/04 require an individual who is responsible for approving research reports at a Dual Member to be registered and qualified as a Supervisory Analyst.¹⁰ Such person is required to present evidence of appropriate experience (which is having at least three years prior experience within the immediately preceding six years involving securities or financial analysis) and pass the Supervisory Analyst (Series 16) qualification examination. Rather than passing the entire Supervisory Analyst qualification examination, such person may obtain a waiver from Part II of the Supervisory Analyst qualification examination upon verification that the person has passed Level I of the Chartered Financial Analyst ("CFA") examination. NYSE Rule 472(a)(2) further provides that

⁹ The current FINRA rulebook consists of (1) FINRA Rules; (2) NASD Rules; and (3) rules incorporated from NYSE ("Incorporated NYSE Rules") (together, the NASD Rules and Incorporated NYSE Rules are referred to as the "Transitional Rulebook"). While the NASD Rules generally apply to all FINRA members, the Incorporated NYSE Rules apply only to those members of FINRA that are also members of the NYSE ("Dual Members"). The FINRA Rules apply to all FINRA members, unless such rules have a more limited application by their terms. For more information about the rulebook consolidation process, see *Information Notice*, March 12, 2008 (Rulebook Consolidation Process). For convenience, the Incorporated NYSE Rules are hereinafter referred to as the NYSE Rules.

¹⁰ In addition, pursuant to FINRA Rules and NASD Rules, a Supervisory Analyst may approve: (1) Research reports on debt and equity securities; (2) retail communications that are excepted from the definition of "research report" under NASD Rule 2711(a)(9)(A); (3) other research that does not meet that definition of "research report" under NASD Rule 2711(a)(9), provided that the Supervisory Analyst has technical expertise in the particular product area and any other required registrations; (4) third-party research reports; and (5) globally branded research reports prepared by foreign research analysts, as a condition for an exemption from the research analyst registration requirements. See NASD Rule 1050(f)(3)(A); FINRA Rule 2210(b)(1)(B) and NASD Rule 2711(h)(13)(C). Accordingly, in addition to testing knowledge of applicable NYSE Rules, the Series 16 examination program tests knowledge of applicable FINRA Rules and NASD Rules.

where a Supervisory Analyst lacks technical expertise in a particular product area that is the subject of a research report, the content in the report may be co-approved by a product specialist; if no such expertise resides within the member, the rule requires the member to arrange approval by a qualified outside Supervisory Analyst.

In consultation with a committee of industry representatives, FINRA recently undertook a review of the Series 16 examination program. As a result of this review, FINRA is proposing to make revisions to the content outline to reflect changes to the laws, rules and regulations covered by the examination and to incorporate the functions and associated tasks currently performed by a Supervisory Analyst. FINRA also is proposing to make changes to the format of the content outline.

Current Outline

The current content outline is divided into two critical parts, each of which has 50 questions:

Part I: Regulatory Administration; and
Part II: Securities Analysis.

Part I includes the respective applicable laws, rules and regulations, and Part II includes technical and analytical knowledge. The current outline also includes a preface (addressing, among other things, the purpose, administration and scoring of the examination), sample questions and reference material.

Proposed Revisions

FINRA is proposing to rename Part I and Part II of the outline and include two major job functions under each part. The following are the renamed parts and major job functions, with the associated number of questions:

Part I. Regulations:

Function 1: Review and approve research analysts' communications to ensure compliance with applicable SEC and FINRA rules and regulations, and firm policies and procedures (34 questions); and

Function 2: Serve as liaison between the Research Department and other internal and external parties (16 questions).

Part II. Valuation of Securities:

Function 1: Review the content of the report to assess the accuracy, consistency and sources of data and calculations included in the report (16 questions); and

Function 2: Review the content of the report to ensure a reasonable basis exists for the analyst's conclusions (e.g., price targets, recommendations, ratings, estimates, and valuation parameters) (34 questions).

Each function also includes specific tasks describing activities associated with performing that function. There are five tasks (T1 through T5) associated with Part I, Function 1; four tasks (T6 through T9) associated with Part I, Function 2; three tasks (T1 through T3) associated with Part II, Function 1; and six tasks (T4 through T9) associated with Part II, Function 2.¹¹ By way of example, one such task (T5, Part I, Function 1) is to verify that a research report includes all applicable required disclosures.¹² In addition, the outline lists with respect to Part I the laws, rules and regulations a candidate is expected to know to perform the functions and associated tasks outlined in that part. These include the applicable FINRA Rules (e.g., FINRA Rule 2210), NASD Rules (e.g., NASD Rule 2711), NYSE Rules (e.g., NYSE Rule 344) and SEC rules (e.g., Securities Act Rule 137).¹³ Further, the outline lists with respect to Part II the technical and analytical knowledge (e.g., analysis of packaged securities) required to perform the functions and associated tasks outlined in that part.¹⁴

FINRA conducted a job analysis study of Supervisory Analysts, which included the use of a survey, in developing the functions and tasks and updating the required knowledge set forth in the revised outline. The functions and tasks, which appear in the revised outline for the first time, reflect the day-to-day activities of a Supervisory Analyst.

As noted above, FINRA also is proposing to revise the content outline to reflect changes to the laws, rules and regulations covered by the examination. Among other revisions, FINRA is proposing to revise the content outline to reflect the adoption of rules in the consolidated FINRA rulebook (e.g., NASD IM-2110-4 (Trading Ahead of Research Reports) was consolidated as FINRA Rule 5280 (Trading Ahead of Research Reports)).¹⁵

FINRA is proposing similar changes to the Series 16 selection specifications and question bank.

Finally, FINRA is proposing to make changes to the format of the content outline, including the preface, sample questions and reference material. Among other changes, FINRA is proposing to: (1) Add a table of contents;¹⁶ (2) provide more details

regarding the purpose of the examination and a list of the types of communications that can be approved by a Supervisory Analyst;¹⁷ (3) provide more details on the required experience to be eligible to register as a Supervisory Analyst and a list of examples of appropriate experience;¹⁸ (4) explain that the passing scores are established by FINRA staff, in consultation with a committee of industry representatives, using a standard setting procedure and that the scores are an absolute standard independent of the performance of candidates taking the examination;¹⁹ (5) note the required waiting periods for retaking failed examinations;²⁰ (6) note that each candidate will receive a score report at the end of the test session, which will indicate a pass or fail status and include a score profile listing the candidate's performance on each major content area covered on the examination;²¹ and (7) delete Appendix 1, Financial Ratios and Formulas Reference, which provided a sampling of the types of ratios and formulas that relate to Part II of the outline.

The number of questions on the Series 16 examination will remain at 100 multiple-choice questions (50 multiple-choice questions for each part), and candidates will continue to have one and one-half hours to complete Part I of the examination and two hours to complete Part II. Currently, a score of 72 percent is required to pass Part I of the examination, and a score of 74 percent is required to pass Part II. The passing scores will remain the same.

Availability of Content Outlines

The current Series 16 content outline is available on FINRA's Web site, at www.finra.org/brokerqualifications/exams. The revised Series 16 content outline will replace the current content outline on FINRA's Web site.

FINRA is filing the proposed rule change for immediate effectiveness. FINRA proposes to implement the revised Series 16 examination program on October 28, 2013. FINRA will announce the proposed rule change and the implementation date in a *Regulatory Notice*.

2. Statutory Basis

FINRA believes that the proposed revisions to the Series 16 examination program are consistent with the provisions of Section 15A(b)(6) of the Act,²² which requires, among other

things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(g)(3) of the Act,²³ which authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. FINRA believes that the proposed revisions will further these purposes by updating the examination program to reflect changes to the laws, rules and regulations covered by the examination and to incorporate the functions and associated tasks currently performed by a Supervisory Analyst.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The updated examination aligns with the functions and associated tasks currently performed by Supervisory Analysts and tests knowledge of the most current laws, rules, regulations and skills relevant to those functions and tasks. As such, the proposed revisions would make the examination more efficient and effective.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²⁴ and paragraph (f)(1) of Rule 19b-4 thereunder.²⁵ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SMALL BUSINESS ADMINISTRATION

Data Collection Available for Public Comments

ACTION: 60-day notice and request for comments.

SUMMARY: The Small Business Administration (SBA) intends to request approval, from the Office of Management and Budget (OMB) for the collection of information described below. The Paperwork Reduction Act (PRA) of 1995, 44 U.S.C Chapter 35 requires federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of information before submission to OMB, and to allow 60 days for public comment in response to the notice. This notice complies with that requirement.

DATES: Submit comments on or before November 4, 2013.

ADDRESSES: Send all comments to Patrick Kelley, Deputy Associate Administrator, Office of Capital Access, Small Business Administration, 409 3rd Street, 8th Floor, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: Patrick Kelley, Deputy Associate Administrator, 202-205-0067, patrick.kelley@sba.gov, or Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.gov.

SUPPLEMENTARY INFORMATION: Section 7(a) of the Small Business Act (15 U.S.C. 636(a)) authorizes SBA to guarantee loans made by banks or other financial institutions to qualified small businesses for the purposes of plant acquisition, construction, conversion, or expansion, and/or for the acquisition of land, materials, supplies, equipment, or working capital. SBA is proposing to make several changes to the information collections related to the application process for all loan processing methods for the Agency's 7(a) loan program. The information collected from the small business applicants and participating lenders is used to determine eligibility and to properly evaluate and consider the merits of each loan request based on such criteria as character, capacity, credit, collateral, etc. for the purpose of

extending credit under the 7(a) loan program.

SBA proposes to discontinue use of: (a) SBA Form 4 and Form 4-I (OMB Control Number 3245-0016); and (b) SBA Form 2301(A, B, C & D) and Form 7 (OMB Control Number 3245-0361). The Form 4 series is the currently approved loan application for standard 7(a) program, and the Form 2301 series is the currently approved application for SBA's Lender Advantage programs (Small/Rural Lender Advantage and Community Advantage Pilot Loan Program). In lieu of these two information collections, SBA proposes to use Form 1919, Form 1920SX (B & C) and Form 2237 (OMB Control Number 3245-0348) to collect the application related information currently collected by the proposed discontinued forms. As a result, SBA proposes changes to the Form 1919 series (OMB Control Number 3245-0348) to ensure that all of the information necessary to process applications for the affected loan programs is captured in the consolidated forms.

SBA would also make various substantive changes to this proposed consolidated information collection to conform the forms to pending changes in the 7(a) loan program. Specifically, changes are pending that will clarify the credit analysis and collateral requirements for the 7(a) program, and require all application forms be submitted to SBA electronically. Finally, the Dealer Floor Plan Pilot Loan Program will be removed from the forms as the pilot will expire September 30, 2013.

(a) Solicitation of Public Comments

SBA is requesting comments on (a) Whether the collection of information is necessary for the agency to properly perform its functions; (b) whether the burden estimates are accurate; (c) whether there are ways to minimize the burden, including through the use of automated techniques or other forms of information technology; and (d) whether there are ways to enhance the quality, utility, and clarity of the information.

(b) Summary of Information Collection
