Other interpreted sites in the White Reef Park include the late-19th century W. McMullin farmstead and the 1950's era movie set for Columbia Pictures' film, "They Came to Cordura." Amenities in the White Reef Park include janitorial, maintenance, law enforcement, and visitor contact services. Additional outdoor recreation opportunities include hiking, mountain biking, and equestrian trail riding on an eight-mile-long designated non-motorized trail system, with links to other, longer-distance trails outside the NCA.

Pursuant to 43 CFR Part 2930, standard amenity fees will be collected through the issuance of a BLM Recreation Use Permit for day-use of the White Reef Park amenities. Fees will be collected through a self-service pay station located at White Reef Park. Visitors holding the America the Beautiful—The National Parks and Federal Recreational Lands Interagency Senior Pass (Golden Age Passport) or Interagency Access Pass (Golden Access Passport) will be entitled to a 50 percent discount on standard amenity recreation fees.

On February 22, 2013, the Utah Recreation Resource Advisory Committee (RRAC) reviewed and unanimously approved the proposal to establish a new fee site at the White Reef Park where standard amenity fees for day-use would be collected. Standard amenity fees for the White Reef Park will be \$5 per vehicle, and would only be adjusted after appropriate public notice and involvement, and additional consultation with the Utah RRAC.

The February 2013, *Red Cliffs Recreation Area Business Plan* was prepared by the BLM to address fee collection, site operation, and proposed fee expenditures for White Reef Park. Copies of the *Red Cliffs Recreation Area Business Plan* are available at the Interagency Visitor Center in St. George, Utah. Fee amounts will be posted at a pay station kiosk at the White Reef Park, included in the Red Cliffs Recreation Area information brochure, available at the Interagency Visitor Center, and posted on the BLM St. George Field Office Web site.

Notice of Availability of the Record of Decision for the West Chocolate Mountains Renewable Energy Evaluation Area and California Desert Conservation Area Plan Amendment, Imperial County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD)/Approved Amendment to the California Desert Conservation Area (CDCA) Plan for the West Chocolate Mountains Renewable Energy Evaluation Area (REEA) located in Imperial County, California. The BLM California State Director signed the ROD on August 12, 2013, which constitutes the BLM's final decision.

SUPPLEMENTARY INFORMATION: The Final Environmental Impact Statement (EIS) and Proposed Plan Amendment (PA) for the REEA analyzed the potential environmental impacts of making available approximately 20,762 acres of BLM-managed surface lands in the REEA for testing and developing solar and wind energy facilities and for leasing approximately 19,162 acres of Federal mineral estate for geothermal energy testing and development near Niland, California. The Final EIS also analyzed the potential environmental impacts of approving a pending geothermal lease application in the REEA.

The purpose of the proposed action was to facilitate appropriate development of geothermal, solar, and wind energy in the REEA and make appropriate land use plan decisions regarding the location, development, and management of those resources. The Final EIS/Proposed PA fully analyzed six alternatives. The preferred alternative and the BLM's final decision is Alternative 6—Geothermal Development Emphasis with Moderate Solar Development and No Wind

Development. Selection of this alternative amends the CDCA Plan to identify areas in the REEA as suitable for geothermal leasing and development and solar energy development, subject to constraints related to the presence of sensitive resources. Standard stipulations as well as a stipulation for groundwater usage to require preparation of a Water Supply Assessment under California Code §§ 10910-10915 are included. In addition, renewable energy development that would require high water usage will not be allowed. The CDCA Plan is also amended to identify the REEA as unsuitable for wind energy development. Additionally, lands east of the Coachella Canal will have a disturbance cap of 10 percent. BLM lands west of the Coachella Canal are identified as a Solar Energy Zone. Finally, a noncompetitive Federal geothermal lease application is approved; however, before development of the lease is authorized, site specific NEPA analysis will be required. The Notice of Availability of the Final EIS/ Proposed PA for the REEA was published in the **Federal Register** December 14, 2012 (77 FR 74479 and 77 FR 71446), which initiated a 30-day protest period for the proposed amendment to the CDCA Plan. During this time no protests were submitted. Simultaneously with the protest period, the Governor of California conducted a consistency review of the proposed CDCA Plan amendment to identify any inconsistencies with State or local plan, policies or programs; no inconsistencies were identified.

The agency decision to authorize a geothermal lease is an implementation decision and is appealable under 43 CFR part 4. Any party adversely affected by the leasing decision may appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR part 4, subpart E. The appeal must be filed with the BLM at 2800 Cottage Way Suite W-1623, Sacramento, CA 95825 as well as the Regional Solicitor Pacific Southwest Region, U.S. Department of Interior, 2800 Cottage Way, E-1712, Sacramento, CA 95825. Please consult the appropriate regulations (43 CFR part 4, subpart E) for further appeal requirements.

Authority: 40 CFR 1506.6.

Deputy State Director.
