1. *Applicant Permit Application: 2014–013*, Ian Shaw and Thomas Kokta, Polar Latitudes, Inc, Fairfield CT.

Activity for Which Permit Is Requested

Waste; The applicants wish to fly a small, battery operated, remotely controlled copter equipped with a camera to take scenic photos of the Antarctic. The copter would not be flown over concentrations of birds or mammals or over Antarctic Specially Protected Areas. The copter would only be flown by Thomas Kokta who has trained for more than 40 hours using the copter. Several measures would be taken to prevent against loss of the copter including painting the copter a highly visible color, only flying it when the wind is calm, flying the copter for only 10 minutes at a time to preserve battery life, and ensuring that the separation between the operator and copter does not exceed its “operational range” of 500 meters. The applicants are seeking a Waste Permit to cover any accidental releases that may result from flying the copter.

Location

The Postal Service describes the Agreement as a successor to an existing contract with the same customer identified in Docket No. CP2012–54. Notice at 3.
