NPRM Notice of Proposed Rulemaking

**A. Regulatory History and Information**

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard received the application for a marine event well short of the 135 day window required for a new marine event application. As such, it is impracticable to provide a full comment period due to lack of time. Any delay encountered in this regulation’s effective date to provide for a comment period would be contrary to the public interest as immediate action is needed to ensure the safety of the event participants, patrol vessels, spectator craft and other vessels transiting the event area. The Coast Guard will provide advance notifications to users of the affected waterways of the safety zone via marine information broadcasts and/or local notice to mariners.

**B. Basis and Purpose**

The legal basis for this rule is 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

On September 12, 2013 the City of Virginia Beach will host a fireworks display offshore between 17th and 31st Streets of Virginia Beach, VA. The fireworks debris fallout area will extend over the navigable waters of the Atlantic Ocean. Due to the need to protect mariners and spectators from the hazards associated with the fireworks displays, such as the accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris, vessel traffic will be temporarily restricted around the fireworks launch site.

### C. Discussion of the Rule

The Coast Guard is establishing a safety zone on specified waters of the Atlantic Ocean in Virginia Beach, VA. All waters of the Atlantic Ocean within a 1000 yard radius of the launch site, located near the shoreline at approximate position latitude 36°51'12" N, longitude 075°58'06" W, will be affected. This safety zone will be established and enforced from 9:20 p.m. until 10:10 p.m. on September 12, 2013. Access to the safety zone will be restricted during the specified date and times. Except for individuals responsible for launching the fireworks and vessels authorized by the Captain of the Port or his Representative, no person or vessel may enter or remain in the regulated area.

### D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

#### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those orders. Although this regulation restricts access to the safety zone, the effect of this rule will not be significant because: (i) The safety zone will be in effect for a limited duration; (ii) the zone is of limited size; (iii) mariners may transit the waters in and around this safety zone at the discretion of the Captain of the Port or designated representative; and (iv), the Coast Guard will make notifications via maritime advisories so

mariners can adjust their plans accordingly.

#### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

The rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in that portion of the Atlantic Ocean from 9:20 p.m. until 10:10 p.m. on September 12, 2013.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: (i) The safety zone will only be in place for a limited duration; (ii) Before the enforcement period of September 12, 2013, maritime advisories will be issued allowing mariners to adjust their plans accordingly.

#### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

#### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

#### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### 8. Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing a safety zone for a fireworks display launch site and fallout area and is expected to have no impact on the water or environment. This zone is designed to protect mariners and spectators from the hazards associated with aerial fireworks displays. This rule is categorically excluded from further review under paragraph (34)(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

#### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

## PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 46 U.S.C. Chapter 701; 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6 and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1

■ 2. Add § 165.T05–0755 to read as follows:

### § 165.T05–0755 Safety Zone, North Atlantic Ocean; Virginia Beach, VA.

(a) *Definitions.* For the purposes of this section, Captain of the Port means the Commander, Sector Hampton Roads. *Representative* means any Coast Guard commissioned, warrant or petty officer who has been authorized to act on the behalf of the Captain of the Port.

(b) *Location.* The following area is a safety zone: All waters of the Atlantic Ocean within a 1000 yard radius of the launch site located near the shoreline at approximate position latitude 36°51′12″ N, longitude 075°58′06″ W, located off the beach between 17th and 31st Streets.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into this zone is prohibited unless authorized by the Captain of the Port, Hampton Roads or his designated representatives.

(2) The operator of any vessel in the immediate vicinity of this safety zone shall:

(i) Stop the vessel immediately upon being directed to do so by any commissioned, warrant or petty officer on shore or on board a vessel that is displaying a U.S. Coast Guard Ensign.

(ii) Proceed as directed by any commissioned, warrant or petty officer on shore or on board a vessel that is displaying a U.S. Coast Guard Ensign.

(3) The Captain of the Port, Hampton Roads can be reached through the Sector Duty Officer at Sector Hampton Roads in Portsmouth, Virginia at telephone Number (757) 668–5555.

(4) The Coast Guard Representatives enforcing the safety zone can be contacted on VHF–FM marine band radio channel 13 (165.65Mhz) and channel 16 (156.8 Mhz).

(d) *Enforcement period.* This section will be enforced on Thursday, September 12, 2013 from 9:20 p.m. to 10:10 p.m. unless cancelled earlier by the Captain of the Port.

Dated: August 29, 2013.

**John K. Little,**  
Captain, U.S. Coast Guard, Captain of the Port Hampton Roads.

## DEPARTMENT OF AGRICULTURE

### Forest Service

### 36 CFR Part 220

RIN 0596–AD01

### National Environmental Policy Act: Categorical Exclusions for Soil and Water Restoration Activities

**AGENCY:** Forest Service, USDA.

**ACTION:** Final rule.

**SUMMARY:** The U. S. Department of Agriculture, Forest Service, gives notice of revised procedures for implementing the National Environmental Policy Act and Council on Environmental Quality regulations. These final implementing procedures are being issued in regulations concerning National Environmental Policy Act Compliance, which describes categorical exclusions. Categorical exclusions (CE) are categories of actions that normally will not result in individual or cumulative significant impacts on the quality of the human environment and, therefore, do not require analysis or documentation in either an environmental assessment or an environmental impact statement.

The revision adds three new categorical exclusions for activities that restore lands negatively impacted by water control structures, disturbance events, and roads and trails. Activities that restore lands occupied by National Forest System Roads and National Forest System Trails are excluded from this final rule. These will allow the Forest Service to more efficiently analyze and document the potential environmental effects of soil and water restoration projects that are intended to restore the flow of waters into natural channels and floodplains by removing water control structures, such as dikes, ditches, culverts, and pipes; restore lands and habitat to pre-disturbance conditions, to the extent practicable, by removing debris and sediment following disturbance events; and restore lands occupied by roads and trails to natural conditions.

These categorical exclusions will not apply where resource conditions related to the potential effect of a proposed action constitute an extraordinary circumstance. Activities conducted under these categorical exclusions must be consistent with Agency procedures and applicable land management plans and must comply with all applicable Federal and State laws for protecting the environment.

The road and trail restoration category will be used for restoring lands impacted by roads and trails that are not
