

jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the creation of a special local regulation in conjunction with a regatta or marine parade, and is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under

ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because there is not sufficient time remaining to publish an NPRM and to receive public comments prior to the event. Any delay

in the effective date of this rule would be contrary to the public interest because immediate action is needed to minimize potential danger to the race participants, participant vessels, spectators, and the general public.

Under 5 U.S.C. 553(d)(3), for the reasons stated above, the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard’s authority to establish special local regulations: 33 U.S.C. 1233. The purpose of the rule is to ensure safety of life on navigable waters of the United States during the Jacksonville Dragon Boat Festival.

C. Discussion of the Final Rule

On Saturday, September 21, 2013, In the Pink Boutique, Inc. will host the Jacksonville Dragon Boat Festival, a series of boat races. The Race Area will be set up on September 20, 2013 between the hours of 8:00 a.m. and 6:00 p.m. The event will be held on the waters of the St. Johns River, Florida. Approximately 8 boats are anticipated to participate in the races. It is anticipated that at least 20 spectator vessels will be present during the event.

The rule will establish special local regulations that encompass certain waters of the St. Johns River, Jacksonville, Florida. The special local regulations will be enforced from 8 a.m. until 6:00 p.m. on September 21, 2013. The special local regulations will consist of the following areas: A race area, where all persons and vessels, except those persons and vessels participating in the races, are prohibited from entering, transiting, anchoring, or remaining and a buffer zone where all persons vessels, except those persons and vessels participating in the races wishing to transit through the buffer zone must do so at bare steerageway. Persons and vessels will be able to request authorization to enter, transit through, anchor in, or remain within the race area by contacting the Captain of the Port Jacksonville by telephone at (904) 564–7513, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the race area is granted by the Captain of the Port Jacksonville or a designated representative, all persons and vessels receiving such authorization are required to comply with the instructions of the Captain of the Port Jacksonville or a designated representative. The Coast Guard will provide notice of the regulated areas by Local Notice to

Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The economic impact of this temporary final rule is not significant for the following reasons: (1) The special local regulations will be enforced for a total of 20 hours over two days; (2) although persons and vessels will not be able to enter, transit through, anchor in, or remain within the race area without authorization from the Captain of the Port Jacksonville or a designated representative, they will be able to transit through the surrounding area during the enforcement period; (3) persons and vessels will still be able to enter, transit through, anchor in, or remain within the race area if authorized by the Captain of the Port Jacksonville or a designated representative; and (4) the Coast Guard will provide advance notification of the special local regulation to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule may affect the following entities, some of which may be small

entities: the owners or operators of vessels intending to enter, transit through, anchor in, or remain within that portion of the St. Johns River encompassed within the special local regulations from 8 a.m. until 6:00 p.m. on September 20–21, 2013. For the reasons discussed in the Regulatory Planning and Review section above, this rule would not have a significant economic impact on a substantial number of small entities.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have

analyzed this rule under that Order and have determined that it does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a special local regulation issued in conjunction with a regatta or marine parade. This rule is categorically excluded from further review under paragraph 34(h) and 35(b) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

Final Waivers and Extensions of Project Periods; American Indian Vocational Rehabilitation Services (AIVRS) Program

AGENCY: Rehabilitation Services Administration, Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Final waivers and extensions of project periods.

SUMMARY: The Secretary waives the regulations that generally limit project periods to 60 months and that restrict project period extensions involving the obligation of additional Federal funds. As a result, for the 60-month projects initially funded in fiscal years (FYs) 2007 and 2008 under the AIVRS program, the Secretary is extending the project periods until September 30, 2014.

DATES: Effective September 17, 2013.

FOR FURTHER INFORMATION CONTACT: August Martin, U.S. Department of Education, 400 Maryland Avenue SW., Room 5049, Potomac Center Plaza (PCP), Washington, DC 20202-2800. Telephone: (202) 245-7410.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll-free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: On June 11, 2013, the Department published a notice in the **Federal Register** (78 FR 34962) inviting comments on the Department’s proposal to make certain AIVRS grants effective for more than 60 months under the authority of Section 121(b)(3) of the Rehabilitation Act of 1973, as amended (the Act). The Secretary proposed to waive the requirements of 34 CFR 75.250, which generally limit project periods to 60 months, and of 34 CFR 75.261(c)(2), which restrict project period extensions involving the obligation of additional Federal funds. The Secretary also proposed to extend the project period for the 32 AIVRS grantees from October 1, 2013, through September 30, 2014.

The proposed waivers and extensions would enable the 32 AIVRS grantees to request, and continue to receive, Federal funds beyond the 60-month limitation set by 34 CFR 75.250.

There are no substantive differences between the proposed and final waivers and extensions.

Public Comment

In the June 11, 2013, notice for the AIVRS program, the Secretary invited comments on the effect these proposed waivers and extensions may have on the AIVRS program and on potential applicants for grant awards responding to any new AIVRS notice inviting applications (NIA), should there be one. We received comments from three commenters, all of whom supported the Department’s proposal. In addition, one of the three commenters raised four concerns.

Generally, we do not address technical and other minor changes. In addition, we do not address general comments that raise concerns not directly related to the proposed waivers and extensions.

Analysis of Comments and Changes

Comment: One commenter raised a concern about how a recent GAO report would affect the ability of current AIVRS grantees that do not have Federal or State reservations to continue serving tribal members with disabilities. The commenter also was concerned about the “effect on the capacity and available resources for those tribes who will be determined ‘ineligible’ to receive RSA 121 funds to prepare its tribal members with disabilities for gainful employment.” (The reference to “121 funds” refers to the section of the Act that authorizes the governing bodies and consortia of governing bodies of Indian Tribes to receive Federal assistance in order to provide vocational rehabilitation services to American Indians with disabilities.)

Discussion: This comment addresses an issue that is outside the scope of this notice. The Department published a notice of tribal consultation and request for comment in the **Federal Register** (78 FR 40458) on July 5, 2013. That notice specifically invited comments on the effect of a possible change in how the Department interprets the definition of the term “reservation” that is used to determine eligibility for a grant under the AIVRS program. The comment period for this notice closed on September 3, 2013. This comment will be considered as a response to the Department’s request for comment under the Notice of Tribal Consultation.

Changes: None.
