SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Certification of non-contributory TriCare supplemental insurance plan; OMB Control Number 0720-0044.

Needs and Uses: Section 707 of the John Warner National Defense Authorization Act for Fiscal Year 2007 added section 1097c to Title 10. Section 1097c prohibits employers from offering financial or other incentives to certain TRICARE-eligible employees to not enroll in an employer-offered group health plan. In other words, employers may no longer offer TRICARE supplemental insurance plans as part of an employee benefit package. Employers may, however, offer TRICARE supplemental insurance plans as part of an employee benefit package provided the plan is not paid for in whole or in part by the employer and is not endorsed by the employer. When such TRICARE supplemental plans are offered, the employer must properly document that they did not provide any payment for the benefit nor receive any direct or indirect consideration or compensation for offering the benefit; the employer's only involvement is providing the administrative support. That certification will be provided upon request to the Department of Defense.

Annual Burden Hours: 250 hours.

Number of Respondents: 1,500.

Respondents are employers who make available non-contributory TRICARE supplemental insurance plan to their employees. This new paperwork requirement is consistent with section 707 of the John Warner National

Defense Authorization Act for Fiscal Year 2007 which added Section 1097c to Title 10. Per Section 1097c, employers may no longer offer TRICARE supplemental insurance plans as part of an employee benefit package. They may offer TRICARE supplemental insurance plans, however, provided the plan is not paid for in whole or in part by the employer and is not endorsed by the employer. When such TRICARE supplemental plans are offered, the employer must properly document that they did not provide any payment for the benefit nor receive any direct or indirect consideration or compensation for offering the benefit; the employer's only involvement is providing the administrative support. One certification must be completed per employer. It should be kept on file by the employer for as long as such plans are offered. The employer will provide the certification to the Department of Defense upon request.
