Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2013 Funding Opportunity

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of intent to award a Single Source Grant to Link2Health Solutions, Inc.

SUMMARY: This notice is to inform the public that the Substance Abuse and Mental Health Services Administration (SAMHSA) intends to award

approximately \$2,100,000 (total costs) for the HHS Programs for Disaster Relief Appropriations Act—Non Construction—SAMHSA Disaster Distress Helpline (DDH—Hurricane Sandy) for up to two years to Link2Health Solutions, Inc., the current grantee for the National Suicide Prevention Lifeline. This is not a formal request for applications. Assistance will be provided only to Link2Health Solutions, Inc. based on the receipt of a satisfactory application that is approved by an objective review group.

Funding Opportunity Title: SM-13-011.

Catalogue of Federal Domestic Assistance (CFDA) No.: 93.095.

Authority: The Disaster Relief Appropriations Act of 2013 (Pub. L. 113-2).

Justification: Only an application from Link2Health Solutions will be considered for funding under this announcement. Two-year funding has become available to implement a Disaster Distress Helpline to respond to urgent and emerging behavioral health needs for states directly affected by Hurricane Sandy. It is considered most cost-effective and efficient to award these funds to the existing grantee for the National Suicide Prevention Lifeline and to build on the existing capacity and infrastructure within its network of crisis centers.

Link2Health Solutions is in the unique position to carry out the activities of this grant announcement because it is the current recipient of SAMHSA's cooperative agreement to manage the National Suicide Prevention Lifeline. As such, Link2Health Solutions has been maintaining the network communications system and has an existing relationship with the networked crisis centers.

The purpose of this funding is for the implementation of the Disaster Distress Helpline—Hurricane Sandy, which provides access to trained crisis support professionals, 24 hours a day, 7 days a week (24/7), in response to urgent and emerging behavioral health needs for the areas in Connecticut, Delaware, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Virginia, West Virginia, and the District of Columbia, that were directly affected by Hurricane Sandy. The DDH—Hurricane Sandy will utilize one contracted crisis center, from the Suicide Prevention Lifeline network, in the impacted region. Additionally, one back-up center will be funded to support the DDH—Hurricane Sandy.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5207 (the Act) is the legal basis for FEMA to provide disaster related assistance and services to individuals who apply for disaster assistance benefits in the event of a federally declared disaster. The Individuals and Households Program (IHP) (the Act at 5174, Federal Assistance to Individuals and Households) provides financial assistance to eligible individuals and households who, as a direct result of a major disaster or emergency have necessary expenses and serious needs. The “Other Needs Assistance” (ONA) provision of IHP provides disaster assistance to address needs other than housing, such as personal property, transportation, etc.

The delivery of the ONA provision of IHP is contingent upon the State/Tribe choosing an administrator for the assistance. States/Tribes satisfy the selection of an administrator of ONA by completing the Administrative Option Agreement (FEMA Form 010–0–11), which establishes a plan for the delivery of ONA. This agreement establishes a partnership with FEMA and inscribes

the plan for the delivery of disaster assistance. The agreement is used to identify the State/Tribe's proposed level of support and participation during disaster recovery. In response to Super Storm Sandy (October 2012), Congress added “child care” expenses as a category of ONA through the Sandy Recovery Improvement Act of 2013 (SRIA), Public Law 113–2. Section 1108 of the SRIA amends section 408(e)(1) of the Stafford Act (42 U.S.C. 5174(e)(1)), giving FEMA the specific authority to pay for “child care” expenses as disaster assistance under ONA.

In light of this legislation, FEMA needs to change FEMA Form 010–0–11 so that States/Tribes who want to administer ONA can choose “child care” expenses as one of the categories. Without having this option on the form, FEMA cannot meet statutory requirement to consult with the Governor of a State (or Tribal Executive) with respect to providing IHP ONA.
