BILLING CODE 6820–B2–P

OFFICE OF PERSONNEL MANAGEMENT

Privacy Act of 1974: New System of Records

AGENCY: U.S. Office of Personnel Management (OPM).

ACTION: Notice of a new system of records.

SUMMARY: The U.S. Office of Personnel Management (OPM) proposes to add OPM/Central–19: External Review Records for Multi-State Plan (MSP) Program to its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. 5 U.S.C. 552a(e)(4).

DATES: This action will be effective without further notice on December 9, 2013 unless comments are received that would result in a contrary determination.

ADDRESSES: Send written comments to the Office of Personnel Management, ATTN: Padma Shah, U.S. Office of Personnel Management, 1900 E Street NW., Room 2347, Washington, DC 20415.

FOR FURTHER INFORMATION CONTACT: Padma Shah by telephone at 202–606–2128, or by email at mspp@opm.gov.

SUPPLEMENTARY INFORMATION: The Patient Protection and Affordable Care Act, Public Law 111–148, was enacted on March 23, 2010, and the Health Care and Education Reconciliation Act, Public Law 111–152, was enacted on March 30, 2010 (collectively referred to as “the Affordable Care Act”).

Section 1334 of the Affordable Care Act and its implementing regulations (codified at 45 CFR part 800) direct OPM to establish the Multi-State Plan (MSP) Program to foster competition among plans offering coverage on the individual and small group health insurance markets on the Affordable Insurance Exchanges (referred to as “Exchanges” or “Health Insurance Marketplaces”). Specifically, OPM must contract with private health insurance issuers to offer at least two MSP options on each of the Exchanges in the 50 States and the District of Columbia, in

which issuers may phase in coverage over a period of 4 years.

Under section 1334(a)(4) of the Affordable Care Act, OPM must administer the MSP Program “in a manner similar to the manner in which” it implements the contracting provisions of the Federal Employees Health Benefits (FEHB) Program under 5 U.S.C. 8901 *et seq.* In the MSP Program final rule (78 FR 15560, March 11, 2013), OPM interpreted section 1334(a)(4) of the Affordable Care Act to require implementation of a uniform, nationally applicable external review process for MSP options, consistent with the requirements of section 2719 of the Public Health Service Act and similar to the process administered by OPM under the FEHB Program. This process will ensure that MSP Program contracts are administered consistently throughout all 51 jurisdictions that would be served by an MSP option. Specifically, under 45 CFR 800.503, OPM is authorized to conduct external review of adverse benefit determinations by MSP issuers using a process similar to the FEHB Program disputed claims process. In addition to requests for external review, we anticipate that MSP enrollees may contact OPM about inquiries or complaints regarding MSP options, which may have to be referred to other appropriate entities such as State insurance departments, State consumer assistance programs, and the U.S. Department of Health and Human Services.

The purpose of this system of records is to provide a central database through which OPM may conduct external review of adverse benefit determinations under the MSP Program, refer MSP enrollees to other entities about their inquiries or complaints, and correspond with MSP enrollees. OPM will collect, manage, and analyze health services data that MSP enrollees, MSP issuers, health care providers, and others will furnish through secure data transfer. The information contained in the database will help ensure that (1) MSP enrollees have adequate access to independent review of adverse benefit determinations, (2) MSP enrollees are referred to appropriate entities about their inquiries or complaints, (3) OPM corresponds with MSP enrollees, and (4) OPM collects the information necessary for the enforcement of MSP Program contracts and implementation of the program.

OPM will use identifiable data to create records that are necessary to facilitate external review of MSP issuer adverse benefit determinations by OPM analysts and independent review organizations. Likewise, OPM will use

identifiable data to create records about MSP enrollee inquiries or complaints, which may have to be referred to other State and Federal Government agencies. However, OPM and external analysts using the database for analysis purposes will have access only to de-identified data.

PURPOSE:

OPM operates this system of records to support the administration of the MSP Program. The primary purpose of this system of records is to aid in the administration of external review of adverse benefit determinations for MSP enrollees. OPM must have the capacity to collect, manage, and access health insurance benefits appeals information and documents on an ongoing basis in order for OPM to:

a. Determine eligibility for the MSP Program external review process.

b. Review adverse benefit determinations by MSP issuers to provide effective external review.

c. Track the progress of individual requests for external review and ensure that MSP enrollees do not submit duplicative requests.

d. Make information available for any subsequent litigation related to a disputed external review decision.

e. Monitor whether MSP issuers are providing benefits to which MSP enrollees are entitled under the terms of the applicable MSP Program contract.

f. Maintain records for parties to the dispute so that the MSP enrollee and MSP issuer can obtain a record of past external reviews in which they were involved.

g. Track and report information about the administration of the MSP Program.

h. Refer MSP enrollees to appropriate entities about their inquiries or complaints.

i. Correspond with MSP enrollees.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures otherwise permitted under 5 U.S.C. 552a(b), all or a portion of the records or information contained in this system may be disclosed outside of OPM, for a routine use under 5 U.S.C. 552a(b)(3) as follows:

a. For Claims Adjudication—To disclose information to agency contractors conducting claim reviews for the purpose of adjudicating an appeal.

b. For Law Enforcement Purposes—To disclose pertinent information to the appropriate Federal, State, or local agency responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, where OPM becomes aware of an indication of a violation or potential violation of civil or criminal law or regulation.

c. For Congressional Inquiry—To provide information to a Congressional office from the record of an individual in response to an inquiry from that

Congressional office made at the request of that individual.

d. For Judicial/Administrative Proceedings—To disclose information to another Federal agency, to a court, or a party in litigation before a court or in an administrative proceeding being conducted by a Federal agency, when the Government is a party to the judicial or administrative proceeding. In those cases where the Government is not a party to the processing, records may be disclosed if a subpoena has been signed by a judge.

e. For the National Archives and Records Administration or the General Services Administration—To disclose information to the National Archives and Records Administration (NARA) or General Services Administration for use in records management inspections conducted pursuant to 44 U.S.C. 2904 and 2906.

f. For Litigation—To disclose to the Department of Justice or in a proceeding before a court, adjudicative body, or other administrative body before which OPM is authorized to appear, when—

(1) OPM, or any component thereof; or

(2) Any employee of OPM in his or her official capacity; or

(3) Any employee of OPM in his or her individual capacity where the Department of Justice or OPM has agreed to represent the employee; or

(4) The United States, when OPM determines that litigation is likely to affect OPM or any of its components—

is a party to litigation or has an interest in such litigation, and the use of such records by the Department of Justice or OPM is deemed by OPM to be relevant and necessary to the litigation, provided, however, that the disclosure is compatible with the purpose for which records were collected.

g. For Non-Federal Personnel—To disclose information to contractors, grantees, or volunteers performing or working on a contract, service, grant, cooperative agreement, or job for the Federal Government, where the disclosure is compatible with the purpose for which records are collected.

h. In the Event of a Data Breach—In the event of a data breach, records may be disclosed to appropriate Federal agencies and agency contractors that have a need to know the information for the purpose of assisting the agency's efforts to respond to a suspected or confirmed breach of the security or confidentiality of information maintained in this system of records, and the information disclosed is relevant and necessary for that assistance.

i. To researchers inside and outside the Federal Government, approved in advance by OPM on the basis of demonstrated aptitude and a written research plan, for the purpose of conducting analysis of health care and health insurance trends and topical health-related issues compatible with the purposes for which the records were collected and formulating health care program changes and enhancements to limit cost growth, improve outcomes, increase accountability, and improve efficiency in program administration. In all cases, researchers external to OPM will access a public use file that will be maintained for such purposes; will contain only de-identified data; and will be structured, where appropriate, to protect MSP enrollee confidentiality where identities may be discerned because there are fewer records under certain demographic or other variables. In all disclosures to analysts under this routine use, only de-identified data will be disclosed.

j. If OPM determines that jurisdiction over an MSP enrollee's inquiry or complaint lies with another Federal or State agency, information in this system of records may be disclosed to other agencies, such as a State insurance department, a State Consumer Assistance Program, or the U.S. Department of Health and Human Services.

POLICIES AND PRACTICES OF STORING, RETRIEVING, SAFEGUARDING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Paper records will be maintained in locked file cabinets within OPM and/or any contractors. Any electronic records will be maintained in electronic systems.

RETRIEVABILITY:

Records will primarily be manipulated, managed and summarized using a unique number assigned to each external review or case about an inquiry or complaint. However, information may also be accessible by other identifying information, including name, date of birth, or Social Security Number.

SAFEGUARDS:

OPM will maintain records within its secure headquarters in Washington, DC. Electronic records will be maintained on password-protected computers and systems. Computer firewalls will be maintained to prevent access by unauthorized personnel. Any paper records will be delivered to a locked P.O. Box and kept in locked file cabinets.

Federal employees and employees of Federal contractors are required to have been the subject of a favorable adjudication following an appropriate background investigation before they are allowed physical access to OPM and access to any records. OPM's environment is equipped with electronic badge readers restricting access to authorized personnel only and has safeguards in place to alert security personnel if unauthorized personnel attempt to gain access to OPM's environment. OPM employs armed physical security guards 365 days a year, 24 hours a day, who patrol OPM headquarters, including entry and exit points. Closed Circuit Video cameras are strategically located on every floor and external to the facility.

The system will employ National Institute of Standards and Technology (NIST) Security Controls identified in the most recent version of Special Publication SP 800-53. NIST 800-53 security controls are the management, operational, and technical safeguards or countermeasures employed within an organizational information system to protect the confidentiality, integrity, and availability of the system and its information. OPM will perform a Security Assessment and Authorization (SA&A) following the NIST 800-53 standard in order to obtain an Authority to Operate (ATO). The system will employ role-based access controls to further restrict access to data, based on the functions that users are authorized to perform. The system will be fully compliant with all applicable provisions of the Privacy Act, Health Insurance Portability and Accountability Act (HIPAA), Federal Information Security Management Act (FISMA), Federal Records Act, Office of Management and Budget (OMB) guidance, and NIST guidance.

RETENTION AND DISPOSAL:

The records in this system will be retained for at least 6 years. Records may be retained for a longer period for the system purposes established in this system of records notice, or for other purposes as required under law (e.g., for purposes of litigation). A records retention schedule will be established with NARA, and no records will be destroyed until that schedule has been established. Once that schedule is established, it will set forth methods for disposing records that would no longer be eligible for retention.

I. Introduction

In accordance with 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.*, the Postal Service filed a formal request and associated supporting information to add Priority Mail Express & Priority Mail Contract 15 to the competitive product list.¹ The Postal Service asserts that Priority Mail Express & Priority Mail Contract 15 is a competitive product "not of general applicability" within the meaning of 39 U.S.C. 3632(b)(3). Request at 1. The Request has been assigned Docket No. MC2014-3.

The Postal Service contemporaneously filed a redacted contract related to the proposed new product under 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. *Id.* Attachment B. The instant contract has been assigned Docket No. CP2014-3.

Request. To support its Request, the Postal Service filed six attachments as follows:

- Attachment A—a redacted copy of Governors' Decision No. 11-6, authorizing the new product;
- Attachment B—a redacted copy of the contract;
- Attachment C—proposed changes to the Mail Classification Schedule competitive product list with the addition underlined;
- Attachment D—a Statement of Supporting Justification as required by 39 CFR 3020.32;
- Attachment E—a certification of compliance with 39 U.S.C. 3633(a); and

In the Statement of Supporting Justification, Brian Code, Manager,

¹ Request of the United States Postal Service to Add Priority Mail Express & Priority Mail Contract 15 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data, October 23, 2013 (Request).

Retail Alliances, asserts that the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. *Id.* Attachment D at 1. Mr. Code contends that there will be no issue of market dominant products subsidizing competitive products as a result of this contract. *Id.*

Related contract. The Postal Service included a redacted version of the related contract with the Request. *Id.* Attachment B. The contract is scheduled to become effective within 90 days after the Postal Service receives final regulatory approval from the Commission. *Id.* at 3. The contract will expire one year from the effective date. *Id.* The Postal Service represents that the contract is consistent with 39 U.S.C. 3633(a). *Id.* Attachment E.

The Postal Service filed much of the supporting materials, including the related contract, under seal. *Id.* Attachment F. It maintains that the redacted portions of the Governors' Decision, contract, customer-identifying information, and related financial information should remain confidential. *Id.* at 3. This information includes the price structure, underlying costs and assumptions, pricing formulas, information relevant to the customer's mailing profile, and cost coverage projections. *Id.* The Postal Service asks the Commission to protect customer-identifying information from public disclosure indefinitely. *Id.* at 7.
