SUPPLEMENTARY INFORMATION:

Background

On September 5, 2013, we published an RFI in the **Federal Register** (78 FR 54638) to collect information in two intertwining areas in support of the English learner community. First, the Department seeks information on the technical assistance needs of State educational agencies (SEAs), local educational agencies (LEAs), administrators, and teachers who provide services to English learners (ELs). Second, the Department seeks information on how we can best disseminate technical assistance, including materials through the National Clearinghouse for English Language Acquisition and Language Instruction Educational programs (NCELA) in support of the EL community and those who provide services to ELs. The September fifth publication provided some helpful questions that could assist commenters in preparing their comments. See 78 FR 54638. The deadline for written submissions during the initial comment period was September 25, 2013. We are reopening the comment period for written submissions in response to the RFI notice through November 12, 2013. We are reopening the comment period to maximize opportunities for the public to provide input on the National Clearinghouse and our technical assistance agenda for English learners and those who support them.
