Bureau of Ocean Energy Management

Request for Comments on the Annual Progress Report on the Outer Continental Shelf (OCS) Oil and Gas Leasing Program 2012–2017

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Request for comments.

SUMMARY: BOEM requests comments on the Annual Progress Report (Report) on the OCS Oil and Gas Leasing Program 2012–2017 (Five Year Program). The Annual Progress Report is available for review at: www.boem.gov/Five-Year-Program-Annual-Progress-Report/. Information on the Five Year Program is available online at <http://www.boem.gov/Oil-and-Gas-Energy-Program/Leasing/Five-Year-Program/2012-2017/Five-Year-Program.aspx>. The Secretary of the Interior (Secretary) published the Five Year Program in June 2012, and the program became final on August 27, 2012, after the required 60-day congressional review period. Section 18(e) of the OCS Lands Act (Act) states that “the Secretary shall review the leasing program approved under this section at least once each year. He [or she] may revise and reapprove such program, at any time, and such revision and reapproval, except in the case of a revision which is not significant, shall be in the same manner as originally developed.” Historically, the annual review has been an internal process in which BOEM reports to the Secretary any information or events that might result in consideration of a revision to the Program. However, in the decision document for the Five Year Program (available by clicking on “Proposed Final Program Decision Document” at the above web address), the Department of the Interior stated its commitment to “publish an annual progress report on the Five Year Program that includes an opportunity for stakeholders and the public to comment on the program’s implementation.” Pursuant to this commitment, the Annual Progress Report (Report) provides the public an overview of the activities that have occurred during the previous year. The Report includes the following information:

- Statistics of sales that have occurred in the previous year, including the number and location of lease blocks and the dollars collected on high bids;
- a tracking table of all relevant deferrals and mitigations;
