U.S. Customs and Border Protection

Modification of National Customs Automation Program Test Concerning Automated Commercial Environment (ACE) Cargo Release (Formerly Known as Simplified Entry)

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces U.S. Customs and Border Protection's (CBP's) plan to both rename and modify the National Customs Automation Program (NCAP) test concerning the Simplified Entry functionality in the Automated Commercial Environment (ACE). Originally, the test was known as the Simplified Entry Test because the test simplified the entry process by reducing the number of data elements required to obtain release for cargo transported by air. The test will now be known as the ACE Cargo Release Test as one of the modifications of the test announced in this notice is to provide more capabilities to test participants allowing CBP to deliver enhanced functionality. The test is also modified by expanding its coverage and by removing the Customs-Trade Partnership Against Terrorism (C-TPAT) status requirement for importer self-filers and customs brokers and by adding new data elements. This notice invites more participants to join the test.

DATES: The ACE Cargo Release test modifications set forth in this document are effective November 4, 2013. The test will run until approximately November 1, 2015.

ADDRESSES: Comments or questions concerning this notice and indication of interest in participation in ACE Cargo Release should be submitted, via email, to Susan Maskell at susan.c.maskell@cbp.dhs.gov. In the subject line of your email, please indicate "Comment on ACE Cargo Release". The body of the email should include information regarding the identity of the ports where filings are likely to occur.

FOR FURTHER INFORMATION CONTACT: For policy related questions, contact Stephen Hilsen, Director, Business Transformation, ACE Business Office, Office of International Trade, at stephen.r.hilsen@cbp.dhs.gov. For technical questions, contact Susan Maskell, Client Representative Branch, ACE Business Office, Office of International Trade, at susan.c.maskell@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

In General

U.S. Customs and Border Protection's (CBP's) National Customs Automation Program (NCAP) test concerning Automated Commercial Environment (ACE) Simplified Entry (SE test) functionality is authorized under § 101.9(b) of title 19 of the Code of Federal Regulations (19 CFR 101.9(b)), which provides for the testing of NCAP programs or procedures.

On November 9, 2011, CBP published in the **Federal Register** a notice announcing an NCAP test concerning ACE Simplified Entry. *See* 76 FR 69755. The SE test established new entry capability to simplify the entry process for cargo transported by air by reducing the number of data elements required to obtain release. This data fulfills merchandise entry requirements that allow for earlier release decisions and more certainty for the importer in determining the logistics of cargo delivery. On August 14, 2012, CBP published in the **Federal Register** a notice modifying test participant selection criteria for the SE test. *See* 77 FR 48527.

In the notice published in the **Federal Register** on July 23, 2013 (78 FR 44142), the Document Image System (DIS) NCAP test was expanded and modifications were made to the SE test to allow for certain data elements to be transmitted via the Document Image System (DIS). The July 23, 2013 notice also expanded the pool of eligible
