### Environmental Review and Next Steps

The Service will conduct an environmental review to analyze the proposed action, along with other alternatives considered and the associated impacts of each for the development of the DEIS. The DEIS will include an analysis of impacts on each covered species and the range of alternatives to be addressed. The DEIS is expected to provide biological descriptions of the affected species and habitats, as well as the effects of the alternatives on other resources, such as vegetation, wetlands, wildlife, geology and soils, air quality, water resources, water quality, cultural resources, land use, recreation, water use, the local economy, and environmental justice. Following completion of the environmental review, the Service will publish a notice of availability and request for public comments on the DEIS, Champlin's permit application, and the draft HCP. The DEIS and draft HCP are expected to be completed and available to the public in 2014.

### Authority

The environmental review of this project will be conducted in accordance with the requirements of the NEPA of 1969, as amended (42 U.S.C. 4321 *et seq.*), Council on Environmental Quality Regulations (40 CFR Parts 1500–1508), other applicable Federal laws and regulations, and applicable policies and procedures of the Service. This notice is being furnished in accordance with 40 CFR 1501.7 of the NEPA regulations to obtain suggestions and information from other agencies and the public on the scope of issues and alternatives to be addressed in the DEIS.

Dated: October 18, 2013.
