Foreign-Trade Zone 196—Fort Worth, Texas, Authorization of Production Activity, Flextronics International USA, Inc. (Mobile Phone Assembly and Kitting), Fort Worth, Texas

On June 14, 2013, Flextronics International USA, Inc. submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board for its facility within FTZ 196—Site 2, in Fort Worth, Texas.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (78 FR 37785, 6-24-2013). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Dated: October 31, 2013.

Foreign-Trade Zone (FTZ) 235—Lakewood, New Jersey, Notification of Proposed Production Activity, Cosmetic Essence Innovations, LLC, (Fragrance Bottling), Holmdel, New Jersey

Cosmetic Essence Innovations, LLC (CEI) submitted a notification of proposed production activity to the FTZ Board for its facility in Holmdel, New Jersey within FTZ 235. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 30, 2013.

CEI already has authority to bottle fragrances within Site 8 of FTZ 235. The current request would add foreign status components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CEI from customs duty payments on the foreign status components used in export production. On its domestic sales, CEI would be able to choose the duty rate during customs entry procedures that applies to bottles of fragrances (duty-free) for the foreign status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: metal collars, plastic collars and metal caps or lids (duty rate ranges from 2.5 to 5.3%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 16, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. The revised deadline for the preliminary results of this review is now October 23, 2013.

Scope of the Order

The merchandise covered by the order includes steel threaded rod. The subject merchandise is currently classifiable under subheading 7318.15.5051, 7318.15.5056,¹² 7318.15.5090, and 7318.15.2095 of the United States Harmonized Tariff Schedule (“HTSUS”). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.¹³

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties are addressed in the Issues and Decision Memorandum, which is hereby adopted by this Notice. A list of the issues which parties raised is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit (“CRU”), Room 7046 of the main Department of Commerce building, as well as electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the CRU. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

¹² HTSUS 7318.15.5056 was not listed in the scope for the *Preliminary Results* but should have been included in the scope. See *Certain Steel Threaded Rod from the People’s Republic of China: Amended Final Results of Antidumping Duty Administrative Review; 2010–2011*, 78 FR 4389 (January 22, 2013).

¹³ See *Certain Steel Threaded Rod from the People’s Republic of China: Notice of Antidumping Duty Order*, 74 FR 17154 (April 14, 2009) (“*Order*”). For a full description of the scope of the *Order*, see Memorandum to Paul Piquado, Assistant Secretary for Import Administration, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, Subject: Certain Steel Threaded Rod from the People’s Republic of China: Issues and Decision Memorandum for the Final Results of the Third Antidumping Duty Administrative Review (October 7, 2013) (“*Issues and Decision Memorandum*”).

Determination of No Reviewable Transactions

In the *Preliminary Results*, the Department determined that two companies had no shipments.¹⁴ These companies either reported that they had no shipments of subject merchandise to the United States or the record evidence showed that they had no shipments during the POR. As we stated in the *Preliminary Results*, our examination of shipment data from U.S. Customs and Border Protection (“CBP”) confirmed that there were no reviewable transactions made by these companies during the POR.¹⁵ Subsequent to the *Preliminary Results*, the Department did not receive any comments or information which indicated that these two companies made sales of subject merchandise to the United States during the POR. Therefore, consistent with the Department’s refinement to its assessment practice in nonmarket economy (“NME”) cases, the Department finds that it is appropriate not to rescind the review in these circumstances, but, rather, to complete the review with respect to those two companies and issue appropriate instructions to CBP based on the final results of the review.¹⁶

Determination Not To Revoke Order in Part

We continue to find that the RMB/IFI Group has not satisfied the requirements of 19 CFR 351.222(b).¹⁷ Thus, under section 751 of the Act, we determine not to revoke in part the order with respect to the RMB/IFI Group.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we have made certain revisions to the margin calculations for the RMB/IFI Group.¹⁸

¹⁴ These companies are: 1) Certified Products International, Inc. (“CPI”), and 2) Jiangxi Xinyue Standard Part Co., Ltd. (“Jiaying Xinyue”), collectively “No Shipment Respondents.”

¹⁵ See *Preliminary Results*, 78 FR at 21102.

¹⁶ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011) (“*NME Antidumping Proceedings*”).

¹⁷ See Issues and Decision Memorandum at Comment 8. The Department recently published a final rule amending this section of its regulations concerning the revocation of antidumping and countervailing duty orders in whole or in part, but that final rule does not apply to this administrative review. See *Modification to Regulation Concerning the Revocation of Antidumping and Countervailing Duty Order*, 77 FR 29875 (May 21, 2012). Reference to 19 CFR 351.222(b) thus refers to the Department’s regulations in effect prior to June 20, 2012.

Separate Rates

In our *Preliminary Results*, we determined that the RMB/IFI Group and Zhejiang New Oriental Fastener Co., Ltd. (“Zhejiang New Oriental”) met the criteria for separate rate status.¹⁹ We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that these companies meet the criteria for separate rate status.

Rate for Non-Selected Companies

Zhejiang New Oriental was not selected for individual review but, as explained above, meets the criteria for separate rate status. As in the *Preliminary Results*, we have assigned Zhejiang New Oriental the rate calculated for the mandatory respondent (*i.e.*, the RMB/IFI Group). The RMB IFI Group’s rate is not zero, *de minimis*, or based entirely on facts available.²⁰ For the final results, we continue to find this approach to be consistent with section 735(c)(5) of the Act and the Department’s practice.²¹

PRC-Wide Rate and PRC-Wide Entity

For the PRC-Wide Entity, the Department in the *Preliminary Results* assigned the rate of 206 percent, the only rate ever determined for the PRC-wide entity in this proceeding.²² Because this rate is the same as the PRC-Wide rate from previous segments in this proceeding and nothing on the record of the instant review calls into question the reliability of the PRC-Wide rate, we find it appropriate to continue to apply the PRC-Wide rate of 206 percent.²³

In the *Preliminary Results*, the Department determined that those companies which did not demonstrate eligibility for a separate rate are properly considered part of the PRC-Wide Entity.²⁴ Since the *Preliminary*

Results, none of these companies submitted comments regarding these findings. Therefore, we continue to treat these companies as part of the PRC-Wide Entity.²⁵

Additionally, in the *Preliminary Results*, for five companies,²⁶ the Department found that, while the request for review had been withdrawn, none of these five companies had a separate rate. Accordingly, these five companies remained part of the PRC-wide entity, which remained under review for the *Preliminary Results*.²⁷ Thus, the Department did not rescind the review for each of these five companies for the *Preliminary Results*. Since the *Preliminary Results*, no party has presented any information to the contrary and thus, these five companies remain part of the PRC-wide entity, which remains under review for the final results.

Final Results of the Review

The dumping margins for the POR are as follows:

Exporter	Weighted-average margin (percent)
(1) Jiaxing Brother Standard Part Co., Ltd., IFI & Morgan Ltd. and RMB Fasteners Ltd. (collectively “RMB/IFI Group”)	19.54
(2) Zhejiang New Oriental Fastener Co., Ltd	*19.54

Assessment Rates

The Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of these final results of this review. In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent), the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered

value of sales.²⁸ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above *de minimis*. Where either the respondent’s weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For Zhejiang New Oriental Fastener Co., Ltd., the company receiving a separate rate that was not selected for individual review, we will assign an assessment rate based on the rate we calculated for the mandatory respondent whose rate was not *de minimis*, as discussed above. We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate.

The Department recently announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the NME-wide rate. For a full discussion of this practice, see *NME Antidumping Proceedings*.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the RMB/IFI Group and Zhejiang New Oriental Fastener Co., Ltd., the cash deposit rate will be that established in the final results of this review; (2) for previously investigated or reviewed PRC and non-PRC exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate,

No other party requested a review on these five companies.

the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: October 23, 2013.

Assistant Secretary for Enforcement and Compliance.

Aviation Trade Mission to Brazil From May 12–16, 2014

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

Mission Description

The United States Department of Commerce, International Trade Administration (ITA), U.S. and Foreign Commercial Service (CS) and Industry and Analysis are organizing an Aerospace and Aviation Trade Mission to Brazil from May 12–16, 2014. The purpose of the mission is to introduce U.S. firms to Brazil's rapidly expanding market for aerospace and aviation products and services, including airport equipment, air traffic management products and services, and aerospace equipment and parts, and to assist U.S. companies in the pursuit of export
