Revision 1 of RG 1.73 provides applicants and licensees with the most current information on testing safety-related actuators in nuclear power plants. The current version of RG 1.73, "Qualification Tests of Electric Valve Operators Installed Inside the Containment of Nuclear Power Plants" was issued January 1974. It endorses IEEE Std. 382-1972, "IEEE Trial-Use Guide for Type Test of Class I Electric Valve Operators for Nuclear Power Generating Stations." The IEEE standard was updated three times, in 1985, 1996, and 2006. However, the RG has not been updated since 1974. This revision updates RG 1.73 to endorse the current version of IEEE Std. 382-2006, "Standard for Qualification of Safety-Related Actuators for

II. Additional Information

Revision 1 of RG 1.73 was issued for public comment as draft regulatory guide (DG)-1235, "Qualification Tests for Safety-Related Actuators in Nuclear Power Plants" on May 1, 2013, (78 FR 25488) for a 60 day public comment period. The public comment period closed on June 28, 2013 and 2 sets of comments were received. These comments resulted in revisions to the final RG. The comments and the NRC staff response are available in ADAMS at Accession No. ML13210A462.

III. Congressional Review Act

This RG is a rule as designated in the Congressional Review Act (5 U.S.C. 801-808). However, the Office of Management and Budget (OMB) has not found it to be a major rule as designated in the Congressional Review Act.

IV. Backfitting and Issue Finality

Issuance of this final RG does not constitute backfitting as defined in 10 CFR 50.109 (the Backfit Rule) and is not otherwise inconsistent with the issue finality provisions in 10 CFR part 52. As discussed in the "Implementation" section of this RG, the NRC has no current intention to impose this RG on holders of current operating licenses or combined licenses.

This RG may be applied to applications for operating licenses and combined licenses docketed by the NRC as of the date of issuance of the final RG,

as well as future applications for operating licenses and combined licenses submitted after the issuance of the RG. Such action does not constitute backfitting as defined in 10 CFR 50.109(a)(1) or is otherwise inconsistent with the applicable issue finality provision in 10 CFR part 52, inasmuch as such applicants or potential applicants are not within the scope of entities protected by the Backfit Rule or the relevant issue finality provisions in part 52.

Dated at Rockville, Maryland, this 24th day of October 2013.

For the Nuclear Regulatory Commission.

Thomas H. Boyce,

Chief, Regulatory Guide Development Branch, Division of Engineering, Office of Nuclear Regulatory Research.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-70801; File No. SR-CME-2013-25]

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to the Reference Rate for Singapore Dollar Denominated Interest Rate Swaps

November 4, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 22, 2013, Chicago Mercantile Exchange Inc. ("CME") filed with the Securities and Exchange Commission ("Commission") the proposed rule change described in Items I and II below, which Items have been prepared primarily by CME. CME filed the proposal pursuant to Section 19(b)(3)(A)(iii) of the Act,³ and Rule 19b-4(f)(4)(ii)⁴ thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(4)(ii).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization. More specifically, the proposed rule change would make one discrete change related to the reference rate for Singapore Dollar ("SGD") denominated interest rate swaps ("IRS").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a derivatives clearing organization with the Commodity Futures Trading Commission and currently offers clearing services for many different futures and swaps products. With this filing, CME proposes to make a change to CME Rule 90102.E relating to the removal of the SGD-SOR-Reuters reference rate and the addition of the SGD-SOR-VWAP reference rate for SGD denominated IRS. These changes will be effective on filing.

On September 30, 2013 the Association of Banks in Singapore changed the calculation of certain financial benchmarks which included SGD-SOR. As a result, CME is delisting the SGD-SOR-Reuters reference rate of the discontinued benchmark and adding the reference rate SGD-SOR-VWAP for the new benchmark. The proposed change will allow clearing of SGD denominated IRS with the proper reference rate.

The changes that are described in this filing are limited to CME's business as a derivatives clearing organization clearing products under the exclusive jurisdiction of the Commodity Futures Trading Commission ("CFTC") and do not materially impact CME's security-based swap clearing business in any way. CME notes that it has already submitted the proposed rule changes that are the subject of this filing to its

primary regulator, the CFTC, in CME Submission 13-476.

CME believes the proposed rule change is consistent with the requirements of the Exchange Act including Section 17A of the Exchange Act.⁵ The proposed rule change will remove the SGD-SOR-Reuters reference rate of the discontinued benchmark and will add the reference rate SGD-SOR-VWAP for the new benchmark to allow clearing of SGD denominated IRS with the proper reference rate. As such, the rule change is designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible, and, in general, to protect investors and the public interest consistent with Section 17A(b)(3)(F) of the Exchange Act.⁶

Furthermore, the proposed changes are limited in their effect to futures and swaps products offered under CME's authority to act as a derivatives clearing organization. These products are under the exclusive jurisdiction of the CFTC. As such, the proposed CME changes are limited to CME's activities as a derivatives clearing organization clearing swaps that are not security-based swaps; CME notes that the policies of the CFTC with respect to administering the Commodity Exchange Act are comparable to a number of the policies underlying the Exchange Act, such as promoting market transparency for over-the-counter derivatives markets, promoting the prompt and accurate clearance of transactions and protecting investors and the public interest.

Because the proposed changes are limited in their effect to swaps products offered under CME's authority to act as a derivatives clearing organization, the proposed changes are also properly classified as effecting a change in an existing service of CME that:

(a) Primarily affects the clearing operations of CME with respect to products that are not securities, including futures that are not security futures, and swaps that are not security-based swaps or mixed swaps; and

(b) does not significantly affect any securities clearing operations of CME or any rights or obligations of CME with respect to securities clearing or persons using such securities-clearing service.

As such, the changes are therefore consistent with the requirements of

Section 17A of the Exchange Act⁷ and are properly filed under Section 19(b)(3)(A)⁸ and Rule 19b-4(f)(4)(ii)⁹ thereunder.

B. Self-Regulatory Organization's Statement on Burden on Competition

CME does not believe that the proposed rule change will have any impact, or impose any burden, on competition. The rule change simply delists the SGD-SOR-Reuters reference rate of the discontinued benchmark and adds the reference rate SGD-SOR-VWAP for the new benchmark.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(4)(ii)¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>), or
