DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

November 4, 2013.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to:

OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received by December 9, 2013. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Business—Cooperative Service

Title: Rural Economic Development Loan and Grant Program

OMB Control Number: 0570-0035

Summary of Collection: The information collected is necessary to implement Section 313 of the Rural Electrification Act of 1936 (7 U.S.C. 940(c)) that established a loan and grant program. Rural Business Service (RBS) mission is to improve the quality of life in rural America by financing community facilities and businesses, providing technical assistance and creating effective strategies for rural development. Under this program, zero interest loans and grants are provided to electric and telecommunications utilities that have borrowed funds from RUS. The purpose of the program is to encourage these electric and telecommunications utilities to promote rural economic development and job creation projects such as business start-up costs, business expansion, community development, and business incubator projects.

Need and Use of the Information: RBS needs this collected information to select the projects it believes will provide the most long-term economic benefit to rural areas. The selection process is competitive and RBS has generally received more applications than it could fund. RBS also needs to make sure the funds are used for the intended purpose, and in the case of the loan, the funds will be repaid. RBS must determine that loans made from revolving loan funds established with grants are used for eligible purposes.

Agricultural Marketing Service

Title: USDA Food Connect Web site.

OMB Control Number: 0581-0224.

Summary of Collection: The USDA Food Connect Web site (previously known as the USDA Food and Commodity Connection Web site) operates pursuant to the authority of Section 32 of Public Law 320, Section 8 of the Child Nutrition Act of 1966 (42 U.S.C. 1777) and the National School Lunch Program, 7 CFR part 210. It was developed to assist the institutional food service community across the United States. The Web site focuses on providing information to institutional food service professions, as well as providing a platform for processors and brokers to post information about their processed USDA supplied commodities and other commercial food products available for institutional food service purchase. The USDA Food Connect Web site provides food related associations a location to provide information on services and materials available from the organization. The Web site is a public Web site and the information provided is considered as public information.

Need and Use of the Information: The USDA Food Connect Web site will collect all information electronically at one time upon registration. Each new user must create their individual login and password. There are four primary types of users; institutional food service professionals, processors, brokers and food related associations. The Food Connect Web site is designed as a central location in which institutional food service professionals, who provide meals in institutional settings, can locate processors who manufacture foods utilizing USDA provided commodities, brokers who represent the processors, and food related associations. No information is collected from a user when they access the Web site as a guest.

Description of Respondents: Business or other for-profit; Farms; State, Local & Tribal governments.

Number of Respondents: 1,215.

Frequency of Responses: Reporting: Other (One Time).

SUPPLEMENTARY INFORMATION:**Background**

Under the authority of the plant pest provisions of the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the regulations in 7 CFR Part 340, "Introduction of Organisms and Products Altered or Produced Through Genetic Engineering Which Are Plant Pests or Which There Is Reason to Believe Are Plant Pests," regulate, among other things, the introduction (importation, interstate movement, or release into the environment) of organisms and products altered or produced through genetic engineering that are plant pests or that there is reason to believe are plant pests. Such genetically engineered (GE) organisms and products are considered "regulated articles."

The regulations in § 340.6(a) provide that any person may submit a petition to the Animal and Plant Health Inspection Service (APHIS) seeking a determination that an article should not be regulated under 7 CFR Part 340. APHIS has received a petition (APHIS Petition Number 10-161-01p) from Okanagan Specialty Fruits, Inc., (Okanagan) of British Columbia, Canada, seeking a determination of nonregulated status of apples (*Malus x domestica*) designated as events GD743 and GS784, which have been genetically engineered to resist browning. The petition stated that these apples are unlikely to pose a plant pest risk and, therefore, should not be a regulated article under APHIS' regulations in 7 CFR Part 340.

According to our process¹ for soliciting public comment when considering petitions for determinations of nonregulated status of GE organisms, APHIS accepts written comments regarding a petition once APHIS deems it complete. In a notice² published in

¹ On March 6, 2012, APHIS published in the **Federal Register** (77 FR 13258-13260, Docket No. APHIS-2011-0129) a notice describing our public review process for soliciting public comments and information when considering petitions for determinations of nonregulated status for GE organisms.
