Cancellation of the Notice of Intent To Prepare an Environmental Impact Statement for Construction and Operation of an Outlying Landing Field To Support Carrier Air Wing Aircraft at Naval Air Station Oceana and Naval Station Norfolk, VA

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy (DoN) hereby cancels its Notice of Intent to Prepare an Environmental Impact Statement (EIS) for Construction and Operation of an Outlying Landing Field (OLF) in northeastern North Carolina and southeastern Virginia. The purpose of the OLF was to support carrier-based air wing aircraft squadrons stationed at and transient to Naval Air Station (NAS) Oceana and Naval Station (NS) Norfolk, VA. Navy Auxiliary Landing Field Fentress remains the single, local DoN OLF for Field Carrier Landing Practice (FCLP) training for all fixed-wing, carrier-based air wing aircraft operating from NAS Oceana and NS Norfolk Chambers Field.

SUPPLEMENTARY INFORMATION: In a Notice of Intent published on April 9, 2008 (73 FR 19196), the DoN announced its intent to prepare an EIS to evaluate the potential environmental consequences of constructing and operating an OLF to support FCLP training requirements for carrier-based fixed-wing aircraft at NAS Oceana and NS Norfolk Chambers Field, Virginia.

On August 28, 2009, the DoN delayed release of the Draft OLF EIS in order to allow inclusion of a noise analysis for the F–35C (Joint Strike Fighter) in the EIS. The DoN suspended the Draft OLF EIS on January 27, 2011 pending better defined East Coast F–35C homebasing and training requirements.

The current decision to cancel the suspended OLF EIS does not address the future requirement for an additional DoN East Coast OLF. When the DoN identifies East Coast F–35C homebasing and training requirements, the future long-term need for an additional OLF will be determined. At present, an EIS to support the East Coast homebasing of the F–35C is anticipated to begin no earlier than 2017, rather than 2014 as was announced in 2011. If a decision is made at some future date to pursue an additional OLF in conjunction with the East Coast F–35C homebasing, a new siting study would also have to be conducted. It is unknown at this time whether any, or all, of the five sites considered in the canceled OLF EIS would be considered in the future.

Dated: November 14, 2013.

The intent of this comprehensive funding approach is to ensure that progress will continue to be made to improve public schools and public charter schools and to ensure that funding for the Opportunity Scholarship Program will not lead to a reduction in funding for the District of Columbia public and charter schools.

Under section 3004(b) of the SOAR Act, the Secretary is required to provide funds to the Mayor of the District of Columbia to improve and expand quality public charter schools in the District of Columbia.

Program Authority: Scholarships for Opportunity and Results (SOAR) Act, Division C of Public Law 112-10; 125 Stat. 199-212, as amended by Public Law 112-92, the SOAR Technical Corrections Act; 126 Stat. 6-7.

increase the number of new, high-quality charter school seats. In the case of subgrants to schools, awards will be made to the entities identified in the approved application (District of Columbia charter schools). For the remaining subgrants, entities will be selected through a competitive process set out in subgranting procedures established by the grantee.

Requirements: This subgranting authority must be used by OSSE to directly carry out project activities described in its application. OSSE must ensure that subgrants are awarded on the basis of an approved budget that is consistent with OSSE's approved application and all applicable Federal statutory, regulatory, and other requirements. OSSE must ensure that every subgrant includes any conditions required by Federal statutes and executive orders and their implementing regulations. OSSE must ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations, including the Federal anti-discrimination laws enforced by the Department, which are set out at 34 CFR 75.500.

Note: This notice does *not* solicit applications. Authorization of the SOAR Act directs funds to the Mayor of the District of Columbia for District of Columbia public charter schools.
