

road will extend from powerhouse to the existing community drinking water tank access road. As requested by the U.S. Fish and Wildlife Service, to prevent traffic in the Kodiak National Wildlife Refuge, the intake access trail will be closed to non-project traffic. The powerhouse access road will be open to public vehicles. An approximately 6,550-foot-long, 12.47kV three-phase overhead power line will extend from the powerhouse to the existing power distribution system in Old Harbor.

Transmission Line

A 6,500-foot-long, 12.47-kV, 3-phase overhead power line will be installed

from the powerhouse to the existing power distribution system in Old Harbor.

1. *Locations of the Application:* A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is

also available for inspection and reproduction at the address in item (h) above.

m. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. *Procedural Schedule:*

The application will be processed according to the following preliminary Hydro Licensing Schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Notice of Acceptance/Notice of Ready for Environmental Analysis	January 2014.
Filing of recommendations, preliminary terms and conditions, and fishway prescriptions	March 2014.
Commission issues Environmental Assessment (EA)	July 2014.
Comments on EA	August 2014.
Modified terms and conditions	October 2014.

o. Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

Dated: November 14, 2013.

Kimberly D. Bose,
Secretary.

[Docket Nos. CP14-17-000; PF13-7-000]

Columbia Gas Transmission, LLC; Notice of Application

Take notice that on November 1, 2013, Columbia Gas Transmission, LLC (Columbia), 1700 MacCorkle Avenue SE., Charleston, West Virginia 25314, filed an application under sections 7(b) and 7(c) of the Natural Gas Act for the East Side Expansion Project (Project) in Pennsylvania, New Jersey, New York, and Maryland. Columbia proposes to (i) replace existing compressors with new compressors at Milford and Easton Compressor Stations (CS), located in Pennsylvania, (ii) install approximately 9.5 miles of new 26-inch pipeline loop at the existing Line 1278 between Eagle CS and Downingtown CS in Chester County, Pennsylvania, (iii) install approximately 9.5 miles of 20-inch pipeline loop at the existing Line 10345 in Gloucester County, New Jersey, and (iv) install various measurement, station

pipng, and appurtenant facilities at existing sites located in Orange County, New York, Bucks and Montgomery Counties, Pennsylvania, and Harford County, Maryland, all as more fully set forth in the application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the East Side Expansion Project should be directed to Fredric J. George, Lead Counsel, Columbia Gas Transmission, LLC, P.O. Box 1273, Charleston, West Virginia 25325-1273 or at (304) 357-2359 (phone), or (304) 357-3206 (fax), or fjgeorge@nisource.com (email).

On March 8, 2013, the Commission staff granted Columbia’s request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF13-7-000 to staff activities involving the project. Now, as of the filing of this application on November 1, 2013 (CP14-17-000), the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP14-17-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission’s rules, 18 CFR 157.9, within 90 days of this Notice, the

Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission’s public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s FEIS or EA.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit

7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call

(866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: December 6, 2013.

Dated: November 15, 2013.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP14-18-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Application

On November 7, 2013, Transcontinental Gas Pipe Line Company, LLC (Transco) filed with the Federal Energy Regulatory Commission (Commission) an application under section 7 of the Natural Gas Act to construct and operate its Woodbridge Delivery Lateral Project (Project), a new delivery lateral extending 2.4 miles from an interconnection with Transco's mainline to the CPV Shore, LLC's Woodbridge Energy Center electric generating station. The delivery lateral and generating station are in Middlesex County, New Jersey. The Project will enable Transco to provide 264,000 dekatherms per day of incremental firm natural gas transportation service to CPV Shore, LLC under Transco's Rate Schedule FDLs, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Questions regarding this application may be directed to Marg Camardello, Team Leader, Rates & Regulatory at Transcontinental Gas Pipe Line Company, LLC, P.O. Box 1396, Houston, Texas 77251 or by calling 713-215-3380. In addition, 866-455-9103 may be called toll-free or email-mail addressed to PipelineExpansion@williams.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for

Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project.
