

Guideline (MMUCC) (<http://www.mmucc.us>); and

b. A guideline format for input of data into a statewide traffic records system.

B. Crash investigation and incident reporting. Each State should establish procedures that require the reporting of motor vehicle crashes and incidents to the responsible State agency within a reasonable time after the occurrence.

C. Driver reports.

1. In motor vehicle crashes involving only property damage, and where the motor vehicle can be safely driven away from the scene, the drivers of the motor vehicles involved should be required to submit a written report consistent with State reporting requirements, to the responsible State agency. A motor vehicle should be considered capable of being normally and safely driven if it does not require towing and can be operated under its own power, in its customary manner, without further damage or hazard to itself, other traffic elements, or the roadway. Each driver report should include, at a minimum, the following information relating to the crash:

- a. Location
- b. Date
- c. Time
- d. Identification of drivers
- e. Identification of the owner
- f. Identification of any pedestrians, passengers, and pedal-cyclists
- g. Identification of the motor vehicles
- h. Direction of travel of each motor vehicle involved
- i. Other property involved
- j. Environmental conditions existing at the time of the accident
- k. A narrative description of the events and circumstances leading up to the time of the crash and immediately after the crash.

2. In all other motor vehicle crashes or incidents, the drivers of the motor vehicles involved should be required to immediately notify and report the motor vehicle crash or incident to the nearest law enforcement agency of the jurisdiction in which the motor vehicle crash or incident occurred. This includes, but is not limited to, motor vehicle crashes or incidents involving:

- a. Fatal or nonfatal personal injury or
- b. Damage to the extent that any motor vehicle involved cannot be driven under its own power, and therefore requires towing.

D. Motor vehicle crash investigation and incident reporting. Each State should establish a plan for motor vehicle crash investigation and incident reporting that meets the following criteria:

1. A law enforcement agency investigation should be conducted of all

motor vehicle crashes and incidents identified in section III.C.2 of this guideline. Information collected should be consistent with the law enforcement mission of detecting and apprehending violators of any criminal or traffic statute, regulation or ordinance, and should include, as a minimum, the following:

a. Violation(s), if any occurred, cited by section and subsection, numbers and titles of the State code, that contributed to the motor vehicle crash or incident or for which the driver was arrested or cited.

b. Information supporting each of the elements of the offenses for which the driver was arrested or cited.

c. Information (collected in accordance with the program established under Highway Safety Program Guideline No. 15, Traffic Law Enforcement Services), relating to human, vehicular, and roadway factors causing individual motor vehicle crashes and incidents, injuries, and deaths, including failure to use seat belts.

2. Multidisciplinary motor vehicle crash investigation teams should be established, with representatives from appropriate interest areas, such as law enforcement, prosecutorial, traffic, highway and automotive engineering, medical, behavioral, and social sciences. Data gathered by each member of the investigation team should be consistent with the mission of the member's agency, and should be for the purpose of determining the causes of motor vehicle crashes, injuries, and deaths. These teams should conduct investigations of an appropriate sampling of motor vehicle crashes in which there were one or more of the following conditions:

a. Locations that have a similarity of design, traffic engineering characteristics, or environmental conditions, or that have a significantly large or disproportionate number of crashes.

b. Motor vehicles or motor vehicle parts that are involved in a significantly large or disproportionate number of motor vehicle crashes, or fatal or injury producing crashes or incidents.

c. Drivers, pedestrians, and motor vehicle occupants of a particular age, sex, or other grouping, who are involved in a significantly large or disproportionate number of fatal or injury producing motor vehicle crashes or incidents.

d. Motor vehicle crashes in which the causation or the resulting injuries and property damage are not readily explainable in terms of conditions or circumstances that prevailed.

e. Other factors that concern State and national emphasis programs.

V. Evaluation.

The program should be evaluated at least annually by the State. The National Highway Traffic Safety Administration should be provided with a copy of the evaluation.

Authority: 23 U.S.C. Section 402.

Issued in Washington, DC on November 25, 2013.

Jeff Michael,

Associate Administrator, Research and Program Development.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

Rail Depreciation Studies

AGENCY: Surface Transportation Board, DOT.

ACTION: Notice of OMB Approval of Information Collection.

SUMMARY: Pursuant to the Paperwork Reduction Act, 44 U.S.C. 3501-3519 (PRA) and Office of Management and Budget (OMB) regulations at 5 CFR 1320.10, the Surface Transportation Board has obtained OMB approval for its information collection, Rail Depreciation Studies. *See* 78 FR 18676 (Mar. 27, 2013).

This collection, codified at 49 CFR part 1201, Section 4-2(b), has been assigned OMB Control No. 2140-0028. Unless renewed, OMB approval expires on August 31, 2016. The display of a currently valid OMB control number for this collection is required by law. Under the PRA and 5 CFR 1320.8, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.

Jeffrey Herzig,

Clearance Clerk.
