#### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 by modifying Class D airspace and Class E airspace extending upward from 700 feet above the surface by amending the geographic coordinates of Henry E. Rohlsen Airport, Christiansted, St. Croix, VI, to bring it in concert with the FAA's aeronautical database. The coordinates would change from (lat. 17°42'07" N., long. 64°47'55" W.) to (lat. 17°42'06" N., long. 64°48'06" W.) Also, the airport formerly called Alexander Hamilton Airport would be changed to Henry E Rohlsen Airport.

Class D and Class E airspace designations are published in Paragraphs 5000 and 6005, respectively, of FAA Order 7400.9X, dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code, Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class D and Class E airspace at Henry E Rohlsen Airport, Christiansted, St. Croix, VI.

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

#### FEDERAL TRADE COMMISSION

##### 16 CFR Part 300

##### Rules and Regulations Under the Wool Products Labeling Act

**AGENCY:** Federal Trade Commission ("FTC" or "Commission").

**ACTION:** Extension of the deadline for filing public comments.

**SUMMARY:** The Commission grants an eight (8) day extension until December 3, 2013 for filing public comments in response to the Commission's Notice of Proposed Rulemaking published on September 20, 2013 ("NPRM").

**DATES:** Comments for the NPRM published on September 20, 2013 (78 FR 57808) must be submitted by December 3, 2013.

**ADDRESSES:** Interested parties may file a comment online or on paper, by following the instructions in the NPRM.<sup>1</sup> Write "Wool Rules, 16 CFR Part 300, Project No. P124201" on your comment, and file your comment online at <https://ftcpublishcommentworks.com/ftc/woolrulesnprm> by following the instructions on the web-based form. If

you prefer to file your comment on paper, mail or deliver your comment to the following address: Federal Trade Commission, Office of the Secretary, Room H–113 (Annex Q), 600 Pennsylvania Avenue NW., Washington, DC 20580.

**FOR FURTHER INFORMATION CONTACT:** Robert M. Frisby, Attorney, (202) 326–2098, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW., Washington, DC 20580.

**SUPPLEMENTARY INFORMATION:** On September 20, 2013, the Commission published its NPRM seeking comment on the Commission's proposed amendments to the Rules and Regulations under the Wool Products Labeling Act of 1939 ("Wool Rules").<sup>2</sup> The NPRM designated November 25, 2013, as the deadline for filing public comments.

On November 20, 2013, the Embassy of Australia contacted the Commission on behalf of the Federation of Australian Wool Organisations ("FAWO") to seek an eight (8) day extension of the comment deadline until December 3, 2013. It explained that the FAWO will be participating in a meeting of the International Wool Textile Organisation ("IWTO") in Guangzhou, China, on November 25–26, 2013, to discuss the proposed amendments. FAWO contends that the record will benefit from comments informed by the meeting deliberations given the role of the IWTO in representing wool industry stakeholders at an international level.

FAWO's input would likely assist the Commission in evaluating the proposed amendments to the Wool Rules. Moreover, the requested short extension of the comment period will not substantially delay the rulemaking process. The Commission recognizes that its NPRM addresses complex issues and believes that extending the comment period to facilitate a more complete record outweighs any harm that might result from an eight (8) day delay. Accordingly, the Commission is extending the comment period for eight (8) days until December 3, 2013.

By direction of the Commission.
