Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to amend the Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007. In the “Rules and Regulations” section of this **Federal Register**, we are amending the definition of “delayed coking unit” as a direct final rule without a prior proposed rule. If we receive no adverse comment, we will not take further action on this proposed rule.

DATES: *Comments:* Written comments must be received by February 3, 2014.

Public Hearing: If anyone contacts EPA requesting to speak at a public hearing by December 24, 2013, a public hearing will be held on January 3, 2014.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA–HQ–OAR–2007–0011, by mail to Air and Radiation Docket (2822T), 1200

Pennsylvania Avenue NW., Washington, DC 20460. Please include a total of two copies. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

We request that you also send a separate copy of each comment to the contact person listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Ms. Brenda Shine, Sector Policies and Programs Division (E143–01), Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: (919) 541–3608; fax number: (919) 541–0246; and email address: *shine.brenda@epa.gov*. For information about the applicability of the New Source Performance Standards (NSPS) to a particular entity, contact Maria Malave, Office of Enforcement and Compliance Assurance (OECA), U.S. Environmental Protection Agency, telephone number: (202) 564–7027; fax number: (202) 564–0050; and email address: *malave.maria@epa.gov*.

SUPPLEMENTARY INFORMATION:

I. Why is the EPA issuing this proposed rule?

This document proposes to take action on amendments to the standards of performance for petroleum refineries at 40 CFR part 60, subpart Ja. We are proposing to amend the definition of “delayed coking unit” in 40 CFR 60.101a and to remove a redundant definition of “delayed coking unit” in that same section. We have published a direct final rule revising the definition

of “delayed coking unit” in the “Rules and Regulations” section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment and no request for a public hearing on the parallel direct final rule, we will not take further action on this proposed rule. If we receive adverse comment on a distinct portion of the direct final rule, we will withdraw that portion of the rule and it will not take effect. In this instance, we would address all public comments in any subsequent final rule based on this proposed rule.

If we receive adverse comment on a distinct provision of the direct final rule, we will publish a timely withdrawal in the **Federal Register** indicating which provisions we are withdrawing. The provisions that are not withdrawn will become effective on the date set out in the direct final rule, notwithstanding adverse comment on any other provision. We do not intend to institute a second comment period on this action. Any parties interested in commenting must do so at this time.

The regulatory text for the proposal is identical to that for the direct final rule published in the “Rules and Regulations” section of this **Federal Register**. For further supplementary information, the detailed rationale for the proposal and the regulatory revisions, see the direct final rule published in a separate part of this **Federal Register**.

II. Does this action apply to me?

Categories and entities potentially regulated by this final rule include:

Category	NAICS Code ¹	Examples of regulated entities
Industry	32411	Petroleum refiners.
Federal government	Not affected.
State/local/tribal government	Not affected.

¹ North American Industry Classification System.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be regulated by this direct final rule. To determine whether your facility would be regulated by this action, you should examine the applicability criteria in 40 CFR 60.100a. If you have any questions regarding the applicability of this action to a particular entity, contact the person listed in the preceding **FOR FURTHER INFORMATION CONTACT** section.

Public Hearing. Persons interested in presenting oral testimony or inquiring as to whether a hearing is to be held should contact Ms. Virginia Hunt, U.S. EPA, Office of Air Quality Planning and Standards, Sector Policies and Programs Division, Refining and Chemicals Group (E143-01), Research Triangle Park, NC 27711; telephone number: (919) 541-0832, email address: hunt.virginia@epa.gov, at least 2 days in advance of the potential date of the public hearing. If a public hearing is held, it will be held at 10 a.m. at EPA's Campus located at 109 T.W. Alexander Drive in Research Triangle Park, NC, or an alternate site nearby. If no one contacts EPA requesting to speak at a public hearing concerning this rule by December 24, 2013 this hearing will be cancelled without further notice.

III. Statutory and Executive Orders

For a complete discussion of all of the administrative requirements applicable to this action, see the direct final rule in the "Rules and Regulations" section of this **Federal Register**.

1. In this document, the Wireline Competition Bureau (Bureau) seeks to further develop the record on several implementation issues regarding the transition from Connect America Phase I to Phase II.

2. **Timing of Phase II Support Disbursements.** In the *USF/ICC Transformation Order*, 76 FR 73830, November 29, 2011, the Commission specified that price cap carriers electing to make a state-level commitment would receive five years of model-based support, and it established a process for transitioning support from Connect America Fund Phase I to Phase II in states where model-based support is greater than frozen support. Specifically, for a carrier accepting the state-wide commitment pursuant to Connect America Fund Phase II, "in the first year, the carrier will receive one-half the full amount the carrier will receive under CAF Phase II and one-half the amount the carrier received under CAF Phase I for the previous year (which would be the frozen amount if the carrier declines Phase I or the frozen amount plus the incremental amount if the carrier accepts Phase I); in the second year, each carrier accepting the state-wide commitment will receive the full CAF Phase II amount."

3. Several price cap carriers have raised questions regarding how to calculate the five-year funding period in light of the language in paragraph 180 of the *USF/ICC Transformation Order*. We now seek to more fully develop the record on this issue. The Bureau seeks comment on several alternatives. First, the price cap carrier could receive the remaining half of one year of annual support as a lump sum on the date that is five years after the date of the initial election. Second, the remaining half could be distributed pro-rata on a monthly basis over the third through fifth years. Third, the remaining half year could be provided as a lump sum
