BILLING CODE 4830-01-P

LIBRARY OF CONGRESS

Copyright Office

37 CFR Part 201

[Docket No. 2012-5]

Verification of Statements of Account Submitted by Cable Operators and Satellite Carriers

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Interim rule.

SUMMARY: The U.S. Copyright Office is adopting an interim regulation that implements certain aspects of the Satellite Television Extension and Localism Act of 2010 (“STELA”). Cable operators and satellite carriers must file statements of account (“SOAs”) and deposit royalty fees with the Office in order to use the statutory licenses that allow for the retransmission of over-the-air broadcast signals. The Office published two notices of proposed rulemaking concerning a new process to allow copyright owners to audit the SOAs and associated royalty payments. The Office received extensive comments on its proposed audit procedures and is carefully reviewing these comments to address them as appropriate in a final rule. In the meantime, the Office is issuing an interim rule to establish the procedure for filing a notice of intent to audit one or more SOAs.

DATES: *Effective Date:* December 26, 2013.

FOR FURTHER INFORMATION CONTACT:

Jacqueline C. Charlesworth, General Counsel, or Erik Bertin, Attorney Advisor, U.S. Copyright Office, P.O. Box 70400, Washington, DC 20024-0400. *Telephone:* (202) 707-8380. *Telefax:* (202) 707-8366.

SUPPLEMENTARY INFORMATION: STELA amended the Copyright Act by directing the Register of Copyrights to issue regulations to allow copyright owners to audit the SOAs and royalty fees that cable operators and satellite carriers file with the Office. *See* 17 U.S.C. 111(d)(6), 119(b)(2). On June 14, 2012, the Office published a notice of proposed rulemaking that set forth an initial proposal for this procedure. *See* 77 FR 35643. The Office received extensive comments from groups representing copyright owners, cable operators, and individual companies that use the statutory licenses. The parties offered conflicting points of view on nearly every aspect of the proposal, including the procedures for selecting an auditor, for protecting the confidentiality of the licensee’s records, for correcting the

errors and underpayments identified in the auditor’s report, and for allocating the cost of the audit procedure between the copyright owners and the licensee.

The Office carefully studied these comments and revised its proposal based on the suggestions that it received. The revised proposal was published for comment on May 9, 2013. *See* 78 FR 27137. The Office received comments from a wide range of stakeholders, and once again, the parties raised a number of complex issues, such as the records retention requirement and the procedure for expanding or suspending the scope of the audit.

The Office is carefully reviewing these comments and intends to issue a final rule that strikes an appropriate balance between the interests of the copyright owners and the cable and satellite licensees in the audit process. In the meantime, the Office is issuing an interim rule that addresses a procedural issue—the provision of notice of an intent to audit—that was not contested by the parties.

The Office’s initial proposal explained that a copyright owner may initiate an audit by filing a notice with the Office. It explained that the notice should identify the SOAs to be included in the audit and the licensee that filed those SOAs. In addition, the notice should provide contact information for the copyright owner, along with a brief statement establishing that the copyright owner owns at least one work that was included in a secondary transmission made by that licensee during the accounting period or periods subject to audit. The proposed regulation further provided that a notice of intent to audit a particular SOA should be submitted within three years after the last day of the year in which that SOA was filed. It also explained that the copyright owner should provide a copy of the notice to the licensee on the same date that the notice is filed with the Office. It stated that the Office would publish this notice in the **Federal Register**. Within 30 days thereafter, any other copyright owner that wished to participate in the audit would be required to notify both the copyright owner that filed the notice and the licensee to be subject to the audit. Copyright owners that failed to comply with this requirement would not be permitted to participate in the audit process and would not be permitted to audit the same SOAs in a subsequent proceeding.

All of the parties agreed with this proposal. A group representing the copyright owners offered a minor suggestion for clarifying one aspect of this procedure, namely, that a group
