Information Collection Request Title: State Medicaid Fraud Control Units' Reports.

OMB No.: 0990-0162.

Abstract: Office of Inspector General (OIG) is requesting an extension by Office of Management and Budget (OMB) approval for the collection of information to comply with the requirements in Title 19 of the Social Security Act at 1903(q), 42 CFR 1007.15, and 42 CFR § 1007.17, in accordance with the Paperwork Reduction Act. The information collected consists of fifty separate annual reports and fifty separate application requests for certification/recertification of State Medicaid Fraud Control Units (MFCU). The collection is required by the statute and submitted yearly to OIG by the fifty MFCUs. OIG uses the information collected to determine the MFCUs' compliance with Federal requirements and eligibility for continued Federal financial participation (FFP) under the Federal MFCU grant program.

Need and Proposed Use of the Information: Public Law 95-142, the Medicare-Medicaid Anti-Fraud and Abuse Amendments, was enacted in 1977 to strengthen the capabilities of Federal and State governments to combat and eliminate fraud and abuse

in Medicaid, through the establishment of the MFCUs. This law amended section 1903 of the Social Security Act to establish operating requirements for MFCUs and provide FFP to State governments for the cost of establishing MFCUs, training State personnel, and keeping the MFCUs operational.

Under section 1903(q)(7), each MFCU must annually submit to the Secretary of Health and Human Services (Secretary) an application and annual report containing information that the Secretary determines is necessary to certify the MFCU as meeting the requirements for FFP. FFP is available only for activities directly related to the investigation and prosecution of health

care providers suspected of committing Medicaid fraud. The MFCUs also review complaints of alleged abuse or neglect of patients and the misuse of patients' personal funds in health care facilities. OIG reviews the information collected to ensure that Federal matching funds are expended by MFCUs only for allowable costs. In addition, OIG analyzes each MFCU's submission to determine whether there is a need for OIG technical assistance and to establish priorities for onsite reviews to further monitor program activities.

Likely Respondents: 50.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain,

disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Respondent	Form	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
MFCU	Annual Report	50	1	88	4,400
MFCU, estimating a "medium" ¹ level of State participation in data mining activities.	Annual Report, data mining reporting only.	13	1	1	13
MFCU	Recertification Application	50	1	5	250
Total	50	2	94	4,663

¹ For medium participation, we estimate 25 percent of the 50 MFCUs participating, or 13 Units.

Darius Taylor,

Deputy, Information Collection Clearance Officer.
