Background

The conference was held in Washington, DC, on November 12, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on December 13, 2013. The views of the Commission are contained in USITC Publication 4444 (December 2013), entitled *1,1,1,2-Tetrafluoroethane from China, Investigation Nos. 701-TA-509 and 731-TA-1244 (Preliminary)*.

Notice of Lodging of Proposed Consent Decree under the Clean Water Act

On December 19, 2013, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Connecticut in the lawsuit entitled *United States v. City of West Haven, Connecticut*, Civil Action No. 3:13-cv-01883-JCH.

In the Complaint the United States, on behalf of the U.S. Environmental Protection Agency (EPA), alleges that the defendant City of West Haven ("West Haven") violated the Clean Water Act ("CWA"), 33 U.S.C. 1251, et seq., and applicable regulations relating to West Haven's unauthorized discharges from the waste water collection system owned and operated by the City. Specifically, the United States alleges that on numerous occasions between January 1, 2007, and December 31, 2011, the collection system experienced sanitary sewer overflows ("SSOs"), resulting in the discharge of untreated municipal wastewater containing pollutants from unpermitted point sources to waters of the United States. The Consent Decree requires West Haven to pay a civil penalty of \$125,000 in three installments, with interest, divided between the United States and the State of Connecticut, and to undertake various measures to study and correct the problems causing the SSOs in order to achieve compliance with the CWA and applicable regulations.
