The link will become active shortly before the open session begins at 9 a.m.

Agenda: On February 3 and 4, 2014, the committee will meet to discuss methods for identifying the impact and increasing the reach of communications on topics of interest to consumers. The discussion will also address how FDA can evaluate whether its "Consumer Updates" (<http://www.fda.gov/ForConsumers/ConsumerUpdates/default.htm>) are reaching the targeted population, and whether they are increasing awareness and understanding of the key risk messages. The discussion will also assess whether the communications are having the intended impact on knowledge, behaviors, or outcomes.

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee meeting link.

17, 2014. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by January 21, 2014.

Persons attending FDA's advisory committee meetings are advised that the Agency is not responsible for providing access to electrical outlets.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs.
