SUPPLEMENTARY INFORMATION:

Title 44 CFR, Part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Government establishes uniform administrative rules for Federal grants and cooperative agreements and sub-awards to State, local and Indian tribal governments. FEMA, in coordination with the Department of Homeland Security (DHS), has determined that in order to have consistent implementation of FEMA grant administration policies and to minimize the administrative disruption for State and local partners, it is necessary to standardize FEMA grant administration forms used in FEMA grant programs. FEMA in close consultation with DHS Grants Policy and Oversight office will maintain its current grant forms. The forms are designed to collect information of an administrative or financial nature. Other supplementary grant program information used to determine issues related to eligibility and program management are collected separately with an approved OMB clearance.

OMB Circular A-133 requires recipients that expend a specified amount in a year in Federal funds must have an independent auditor perform a single or program-specific audit for that year. Executive Order 12372 established that States which have established a review and comment procedure be given opportunity to evaluate all applications submitted.

The American Recovery and Reinvestment Act of 2009, Public Law 111-5, was created to promote financial stimulus throughout the United States. Opportunities include funding for port security and bus and rail projects. Funds from this Act can be in the form of grant opportunities or outright purchases, depending upon the program and the funding allocation.
